asserts that the acting Minister of Jus-tice, on hearing of the news of the assassination of Grand Duke Sergius, exclaimed.

In truth Russia is in full revolution. What will happen next?" The correspondent adds an interesting appreciation of the Grand Duke, in the

course of which he mays: "It must be admitted that Sergius was perfectly consistent and that his career was rounded and complete. Orthodoxy and autocracy were inscribed on his ban-ner and he fought hard for them to the bitter end. His manner, though sug-gestive of hanteur, was extremely ami-able; but one could well conceive him capable of those unjustifiable sallies of coarseness, criticism and cruelty which have been associated with his name and were causes of his death. His influence over the Emperor emanated partly from his own self-confidence and a seemingly unselfish interest for the autocracy and partly also from his wife.

"I learn tonight that a short imperial manifesto will be issued tomorrow, but that it will deal only with the death of Sergius. I am further informed that the revolutionist groups have received a great accession of strength from Liberals who hitherto have favored a constitutional propaganda; that they have come into possession of large funds and are determined to adopt extreme measures will they believe will not be severely of demned by public opinion. The auth ties are aware of these preparations are making many arrests, beside tak other measures of precaution."

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all-important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating, or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that SYRUP OF FIGS is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the company - California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.
