FRUIT CROP IS DESTROYED

All Rivers Frozen as Far South as the Arkansas-Atlantic Coast Ports Blocked With Ice, Navigation Almost Stopped.

LOUISVILLE, Feb. 6.-All means of ommunication in the Central Southwest is crippled today to a degree of serious ness unknown in late years by a sleet storm of many hours' duration, extending from Georgia over into Texas and as far north as the Ohio River. The City of Atlanta, Ga., which under normal conditions, keeps in touch with the world on over 150 telegraph wirss, was cut off to-ony from all communication with any point. Railroads, deprived of their usual method of transacting telegraphic train orders by their own lines, were forced to use other methods of directing train operation

The telegraph companies have large gangs of men at work in the sleet-swept territory, but it will be several days be-fore the wires are restored. One of the first reports which came from Chattanooga today was that 500 telegraph poles were flat on the ground in the vicinity of Atlants. This information was brought in by train. The City of Macon also has failed to communicate with any neighboring towns. In fact, the only part of Georgia reached by wire was Columbus, in the southwestern part of the state, and it was reported from there that no communication had been held with At-

New Orleans also is suffering from lack of communication, as only two wires were working to that city. Long reaches of poles were reported down in Mississippl The commercial telegraph companies owing to the impaired facilities, were forced to route telegrams originally in tended between cities only a short dis-tance apart over a territory covering thousands of miles and involving much

Many Southern cities report the crippling of streetcar and lighting facilities and in every direction trains were hours

A conservative estimate from Chattanooga places the property loss in the un-precedented freeze in this section of the 20 hours. time in its history was completely ound, and reports that on the line of the Western & Atlantic Rallway between Chattanooga and Atlantic over 40 tele-graph poles are down, and 200 are on the

LIGHTSHIP CAUGHT IN ICE-FLOE Cry for Aid Goes Out From Nantucket

Shoals. NEWPORT, R. L. Feb. 6 .- The Nantucket Shoals lightship, which became imprisoned in the ice off Mishaum Point, Buzzards' Bay, inte last night, is in a dangerous position. A wireless message was received at the tor-pedo station here today from the lightship asking that help be sent her. The gunboat Hist and the lightship Acalea were immediately ordered to go to the assistance of the imprisoned vessel. At the torpedo station it is understood that the danger to the the lightship is mainly due to the direction of the wind, which is driving in snore.

Later the Hist signalled the lightship, "Drawing too much water." At about I o'clock fog rolled in and shut off the gunboat. Late this afternoon there were in-dications that the ice was beginning to break up.

ICE FILLS CHESAPEAKE BAY.

Coastwise Navigation Stops, and Only REVOLT PUT DOWN Big Steamers Can Move.
