## MELBA TONIGHT.

#### World's Greatest Singer at the Marquam Theater in Grand Concert.

Those who attend the Melba concert at the Marquam Grand Theater this even-ing will have an experience to recall with sasure in the future, as it is evidently to be made the occasion of an ovation to this great singer such as few arlants of the day have been given by the Portland public. The programme planned for the evening has been universally commended as a work of art in light as the selections have not only been made with unusually good taste, but they are so arranged that each of the numbers is sure to be heard to the best advantage. The sofe arrival of Mme. Meins in her own private car in spiendid health and spirits makes it cer-tain that an evening of rare enjoyment awaits the patrons of the Melba concert. Following is the correct programme to be presented. presented

New developments in the work of the Federal grand fury will necessitate the continuance of the session for another week or more.
