As in the case of the Olympia, oats will probably make up the freight.

The China liner Aragonia began discharging her inward cargo at Montgomery dock No. 1 yesterday morning.

The steamer Olympia, which cleared from here Saturday night for Moji, for orders, but which is supposed to be going to Vladivostok, is at Astoria and will cross out today.

The threatened war among the steamers plying between this and Portland is now being patched up.

The battleship Ohio has gone on a cruise that will probably keep her at sea for about two weeks.

The North German Lloyd steamer Hohenzollern, from Naples, ran ashore at the mouth of this harbor this morning.

The schooner Eldorado will finish loading lumber for Shanghai this morning.

The steamer Aurelia will sail for San Francisco today with 230,000 feet of lumber.

The steamer Whittier sailed from San Francisco yesterday with bulk oil for the Union Oil Company.

The steamer Roanoke arrived up last night and docked at Greenview.

The only place in the United States that guarantees freedom from strikes, lockouts and labor warfare is Battle Creek, Mich.

The work people, merchants, lawyers, doctors and other citizens became aroused and indignant at the efforts of the labor unions throughout the country to destroy the business of the Postum Cereal Co., Ltd., and at the open threats in the official union papers that the entire power of the National and State Federations of Labor was being brought to bear to "punish" the industries of Battle Creek, and particularly the Postum Co.

This sprung from the refusal of C. W. Post to obey the "orders" of the unions to take the Postum advertising away from various papers that refused to purchase labor of the labor trust—the unions.

Mr. Post was ordered to join the unions in their conspiracy to "ruin" and "put out of business" these publishers who had worked faithfully for him for years, and helped build up his business. They had done no wrong, but had found it inconvenient and against their best judgment to buy labor of the labor trust.

Upon a firm refusal by Mr. Post to join this criminal conspiracy a general assembly was ordered for the purpose of organizing the country, which set the good red blood of our ancestors in motion, bringing forth the reply that has now passed into history: "We refuse to join a conspiracy to ruin and put out of business the publishers, nor will we discharge any of our trusted employees upon the orders of any labor union. If they can make their boycott effective, we will give up the business."

The result was to weld public sentiment in Battle Creek for protection. A citizens' association was started and mass meetings held. Good citizens who happened to be members of local unions, in some cases quit the unions entirely for the sake of their own consciences.

The working people of Battle Creek are of the highest order of American mechanics. The majority are not union members, for practically all the wages paid elsewhere for like service, under similar conditions, the rate to be determined from time to time from well authenticated reports from competing cities.

The subject grew in importance until it has reached a place where absolute protection can be guaranteed by the citizens of Battle Creek on the following conditions: To support all such persons in their efforts to resist compulsory methods on the part of any organized body whatsoever.

This constitution has been signed by the great majority of representative citizens including our workpeople.

A number of manufacturers from other cities, where they have been suffering all sorts of indignities, inconvenience and losses from the general hell of labor union strikes, picketing, assaults and other interference, proposed to move, providing they could be guaranteed protection.

where she will complete her cargo and sail for San Francisco this evening.

The schooner Andy Mahony, with 100,000 feet and 1200 tons of lumber, has cleared for San Francisco.

The bar dredge Chinkook, which will be repaired by the Hixson Iron Works, of San Francisco, will start down the river on an ordinary in the case.

The Marthe Roux will start discharging the last of her coal at the gas dock today, after which she will take ballast for her trip to Australia.

The steamer Bailey Gatzert will be moved down to the Williams Boiler Works in a day or two, where her smokestack will be removed with the shears, after which her old boiler will be taken out and the new one installed.

barroom or drink shop, or in any room or building connected by door, window, opening or other means of egress and ingress to any saloon, barroom or drink shop.

"This law is a good one and will have to be enforced," said Judge Hogue. "It will have the effect of breaking up notorious saloons and will take away the pleasure of eliminating a part of the vice in the city."

Under this ordinance the resorts conducted by Blaiser, Fritz and Erickson, the Banquet Hall, nearly every saloon in the North End and the South End has women in rear rooms directly connected with the barroom, and these women sing and commit other acts contrary to an ordinance in the case.

As soon as he made the discovery Judge Hogue sent word to Chief of Police Hunt, calling his attention to the law, and also called together Deputy City Attorney Fitzgerald. There were in court yesterday five women charged with vagrancy, who came under the section mentioned, but Judge Hogue let them all off with small fines. Now that the fact concerning the section of the ordinance is made public, the Judge will give the limit of the law to all resorts disobeying the ordinance.

"The law should be enforced," said Attorney Fitzgerald, "and I will willingly prosecute cases where this ordinance has been disobeyed."

Judge Hogue was also notified yesterday morning that there were performing on the stage of the Orpheum Theater several girls under age, some as young as 14 years. He called the attention of Detective Fitzgerald, who took care of the work of the Boys' and Girls' Aid Society, to the fact and requested Officer Hawley to communicate with the chief of Police and report that something was being done about the matter. Detective Hawley informed the Judge that the matter was called to the attention of the police a short time ago, that he was ordered to report to Superintendent Erickson, chief of the Boys' and Girls' Aid Society, that he did so and for some reason the matter was dropped. Judge Hogue will see that a full investigation is made.

There may be differences of opinion regarding some subjects in sections of the country remote from each other, but there is none respecting the best remedy for piles as witness the letters below.

"I have been feeling so good I could hardly believe it, after suffering with piles for a year, to find that I am once more feeling like myself. I wish you could have seen me before I started using Pyramid Pile Cure, and look at me now, and you would say I am not the same man. I have gained 20 pounds, and all on account of Pyramid Pile Cure." Walter Sharkley, 50 Park Street, Springfield, Mass.

"I bought a 50-cent box of Pyramid Pile Cure and used it with the most unexpected results. A complete cure has been obtained. I have been troubled with piles for 30 years, and was in much distress and passed much blood, but at present am free from any kind of piles." F. McKay, Weaverville, Cal.

"Pyramid Pile Cure has been worth thousands of dollars to me; it cured me after using numbers of other remedies and taking medicines from doctors. It also cured my son, although he could hardly walk, eat or sleep; he is now all right." H. Stringfield, Postmaster, Elko, S. C.

One thousand dollars is offered by the Pyramid Drug Co., Marshall, Mich., to any one who will show the above testimonial to be not genuine. A complete cure of Pyramid Pile Cure is sold by druggists for 50 cents a package, and every sufferer should buy a package and try it tonight, being careful to accept no substitutes, and bearing in mind the fact that there is nothing else "just as good."
