Measures Are Under Way Which May Give Two Attractive Additions to the City's New Parking System.

Between 40 and 45 acres of ground now being used as the Lewis and Clark Pair grounds, and Hawthorne Park, may become a part of the city parking system. The project of buying a part of the pres-ent Lewis and Clark site for the purpose converting it into a permanent park has been under discussion for some time, and, with a view of making the scheme something more than talk, a committee from the Taxpayers' League, consisting of J. Couch Finaders, Robert Livingstone and Paul Wessinger, was appointed to take up the matter of buying the prop-crity. A like committee was named by the Lewis and Clark Commission, consisting of W.D. Frentee and Rufer, C. Malierer has been under discussion for some time, Lewis and Clark Commission, consusting of W. D. Fenton and Rufus C. Mallory. The committee at once secured a list of the property-owners who own lots emthe property-owners who own lots em-braced in the 42 acres which they had selected on the Lewis and Clark Pair grounds. They also ascertained how much it would cost to buy this property and the Hawthorne Park, and they have figured it would not cost more than \$325,000. This committee, when they had all of the data ready, yesterday ap-peared before the Lewis and Clark com-mittee-Mayor George H. Williams and H. W. Scott. The proposed purchase was thoroughly discussed, and met with the incroughly discussed, and met with the unanimous approval of both the commit-tees, Mayor Williams and Mr. Scott. The plan is to have the Legislature pass a bill authorizing the city to purchase the tract of land in question, with the right of condemnation, and to pay \$325,090, or any part thereof, for the property.

Meets Public Approval.

The purposed plan of adding these two parks to the city's parking system has met with universal approval by the prop-erty-owners and taxpayers of Portland. Beyond the payment for the actual ground beyond the payment for the actual ground the dity would not have to spend any money in improvements for the next 25 or 30 years. The 42 acres selected by these committees makes an ideal park. If it is bought the city will have a park in its possession that has cost many thousands of dollars to improve. The Expedition has presension that has cost many thousands of dollars to improve. The Exposition has iandacaped the ground, there is a perfect sewer system installed, water mains have been laid, and, best of all, two of the great buildings that are now on the grounds will be allowed to stand. These buildings alone are estimated to be worth at least \$16,000. They have been con-structed with a view to permanency, and would serve as a lasting memorial to the spot made famous by the Lewis and Clark Fair.

is bound to become one of Portland's famous places to take visitors. The Linnton road lies just beyond the pur-posed park. With but very little ex-posed this thoroughfare can be im-proved and in a short time made into a speedway. Those who wish to drive can reach the park by passing through Portland's beautiful residence district.

mittee of the executive board. In addi-tion to the three big bands already en-gaged-innis", Liberall's and Ellery's-it has been decided to engage a band of 47 picces or more under the leadership of Charles Dierke, of this city, to play an engagement of four weeks at the Ex-position from July 37 to August 28. Ne-gotiations are pending for the appearance here of the famous United States Marine Band, of Washington, D. C.; the official Mexican Government Band, of Mexico City, Mexico, and a band from Honolula, Hawail. A large number of young men and two young women then volunteered to go upon the stage as subjects and the rest of the evening was devoted to putting these subjects through a series of antics which were both amazing and funny. Professor Nye is a hypotist of unusual ability and succeeded in every test at-tempted. He has in the past devoted his attention to hypotism as a means of alleviating physical suffering and for the cure of a variety of allments. His ambition is to be known as a practicing specialist rather than an exhibition oper-ator. In the latter capacity he is very successful, however, and it is understood Hewall. Three official or administration bands are to be engaged, under the leadership of Charles L. Brown, of Portland; Alberico De Caprio, of Portland; Wallis McElroy, of Salem. The three days' festival of vocal chorus he contemplates making a tour. The performance will be repeated this aftermusic will be given at the Music Hall, Exposition grounds, under the direction of William H. Boyer, of this city. It is expected that contracts will be signed be-AT THE THEATERS tween representatives of these musical organizations and the Lewis and Clark Corporation in the course of a few days. What the Press Agents Say. Duties of Official Bands. The duties of the three official bands will principally be to take turns in es-"THE WIFE" AT THE COLUMBIA corting Governors of states, state delega-tions and distinguished personages from the Union Terminal Depot to their ho-tels and subsequently to the Exposition Edgar Baume's Two Farewell Per-Two performances today, matinee and grounds; to play at receptions and ban-quets and to furnish part of the orchestral accompaniment for oratorios at the music festival. Charles L. Brown is well known evening, offer the last opportunity to see the popular, all-the-rage comedy-drama, "The Wife," and Edgar Baume, the departing Columbia favorite. It is as the leader of Brown's Park Band that for two seasons has given Summer con-certs in the different parks of this city. small wonder therefore that genial Lee Pearl is working under high pressure in the boxoffice to meet the heavy demand made upon him for seats for the dual Signor A. De Caprio was born near Na-ples, Italy, and came to Portland in 1893 as nolo trombone player with Liberati's Band. Four years ago he made his home in this city, and conducted De Caprio's Dead intermediate operation of the second

They Do Not Go With a Civilized Community.

EUGENE. Or., Jan. 17 - The the Editor.) -I will try and give my viewe of the Game Warden in Lane County. He recommends the Legislature to kill all hounds running deer. I would like to ask the gen-lleman which is best for the country, a

Tuining deer. I would not to any the gra-tisman which is best for the country, a good hound or a Game Warden. I say at once the bound; and if there is any killing to be done, do not kill there is any killing to be done, do not kill the best. If I were to take my choice of raising a house that would trot in 2:05 or a hound that would catch a wolf and kill it, I think I would raise him cheaper. I have never tried the horse, but I have the dog. Tou had just as well say to the police force in Portland that if any man is seen, driving or riding faster than was allowed aboot his horse from under him. What would this lead to? You would not watch your horse breathe his last, but you would look for the man that shot him and you would take the next shot. We can not live in this country without hounds to protect our sheep and goats. This is our main industry. With bounties on panther of 520, withen \$20 and wolf \$20 it is fille, the old woman who wanted har son to learn to swim, but he must keep out of the water. We do not need any bounty. If there were no deer we would not have any panther. It would be more like it to give water. We do not need any bounty. If there were no diser we would not have any panther. It would be more like it to give the money to the man that had a bound that could catch a wolf and kill it in an hour's time. Civilization and deer do not go together. If you want to have deer, do you go where there are good achools, churches and civilization. To be sure, you do not. The mooner we can get rid of the user in the Willamette Valley the better for storkmen. Talk about hounding deer-no man wants hounds to hund deer. Tou can take a shepherd or hird dog and jump a donen while the bounds are cold trailing. If you want to manghter deer-which I hop-you do-leave your hounds at home and take rour dog that can not cold trail. J. WINN. Band, that gave Summer concerts at the Hotel Portland and elsewhere. He was also for a short time orchestra leader at
