Governor Folk's Recommendation to Missouri.

FOR EXHIBIT AT THE FAIR

Special Message Asks Addition of \$25,000 to Appropriation That Missouri's Resources May Be. Adequately Displayed.

JEFFERSON CITY, Mo., Feb. 7-(Special.)-Governor Folk today sent a special message to the Legislature recommending an additional appropriation for the Lewis and Clark Exposition as fol-

The last General Assembly appropriated \$10,000 to have the resources of Missouri suitably exhibited at the Lewis and Cark-Exposition to be held in the City of Portland this year. The appropriation two years ago was intended, as the act states, as merely preliminary, in order that the exhibits made at the World's Fair in St. Louis might be gotten together for the Portland Exposition.

'In accordance with the act of the last General Assembly, a commissioner from Missouri to the Portland Exposition was appointed by my predecessor and many of the splendid exhibits shown at the World's Fair in St. Louis have been shipped to Portland. By reason of having these exhibits on hand, and they are such as to arouse the pride of every Missourian and the admiration of those of other states. Missouri will be enabled, by a small additional appropriation, to make a showing that could not be done under ordinary cfreumstances by expending many times the amount that will now be granted.

in order that Missouri's resources may be adequately exhibited in this exposition, I recommend a further appropriation of \$25,000 and that the Governor be authorized to appoint three commissioners to represent the state, one of whom shall be the commissioner already selected and now acting.

"It is particularly appropriate that Missouri, in whose Metropolis the greatest World's Fair of history has just successfully closed for the celebration of the acquisition of Louisiana, should take part prominently in the Portland Exposition, and the purpose of this Exposifion is to celebrate the centennial of the Lewis and Clark exploration up the Missouri River and the subsequent crossing of the mountain range and the finding of a way to the Pacific Ocean, thereby adding all of that vast demain to the territory of the United States and supplementing lands acquired by the purchase of Louisiana."

Large Delegation From Convention at Guthrie Will Visit Portland.

INDIANAPOLIS, Ind., Feb. 7.-(Special.)-Fifty members of the National Extorial Association held a-meeting here today and made final arrangements for the national convention which will be held to Guthrie, Okla., in June. Arrangements were also made for an extended trip through the West after the close of the

June 6, 7 and 8 were determined upon as and members of the national body, with their wives, children and guests, from states East of the Mississippi River, will meet in St. Louis on June 4 and leave on the evening of that day for Guthrie in special trains.

On June 9 the convention party will go on to San Francisco and then to Portland. Or., where it will visit the Lewis and Clark Exposition. No definite time was fixed for the stay at the Exposition, but the party will remain there several days.

#### ASSAYER WOOLLEY TO RESIGN

He Padded Payrolls and Barely Escaped Criminal Prosecutions.

OREGONIAN NEWS BUREAU, Washington, Feb. 7.-Bishop H. Smith Woolley, Assayer of the United States Assay Office, at Boise, is again in the public eye. His resignation has been called for on account of irregularities in the conduct of his office, and it is doubtful if his resignation will save him from criminal pros-

Recently it was reported to the Treasury Department that Woolley was carrying the name of his brother, K. E. Woolley, on the rolls of the Assay Office, while in reality he was not on duty and absent from that office on leave of absence without pay. Secret Service Agent Taylor was sent to investigate, and found that, while K. E. Woolley was absent, his name had been carried on the pay roll from September 15 to October 21, 1994, and the pay rolls had been receipted. -

On this showing it was proposed to immediately remove Assayer Woolley from service, but appeal was made in his behalf by friends here, and it was decided to permit him to resign. His resignation has not reached here, but it is understood to be forthcoming.

Much chagrin is felt by Woolley's friends in the Senate and House from ldaho, Senator Heyburn and Representative French, at the flasco in his affairs It was upon their strong personal appeals that the long-drawn-out fight against Woolley's appointment was decided in his favor. Ex-United States Marshal Joseph Pinkham is said to be under consideration as Woolley's suc

Water on Palouse Land in 1907. OREGONIAN NEWS BUREAU, Washington. Feb. 7.-Replying to inquiries made by Senator Foster, the directors of the geological surveys state that, if it is possible to award contracts for the Palouse irrigation project in the State of Washington early this year, water may be delivered to some of the lands in 1907, and to all of the lands in 1908.

## HE INVENTORY SALE IS IN FULL SWING

And a Mighty Avalanche of Extraordinary Values Comes Rushing In

Something new every hour of the day. The lights in the store do not go out this week when the great gong strikes at closing time-6 P. M. A special force comes on and from every box and counter, showcase and shelf, goods come to be written down in the great stock books, and when the week is over we shall know to the smallest minutiae the amount of stock in the store at the end of this fiscal year that finishes Saturday night. There are many things-like broken sizes of suits, odd lengths of dress goods, remnants of silks and humbler fabrics that dwell in "Domestic" aisles, mussed and broken lines of Lace Curtains, Laces, Embroideries, etc. An odd bolt or two of dainty, handsome Ribbon and the remainders of large lots of merchandise—which, though they are good and salable, we do not care to count among the assets of a coming year and new season that begins next week. Such things we are selling out at ridiculously low prices and hope to see the last of them before the end of the week. In handreds of cases prices have been made lower than ever before to accomplish our object. These are the best shopping days of the year for women who want to buy and save a big part of the price for themselves. That they appreciate the values is evinced by the crowds that throng every If such a thing were possible we should say they eclipse the hosts that surged thro' our store avenues at clearance time—but service is at its best. Selections from a big field of bargains disclosed by inventory.
