

J. G. Mack & Co. 86-88 THIRD STREET

The three prime requirements of the woman who buys Carpets—the three elemental needs—are: First, Style; second, Durability; third, Price.

STYLE We scour the markets for the latest effects in coloring and design; we visit the decorative centers of the East; our Carpets are correct, they have the indefinable, easily recognized quality—style.

DURABILITY In our stock you will find only the standard makes of Carpets. No experiments, no doubtful weaves are admitted.

PRICE We are in the last week of our January Clearance Sale. All prices are deeply cut. We ask only a few minutes of your time to convince you.

BUILD TO COLUMBIA

ELECTRIC CARS MAY RUN FROM CEDARVILLE TO WASHINGTON.

Right of Way Has Been Secured by O. W. P. Company—River to Be Crossed by Ferry.

Right of way has been secured for an extension of the Oregon Water Power & Railway Company from Cedarville, two miles west of Gresham, to the Columbia River opposite Washington, through Fairview and Troutdale. A. L. Stone, of the Fairview City Improvement Club, gives this information, and further says assurances are given that the company will build this season. This route was selected because of the easy grades between the main line of the company to Estacada, and it seems that little difficulty was met with in securing the right of way. There is a natural gap between Cedarville and Fairview.

This means when the branch is built that a ferry will be put on the Columbia River, connecting with Washington on the Washington side, and tapping a large country. When Mr. Morris, of the O. W. P. & R. Co., drove over the route to Troutdale he then said he would put on a ferry across the Columbia River, if the road were built. It has been the constant aim of the Civic Improvement Club of Fairview to point out the great advantage of securing the traffic of the well-settled district surrounding Washington. Gresham people were also anxious that this branch line should start from that thriving town, but the grades of the Cedarville route won. When this line is built it will still leave the field between Fairview and Montaville and between Fairview and Woodlawn yet to be built into. Mr. Stone says of this: "I do not know what will be done from Montaville east, but I am quite sure that the Portland Consolidated will build soon."

Donald McLean Brown.

SEATTLE, Wash., Jan. 22.—Donald McLean Brown, president of the Seattle Bridge Company, died suddenly yesterday at the home of his brother, after an illness of but a few days, the result of a general breakdown from overwork. He had lived in Seattle since 1877, and was widely known in the Northwest as a builder of docks and bridges. A widow and one child survive him.

All forms of scurvy, salt rheum and eczema are cured by Hood's Karsaparilla, the blood purifier.
