Legislators Want to Vote for a Man Who Can Win.

WILSON IS PLANNING A RAID

Expected to Descend on Camp of the Senatorial Aspirant From Tacoma in a Desperate Effort to Show His Strength to Seattle.

OLYMPIA, Wash., Jan. 25.—(Staff Correspondence.)—The Poster strength climbed up to high-water mark in the voting today and on the second of the two ballots taken was within three two ballots taken was within three twose of the 50 which was so confidently promised by his supporters before the first ballot was taken. The opponents of the Tacoma Senator state that the of the Tacoma Senator state that the figure reached today will be high-water managers say they still have a few votes in reserve which will be called in

John L. Wilson lost a vote today, Russell of Garfield going over to Piles. This gain in the Piles forces was offset by the loss of Keyes, who went back to Foster. This gave the Tacoma candidate 46 votes on the first ballot today, and when the second was taken Senator Earles very graciously abandoned his Democratic friend, Frank P. Hogan, of Spokane, and brought the number up

Piles was short one man on account of an absentee, and had but 30 votes. Sweeny held his own with 28 votes and Jones received the customary seven. mocrats cast their six votes on the first ballot and five on the second for Frank P. Hogan, of Spokane.

Foster Twenty Votes Short. The total, including the 16 cast for Wilson, showed 122 votes. As but 67 were needed to elect today, Senator Foster was short only 20 votes, which is the closest he has yet come to an election. Blaker of Clark County, who has been voting for Piles since the opening of the session, went over to the Foster people today, leaving Rands, the remaining member of the Clark County delegation, alone in his glory in the Pfles camp, although it is reported that he can take the two House mem-

Some color is given to this rumor through the fact that Wilson's brother Harry and his first Beutenant, Land Com-Harry and his first lieutenant, Land Com-missioner Ross, held a conference in Ta-coma a day or two ago with Walter Chris-tian, who is managing Foster's campaign, and Ben Grosscup, whose own Senatorial aspirations were largely responsible for the repudiation of Foster by some of the East Side political heavy-weights. The Tacoma papers, which were such strong supporters of Wilson two years ago, are also very careful not to print

be turned over to John L. Wilson, and
neither can the Wilson strength be turned

A careful analysis of the claims made

the contending forces in this fight leaves but two deductions possible. One is that they are lying; the other is that they are dreaming. An exception to this statement might be made in the case of the Jones candidacy, for the boosters for the Yakima statesman have never claimed more than seven votes and have never scored any more than they claimed to have. They held a caucus this afternoon with a view to ascertaining whether it was best to go in now and elect a Sens-tor, or wait a little while longer until some of the other contestants would tire in the back stretch. It was decided to sit on the fence a while longer, and unless there is a change in the programme be-fore balloting begins tomorrow, the Jones strength will not be transferred to any

Unrest is Very Apparent.

Despite this seeming apathy and lack of excitement, there is a growing feeling of unrest among quite a number of members who are voting for candidates whem noth-ing short of a miracle can elect. This feeling will some day culminate in a sen-sation, and while there is nothing on the surface tonight which indicates that the end is very near, it may come with a rush when it is least expected. Cattle stam-nede easiest when the air is overcharged. pede easiest when the air is overcharged with electricity, and voters sometimes stampeds when an overcharged political atmosphere fills them with restlessness. The possibilities of such a climax are reflected by the views of a Foster man, who, in discussing the situation today,

'I am getting darned sick of this matter id unless they bring this to a head very lick I am going to cut loose and vote for a man whom we can elect. They told is outsiders before we went in that with our aid they could show a minimum strength of 30 votes, and thus far their

The Spokane man, even if he calls his reserves, is still a good many votes short of an election, but he has a good, strong grip on the situation and is in a better position than any of the other can-didates to profit when the inevitable

didates to profit when break-up comes. The Legislature, as a whole, is in no mood for a deadleck, and some one must necessarily get out of the way voluntarily or else be kicked out. If the latter course is adopted, the successor of Addison G. Foster will be elected without any protracted warnings being sent out.

score of bills dealing with the salaries of state and county officers have been in-troduced in the House, and more are to

The most important bill of all is the Kay bill for flat salaries for state officers. Most of the salary bills have not yet been acted on by the committee on sal-aries of state and county officers, but a recommendation of the bill of Shook of Klamath was made by the committee this morning. For Klamath County a Deputy County Clerk at \$60 a month and a Deputy Sheriff at \$75 a month are author-

A decrease of salaries appears in the two bills of Carter of Benton, which have been referred to the Benton County delegation. This provides for a cut of 20 per cent. The County Judge is hereafter to receive \$730 a year, the School Superintendent \$800, the County Clerk \$1140, the Recorder \$800 and the Treasurer

"Bob" Smith, of Josephine, also has in the committee-box a bill on the Secretary of State's salary, providing that he turn into the treasury all the fees and other emoluments received, but leaving the amount of salary blank.

The bill of Burns providing for salaries of \$600 a year for the Treasurer of Curry County and \$200 a year for the County Commissioners, with mileage, has been re-referred to the committee.

Shook of Kiamath has introduced bills

ok of Klamath has introduced bill which practically raise the selaries of all officers of his county. The Assessor is to receive \$1200 a year instead of \$300, the School Superintendent \$1200, besides the new deputies created in another bill. To most of these bills is attached the emergency clause, but it is probable that the committee will remember the Gov-ernor's threat of veto, and will cut off his clause in many instances.

Among other bills now before the salarie committee are West's bill providing for a salary of \$1200 for the School Superin-tendent of Tiliamook County, one from Richie allowing \$1300 to the Treasurer of Marion County, one from Laws providing a salary of \$1200 to the Clatsop County Judge, and another from Griffin which raises the salaries of the County Judge and Treasurer of Lane County from \$200 to \$1200 a year. Another of the numerous bills of Smith of Josephine provides a salary of \$200 a year for the County Judge of Josephine, \$700 for the Treasurer, \$1200 for the County Clerk, \$1500 for the Sheriff, \$1300 for the Assessor and \$200 for the Sheriff, \$1300 for the Assessor and \$200 for the School Superintendent. This has been referred to the Josephine delegation. Dobbin this afternoon introduced a House bill by which the County Judge of Wallowa County will receive \$200 a year. The salary of the County Judge of Lincoln is raised to \$200 by Cooper's bill today. Treasurer of Lane County from \$80
