

IS PLAYING HIS FISH

Gates Allows Wheat to Suffer Slight Decline.

TO PREVENT IMPORTATIONS

Armours Take the Field Against Him - Gates Wants Title of Wheat King, and May Boom Cotton, Then Will Retire.

CHICAGO, Feb. 17.—(Special.)—Rumors of the proposed retirement of John W. Gates from the pit, if he can secure the title of "wheat king," and the falling off of the cereal from \$1.24, yesterday's closing price, to figures ruling between \$1.15 and \$1.18, were the features today on the Board of Trade.

It was said the big operator intended the present deal to be the crowning triumph of his speculative career, and that, with it once concluded, he would drop markets and stocks and devote himself to his automobile. For this reason he is said to be maneuvering carefully, and wishes to steady the market now, because a premature advance would make possible large importations from Argentina and smaller "shorts" to recuperate. More than 2,000,000 bushels of Argentine wheat entered the local market this week.

REFINERY BILL SIGNED

GOVERNOR HOCH APPROVES THE MEASURE AGAINST STANDARD.

DECLARES ACTION NECESSARY TO DEFEND KANSAS FROM "GREATEST SOCIALIST CORPORATION ON EARTH."

TOPEKA, Kan., Feb. 17.—Governor Hoch at noon today signed the bill providing for the erection and maintenance by the state of an oil refinery, with a capacity of 2000 barrels a day. The signing of this measure will make Kansas the first state to begin to earn the right started in this state recently against the Standard Oil Company.

In signing the bill, Governor Hoch sent a lengthy message to the Legislature, reviewing the fight which has ended in the present legislation and giving his reasons for signing the refinery bill. Governor Hoch, in his message, objected to the site of the appropriation made for the purpose of carrying the bill into effect. He said that such a site established by the majority of the Legislature in regard to the method of fighting the Standard Oil Company. The message also urged the Legislature to supplement the refinery bill with railroad legislation which will prevent the trust from defeating the purpose of the act.

The detachment, however, while advancing, was surrounded by two regiments of Japanese cavalry, four companies of infantry and a large band of Chinese bandits about 15 miles northwest of Gushu Pass, and lost heavily. One gun was lost and nearly all the gunners and a number of gunners were killed.

Today's session was brief. The principal witness, W. H. MORE ANTI-STANDARD LAWS

Kansas Legislature Makes Pipe Lines Common Carriers.

TOPEKA, Kan., Feb. 17.—The Kansas House today, without a dissenting vote, passed the bill making oil pipe lines common carriers. This is the second of a series of bills directed against the Standard Oil Company and was strongly opposed by the Standard Oil interests. It has already passed the Senate and has been signed by the Governor. Without this bill the refinery plant could not have been carried out successfully, owing to the lack of pipe lines owned by the state. Now, however, the state oil can be piped through the Standard's lines.

ALL A STOCK-JOBBER SCHEME

Officer of the Standard Thus Describes State Refinery Law.

KANSAS CITY, Feb. 17.—John O'Brien, assistant general manager of the Kansas properties of the Standard Oil Company, issued a statement today, in which he charged the delivery in Kansas against the Standard Oil Company to stock jobbers. He states that \$4,000,000 or more, or an aggregate capital of \$1,000,000, has been created in Kansas. Their aggregate production, he says, is about 1500 barrels a day, or about 21 barrels for each million dollars of capital. The promoters, he says, are the stockholders cannot be carried out, he says, and the only way in which the promoters could ward off the consequences of an exposure of their operations lay in securing a plausible excuse with which to ally the clamor of stockholders.

He married February 7 of London, Miss Marjorie Annesley, the late Lady Annesley, and was staying with his bride at a hotel in Polkenton. Three days after the marriage, Major Pakenham went out for a stroll telling his wife that he would not be long. The next day his overcoat was found in the harbor, and a note in a pocket said he was sick and saw no prospect of getting better.
