UNION-AVENUE BRIDGE REOPENED.-The Union-Avenue bridge across Sullivan's Gulch was reopened yesterday, after hav-ing been closed for nearly a year. The efforts to get a new bridge or roadway built at this point having failed, the Counca finally decided to repair it. This Councii finally decided to repair it. This has been done apparently in a thorough manner. In the substructure many of the old timbers were replaced with new, and the whole structure was overhauled and made substantial. The Portland Consolidated Railway Company has shown its confidence in the strength of the reconstructed bridge by laying a second track over the side repaired, and is now sending its heavy cars over it. The reopening of this bridge is a great public convenience, as it was necessary before for vehicles and the fire apparatus to go around ries and the fire apparatus to go around by East Twelfth street to cross Sullivan's Guich. > Harris would be a clever stroke of pol-itics. The Governor would thus rebuke the Republican Legislature, which refused to apportion the state into new judicial districts because of the patronage which would be given thereby into the hands of the Governor for appointment of Democrats; besides, the second district is strongly Republican, and selection of a man of Republican faith would win converts to Chamberlain's cause should he

Appointment of Harris would have an interesting effect on politics in the First Congressional District wherein he has been looked on as the coming nominee for Congress should Hermann be out of the race next year. Indeed, Harris' boomers aver that he could beat Hermann, even if the latter should come out for the place. PHYSICIANS EVERYWHERE Know the Value of Pyramid Pile Cure

"Gratitude alone prompts me to testify to the efficacy of Pyramid Pile Cure. Last March I bought a dollar package at the drugstore, which cured me of bleeding piles, and I was a sufferer from them for eight years; but I had not been troubled with them since, until last September, when I gave birth to a baby girl, and after that I had a very severe case of protruding piles, which a trained nurse said was the worst case she ever saw, and

my doctor told me to get Pyramid Pile Cure again, which I did, and was com-pletely cured in three days. I have not had piles of any kind since, and it is all owing to this wonderful remedy. My nurse took a box, which I was glad to be able to give her, for I know she will be able to help lots of suffering people whom I could never see or know. "I recommend 'Pyramids' wherever I know of any one suffering as I did. It gives me great pleasure to be able to say I am entirely cured, which my doctor says is true. I say God bless Pyramid Pile Cure." From a former great sufferer, Mrs. F. Ancott, 1206 Unity St., Frankford, Philadalphia Ps.

Philadelphia, Pa. This remedy, which is sold by drug-gists generally, in fifty-cent and dollar packages, is in a suppository form, is applied directly to the parts affected and performs its work quietly and painlessly. Its value is evidenced by the testimony given above and we urge all sufferers to buy a package now and give it a trial

After all there are no friends like old friends and no people like one's own. Miss Mary Adell Case, the Oregon City contralto, was the singer of honor at her farewell concert given last night at the Marquam Theater, before she leaves to complete her musical studies in Europe There were present those who have watched Miss Case's musical career before she soared on ambition's height, and a delegation from Oregon City was among the enthusiastic ones. Miss Case ought to feel satisfied over the success of her concert. The theater was well filled by a musical audience, and prominent society people were also present. The affair was managed by George L. Baker and will help his budding career as an impressario.

New scenery was shown in honor of the occasion and added to the brightness of the stage picture. Miss Case's voice has grown in value, her tones are deeper and surer, and her interpretation is more ar tistic since she was heard here in concert about two years ago. She is now well equipped for the larger musical career on which she has entered, and can be trusted as a coming vocalist to add additional luster to Oregon. She received double encores last night, two of her extra num-bers being "May Day" (Walthew) and "Little Boy Blue" (Joyce).

Mrs. Rosemary Glosz Whitney, soprano, made her debut as a concert singer and was a marked success. Her voice is that of a light dramatic soprano with a sug-gestion of lyric quality, and her tone is delightful. She has a charming stage presence, and is a welcome addition to Portland's singers. Her encores were "My Desire" (Nevin) and "Magnetic Waitz" (Arditi). Senor Ricardo Ruiz, violinist, made an enviable impression by his easy. artistic playing, and showed that he is a finished musician. Two of his encored were an elegy and a Spanish dance. He is shortly to be heard in recital in this

Millard O. Lownsdale, the well-known Oregon baritone, although suffering from Oregon baritone, although suffering from the after effects of tonsilitis, scored his customary success. His voice has all the charm of yore. He played his own accompaniments, his encores being "Pretty Moth." "A Child's Prayer" and "Three Fishers." Edgar E, Coursen ac-companied Miss Case and Mrs. Whitney, and Mrs. Harry K. Brown was accom-paniste for Senor Bulz. J. M. paniste for Senor Rulz.

NEW ENGLAND SOCIETY MEETS Officers Are Elected and Permanent Organization Formed.

That spirit which predominates through out the New England States was greatly in evidence at the meeting of the re-cently-organized New England Club last night at the Portland Hotel.

Some time ago a society of the former residents of the State of New Hampshire was partially organized, but little interest was taken and the members decided to call a gathering of those from neighboring states. The meeting last night was the result and from the hearty support and splendid enthusiasm manifested it is safe to say that the visitors from the farther corner of the United States during the Exposition will be lavishly entertained. A permanent organization was perfected and the following officers elected: A. V. Edwards, president; H. H. Newhall, vice-president; M. M. Whitehouse, secretary; George H. Lewis, treasurer. A board of trustees was selected with power to find a permanent meeting place and arrange a

stitution Representative Fairbanks of Massa chusetts, who is here to arrange for the display of that state at the Exposition, was present and told the members that they might consider the Massachusetts state building their home. It was decided to hold another meeting next Monday night, at which definite arrangements will be made to secure headquarters for New England people and a large display of the products of that section of the country. A register will be opened at the office of Dr. D. H. Rand, 502 Dekum bulla-ing, where all New angianders are requested to sign their names.

ADVERTISING WORK GOES ON The Chamber of Commerce Formu lates Extensive Plans to Aid State.

The Chamber of Commerce, in carrying out its plan of state advertising, has made arrangements with the Pacific States Promotion Bureau of St. Louis and with the Washington Home Company of Spo-kane to handle literature concerning Portland and vicinity, and the state in gen eral, and to see that the same is tributed to those who are visiting

the West. This work will be done in return of favors of advertisement given to the St. Louis Exposition by the Portland Chamber of Commerce before the ing of the Fair and during the time

it was running.

With the Spokane organization it is little different, for the effort to bring people to the Fair and to Oregon will work to the benefit of Washington as well. A large shipment of literature, de-scriptive of Portland and of the state in general, was also sent to the Spokane organization yesterday.

JAMES TREVERSO PASSES AWAY Assisted in Laying First Stone of the Great Brooklyn Bridge.

That he assisted in laying the first tone for the great suspension bridge betwen Brooklyn and New York was the pride of James Treverso's heart while he lived, and in his death his fellowountrymen will pay him honor for it and for his long residence in Portland. He died yesterday morning, leaving a family of eight children. He had a farm

near the city.

During his lifetime, Treverso took the keenest pride in displaying papers from the master mechanic in charge of the Brooklyn bridge, as they proved his statement that he participated in laying the first stone. Funeral services will be held at St. Michael's Church as soon after 9 o'clock tomorrow morning as the body can be taken there from Dunning.
