

tendency was quite clearly toward recovery. The actilement of the threatoned Pennag The settlement of the intrestored Pennsyl-vania strike and the resumption of operations in the Fall River centon mills contributed cheering infusaces. The iocal traction stocks, in their advance in sympathy with the rise of Interborough Hapid Transit on the curb to a new sigh record, helped to insugarate the raily, and Consolidated Gas joined the strong on the strength of its annual report. The stct of the imprecedented lean expa at week by the banks was partly may by attributing it largely to the recedented loan expansion away by sitributing it largely to the t i loans from the trust companies, ac is the usual course when money rates to cheap as to be unnitracily to then

Railroad reports confirmed last work's in Hairoad reports contribut that weak a in-pression of a just in the fraight movement, both East and West, and a decided easing in the car supply. The lower level of railroad earnings disclosed by the reports for the sec-ond wesk in January is thus made likely to be carried over into the third werk returns. On the other hand, the open weather conditions are for the benefit of oversiting capaness and for the benefit of operating expenses a conservation of net earnings. The selling in the last ten minutes

to dread of unfavorable developments eve in the structure of the solution incomes upon the ernoon recovering. The closing was weak upda were irregular. Tatal sales, 24,040, . United States bonds were all unchanged in eall
