TO FORTIFY AGAIN

Japan Has Men and Materials All Ready.

MAKE PORT ARTHUR STRONGER

Army of Laborers and Vast Supplies of Cement and Timber Gathered Before City Had Surrendered

CHEFOO, Jan. 5.—General Nogi is prepared, through agents who have been recruiting for months, to put a horde of Chinese coolies at work in the re-fortifying of Port Arthur immediately that the Russians are disposed of. Quantities of cement and timber are ready on the Yalu River for this purpose, while steel plates and other manufactured necessities are ready in Japan for transportation to the fortress.

WORN BY GRIEF AND LABOR

Nogi Has Lost Two Sons and Is Haggard Old Man.

NEW YORK, Jan. 5.—General Nogi is visibly affected by the tremendous sacrifice of Japanese lives in the success of his plan, according to a dispatch from a correspondent with the third army, says a World dispatch from London. His weary outward appearance has changed. He has grown careless in dress, and strangers often find it difficult to pick out the aged, haggard man as the man who refers to himself as the present hero of Port Arthur and emphasizes that surrender leaves his fame unimpaired.

CAN'T CARE FOR SICK.

Number Far Exceeds Capacity of Hospitals in Chinese Cities.

CHEFOO, Jan. 5 (10:20 P. M.).—Symptoms for the sick and wounded Russians at Port Arthur is widespread, but an idea to care for them at Chefoo, Tientsin, Shanghai, Wei Hai Wei and Tsingtau has led to an inquiry which developed the fact that the combined facilities of the places named are equal to harboring only a very small percentage of them. Some time ago Russian residents of Chefoo collected a fund in case of this emergency, but at a meeting today of the British and Japanese Consuls and the local health officer the fact was developed that the present conditions at Chefoo are equal to caring for only 60. The conditions at Shanghai and Tientsin are proportionately inadequate.

TO RECEIVE NON-COMBATANTS

Chefoo Prepares for Them—Japan Refuses Foreign Aid.

CHEFOO, Jan. 5.—(Midnight.)—Japanese Consul Mizunuma tonight notified Russian Consul Tiedemann that the first portion of the 1000 Russian non-combatants at Port Arthur who are to come to Chefoo will arrive Friday. It will be some time before only 2000 thousands reach here, owing to the shortage of transportation facilities.

TOWN IS LITTLE DAMAGED.

Port Arthur Shows Few Signs of Its Terrible Experience.

LONDON, Jan. 5.—Special dispatches from Tokyo say that the Port Arthur garrison was marshaled at 9 o'clock Thursday morning at Inabushi, in accordance with the terms of the supplementary agreement.

MAY SAVE SOME WARSHIPS.

Japanese Hope Damage May Be Repaired—Care of the Sick.

TOKIO, Jan. 5.—The Japanese naval officers have not examined the sunken Russian warships at Port Arthur, and therefore nothing is known of their condition and possible availability for further service. It is expected that careful examination of the vessels will be made at the earliest possible moment. The Japanese are keenly anxious to know the condition of the sunken ships, and it is believed some of them are salvageable.

Russia Satisfied With Terms.

ST. PETERSBURG, Jan. 5.—Some disappointment is expressed here at the fact that the entire Port Arthur garrison was not allowed to march out with military honors and the non-combatants, officers and privates as well as the officers return home on parole. Still the material difficulties are appreciated and the whole terms of surrender are considered to be fair.

ABOUT 48,000 PRISONERS.

Nogi Finds Far More Soldiers Than He Had Expected.

TOKIO, Jan. 5.—A report from General Nogi's headquarters which was received today, largely increases the figures of the surrendered garrison and intimates that the force handed over to the Japanese at Port Arthur is 48,000. The report is as follows:

As previously reported, the transfer of the objects mentioned in article two of the capitulation compact, took place on January 4, and the transfer of the forts and batteries has been completed. The prisoners will be assembled at the place appointed on January 5, but the investigation relating to these prisoners is so complicated that the result cannot be reported at once.

STOESSEL AND NOGI MEET.

Conference in Suburbs of Captured City Lasts for Hours.

HEADQUARTERS THIRD JAPANESE ARMY, Jan. 5.—A meeting between General Stoessel and General Nogi took place today at Shushi village. The hour fixed for the meeting was noon, but owing to a misunderstanding General Stoessel arrived at 10:20 o'clock, and was received by a Lieutenant. General Stoessel remained at Shushi until 11 o'clock, when General Nogi arrived with his staff.

TO CLEAR HIM OF LAWLESSNESS.

CHICAGO, Jan. 5.—The Record-Herald will say tomorrow: President E. P. Ripley, of the Santa Fe road, today telegraphed to the Interstate Commerce Commission asking for a rehearing in the now famous Colorado Fuel & Iron Company case.

HER PRIVILEGES CUT OFF

NO VISITORS ARE ALLOWED TO SEE MRS. CHADWICK.

Quarrel Between County and Federal Officials Ends in Edict—Trunk and Satchel Prove Gold Bricks.

CLEVELAND, Jan. 5.—As the result of a clash between the Federal and county authorities that has been on since Mrs. Cassie L. Chadwick arrived in this city from New York, as to who had jurisdiction over the prisoner's care while she is in the County Jail, the Federal authorities tonight definitely stated that they would assume such control in full authority.

Don't Like to Fight Chinese.

ST. PETERSBURG, Jan. 5.—A dispatch from Peking says that the Russian Minister there has strongly protested against the participation of Chinese soldiers in the fight at Ta pass and against the Japanese use of the Maotsu Islands as a naval base.

SKRYDLOFF GETS A NEW OFFICE.

ST. PETERSBURG, Jan. 5.—An imperial decree appoints Admiral Skrydloff a member of the Council of Admirals.

FIRE CHIEF MAKES REPORT

In December the Department Answered Forty-Five Alarms.

The Fire Department committee of the Executive Board held its meeting yesterday afternoon, in the executive chambers at the City Hall, and devoted much time to the consideration of the annual inventory of the department equipment, showing the respective equipment of each company.

GOING THE FAST PACE.

Reckless driving will be the charge placed against the owners of automobile 198, if the police press a case against them. At midnight last night as the city's dump-carts and the gang of workmen were on the Burnside bridge, the automobile, driven at a furious pace, ran into one of the carts. The driver was backed off and started ahead at a rapid pace, before his identity could be leaped. The number of the machine was seen, however.

CHILE HOSPITABLE TO AMERICAN TARS.

NEW YORK, Jan. 5.—Rear-Admiral Goodrich has just sailed with his squadron from Valparaiso de Chile. In a statement, cabled the correspondent there of the Herald, to the effect that he and his comrades were bewildered at the charming hospitality they have received in Chile. He will inform his Government of the number and variety of demonstrations of cordiality.

NIEDRINGHAUS TO BE SENATOR.

JEFFERSON CITY, Mo., Jan. 5.—Thomas K. Niedringhaus, chairman of the Republican State Central Committee, tonight was nominated by the caucus of Republican Legislators for United States Senator to succeed Francis M. Cockrell. The nomination insures his election.

WHITTIER'S ONLY LOVE.

She Was Maud Muller's Original, Dr. Conwell Says.

Philadelphia Record.

An interesting story touching on a romance in the life of the poet Whittier was related yesterday morning by Rev. Russell H. Conwell in his sermon at the Baptist Temple. Dr. Conwell, in earlier days, was Whittier's minister, and was interested to know why the poet never married. The story of how he sounded Whittier on the delicate subject and how the poet partly confirmed the rumor that in "Maud Muller" he had written his own experience was told by Dr. Conwell as follows:

The past week out in Iowa, they told me they were sure that they never shared the first love of our famous American poet, John Greenleaf Whittier. It awakened a peculiar interest in me because I knew and the good old poet Whittier and loved him. His home was a dear place to me, and I have often asked the old man, sometimes banteringly and sometimes seriously, in New York knowing why he had never married. And I have studied his poetry to find out and once said to him: "Mr. Whittier, I have gotten your secret." And he said: "Think there has not. I think there has not. But I said: 'Yes, I have. It is in 'Maud Muller.'" I said: "Is it not your experience when you say:

God pity them both—God pity us all,
Who vainly the dream of youth recall,
Oh, well for us all some sweet hope lies
Beyond them, and in the breast of angels may
Roll the stone from its grave away.
And the old man smiled, but unwillingly.

BUT IT DOESN'T

Many Have the Erroneous Idea That Fat Makes Fat.

Fat taken into the stomach does not necessarily make fat.

Thousands of physicians have prescribed cod liver oil for wasting diseases. They know that the fat or oil is not what is necessary to make fat or build tissue. They also know that the oil or fatty part of cod liver oil is very objectionable, it being too rich to be digested by a stomach weakened by disease.

It never was the oil of cod liver oil that created flesh, but the medicinal properties contained therein—the oil has always been a hindrance. These medicinal elements of the cod's liver have for years been known to act favorably upon the stomach, provided the stomach could stand the greasy oil.

They create an appetite for good, wholesome food, and cause the proper assimilation of the body-building properties of every-day food, so that strength, flesh and general health are built up by natural means.

REAR-END COLLISION.

A rear-end collision occurred late Wednesday night between the Twenty-fifth Century Limited and the Chicago and Eastern Shore special, on the Lake Shore Road, near Angola, N. Y., as a result of which eight passengers were injured, but none fatally. A blinding snow storm prevented one engineer from seeing the block signal.

At Underwood, W. Va., an attempt was made yesterday to wreck the fast New York and Chicago Express on the Baltimore & Ohio Railroad. A heavy iron bar was driven in the switch. Had the train crashed through at the regular rate of speed it would have rolled over the mountain side. There were more than 200 people on the train.

While on the way to a Pasteur institute in Brooklyn, accompanied by a physician, Henry Lenahan, of Wilkes-Barre, Pa., said to be a well-known attorney, died in great agony from hydrophobia. According to the physician, the moment Lenahan heard the swishing of the waves against the ferry-boat in the river, he went into a spasm and died soon after.

NO LIQUOR ON IRRIGATION CANALS.

RENO, Nev., Jan. 5.—Members of the General Assembly of this state have re-

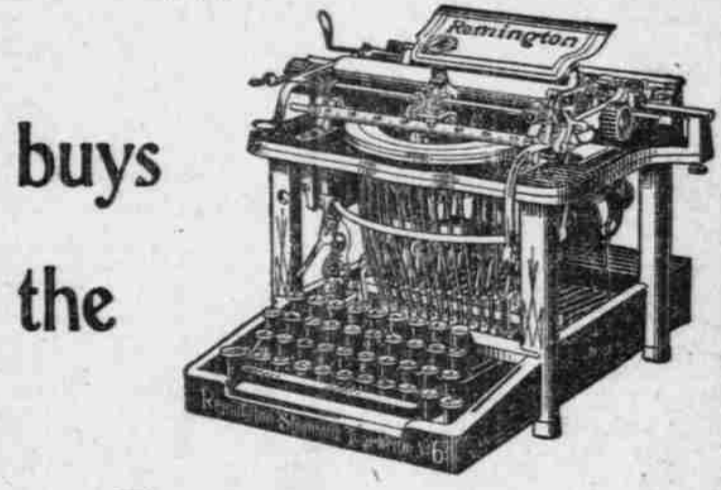

TO TRAIN WOMEN FOR WORK.

DENVER, Jan. 5.—Announcement of the appointment of Miss Mary Abbott, of Watertown, Conn., as chairman of the educational committee of the General Federation of Women's Clubs, has been made by Mrs. Sarah Platt Decker, president of the Federal convention. This appointment is one of the most important yet made by Mrs. Decker. Other members of the committee will be deans and presidents of prominent colleges.
