Great Impeachment Trial a Fiasco. Voting Follows Party Lines-Distinguished Assemblage at Closing Scene.

WASHINGTON, Feb. II .- The Senate mitting as a court of impeachment for the trial of Charles Swayne, District Judge for the Northern District of Florida, to day acquitted him on all of the 12 articles of impeachment brought by the House of Representatives. On none of the articles was there even a majority for conviction, although it required two-thirds to convict. The closest vote was on the lest article, the contempt case of W. C. O'Neal, when 35 Senators voted guilty and 47 not guilty, while on two articles only 12 Senators voted for conviction. The voting for the most part was on par ty lines, though there was not a strict alignment on any article. At the conclusion of the voting the presiding officer directed the secretary to enter an acquit-tal upon the records, and the court then

adjourned without day.

Judge Swayne was not in the Senate during the rollcall, but in the President's room, just back of the chamber. The result of each ballot was sent to him by his attorneys. Five of the House managers attended during the proceed-

There was an exceptional attendance of Senators, and the galleries were crowded. Many members of the House also were in attendance. They occupied sents especially set apart for them in the rear of the Senate chamber, and followed the proceedings with the closest attention.

The House managers and the attorneys or Judge Swayne were ushered in and took their usual seats, and the sergeantat-arms for the last time made proclama-tions of the trials, as usual, threatening imprisonment for a violation of the rule imposing silence. Judge Swayne was not

Platt (Conn.), presiding, announced that the rule prohibiting applause would be rigidly enforced, a violation resulting in the certain eviction of the offender.

First Article is Not Sustained. The trial preliminaries required only en minutes. The first article of im-

peachment then was read, and the vote In this article Judge Swayne was

charged with making a faise certificate for expenses while holding court at Waco, Tex. "Senators," said the presiding officer, when the article was read, "how say you? Is the respondent, Charles Swayne, guilty or not guilty as charged in this

Bacon was the first Democrat on the roll and likewise first to answer in the affirmative, finding Judge Swayne guilty. The vote throughout was largely parti-san, Bard, Kittredge, McCumber and Nel-son (Republicans) voting with the Demo-erats for conviction, and Dubois and Gibson with the Republicans for acquittal. The utmost quiet prevailed while the vote progressed. The vote stood 23 to 45, being

in detail as follows:

The chair announced this to be the result, saying "On article 1 of the impeachment of Charles Swayne, 33 Senators have voted 'guilty' and 49 Senators have voted 'not guilty.' Two-thirds not having voted for conviction, Charles Swayne stands acquitted of the charges contained in the first article."

While the vote was in progress, Knox had asked to be excused from voting, saying that he would have an explana-tion to make at the close of the vote. He then said that illness had prevented him from either reading or listening to the testimony in the case, and he asked to be excused. The request was granted.

Quick Action on Other Articles.

The reading and voting upon the other articles followed in rapid succession. The second charge was that of an excessive charge for expenses while holding court at Tyler, Tex. The proceeding in this case was an exact counterpart of that on the first article, and there was only one change in the vote, which was that made by Clark (Dem., Mont.), who, hav-ing cast his first vote for conviction, changed on this rollcall and voted for ac-The result was 22 for conviction

The third charge also related to excessive expense charges at Tyler, Tex., and the vote was identical with the vote on the second article, 22 to 50.

The fourth and fifth articles related to the use of private cars. There were only in votes of guilty on them, as follows: Bailey, Berry, Blackburn, Carmack, Cock-rell, Culberson, Daniel, McLaurin, Mar-tin, Money, Morgan, Newlands, Pettus,

On the sixth charge, that of non-residence by Judge Swayne in his district, the vote was 31 to 51. On this vote, Clark (Montana), changed back to the affirma-tive side, but Kittredge and McCumber went to the negative. Dubois and Gibson Raynor, Carmack, Daniel and Bailey have promised to be present.

Gibson, Latimer, McCreary, Mc-McLaurin, McCreary, Martin, Morgan, Petius and Taliaferro

The vote on the eighth, ninth, 10th and Il articles, covering the contempt cases of E. T. Davis and Simcon Belden, was 21 to 51.

On the articles covering the contempt cases, Mesars. Dubols (Dem.) and Hansbrough (Rep.) voted for conviction, and Bard (Rep.) for acquittal. On these articles Hansbrough and McCumber were the only Republicans who voted for conviction and Stone was the only Democratic part of the conviction and Stone was the public Democratic De viction, and Stone was the only Democrat for acquittal.

Vote Closest on Contempt Case.

The 12th article was the last. It dealt with the conduct of Judge Swayne in punishing W. C. O'Neal for contempt in assaulting a trustee in bankruptcy ap-pointed by him. On the final vote the result was 5 guilty to 47 not guilty, the largest vote given for conviction. Bard, Hansbrough, Kittredge, McCumber, Nel-son and Quarles voted "guilty" with the Democrats. Gibson and Newlands (Democrais), voted "not guilty" with the Re-

The result on this vote being announced and with it the entire verdici ascertained, the chair directed the secretary to enter an order of acquittal on all the articles. This being done, a motion for final ad-fournment of the trial was offered by Fairbanks and it prevailed. Thus the long and tedious proceedings came to an end. Messrs. Thurston and Higgins were congratulated by many Senators, the House managers walked up the center alse of the chamber and soon took their departure, the galleries were speedily cleared, and the Senate proceeded with

> OREGONIAN NEWS BUREAU, Washington, Feb. 27.-In view of the determination of the Senate commerce committee to make few amendments to the river and harbor bill, and, inasmuch as it is probable that most of the increases made by the Senate will be stricken out in conference, there seems to be a good prospect at this late day that the river and harbor bill will pass before adjournment. In fact, most Senators now feel confident that the bill will pass in substantially the form in which it was originally reported

to the House. It was found today that there is absolutely no hope of securing increases in any appropriations for the Columbia River or for Oregon improvements. Senator Fulton had a hearing before the committee this morning and asked for \$150,000 increase in the cash appropriation for the mouth of the Columbia. The committee indicated that it would not make any increase. Later, when Fulton talked with Chairman Burton of the House committee, he was told very flatly that in case the Senate did increase any appropriation for the Columbia River, the

House would knock it out. This makes the outlook hopeless, so far as increasing any appropriations is con-NEW YORK, Feb. 27.—Arrangements are being made by the Democratic Club in this city to celebrate the birthday of Thomas Jefferson with a dinner on April provements secured by Senator Poster

BURTON- DEFEATS HEMENWAY Personal Victory for Ohio Man

Chairman Being Twice Reversed. WASHINGTON, Feb. 27 .- With a handful of Republicans, aided by the Demo-crats, Representative Burton, of Ohio, today gained complete control of the House and forced an amendment to the sundry civil appropriation bill, requiring the use of granite in the construction of the pub-lic building at Cleveland, his home town. Chairman Hemenway, of the appropriations committee, was put to rout, while the unusual spectacle was witnessed of the presiding officer being twice overruled on an appeal from his decisions. The amendment, however, was not agreed to until Hemenway had exhausted unsuccessfully every means at his disposal to check the tide against him. In order to adopt the amendment, it was necessary to revert to a page of the bill already passed over, a procedure also unusual.

Burton Defeats Hemenway. Seeing that he had been outflanked by Burton, Hemenway several times sought an adjournment after the bill had been reported to the House for favorable action, but his motions were voted down. So clearly were he and his followers in the minority that Hemenway interrupted s roll call to move the passage of the bill which carried amid loud applayae. The bill carries a total appropriation of \$45,

Earlier in the day the conference report on the Army appropriation bill was agreed to, and a number of measures pertaining to the District of Columbia were passed. When the House met, the regular order was the consideration in committee of the whole of bills relating to the District of Columbia.

The proceedings later were interrupted

by a message from the Senate announcing the acquittal of Judge Charles Swayne or all the counts against him. There was no demonstration of any kind when the meseage was read. Hemenway (Rep., Ind.), chairman of the

committee on appropriations, reported the general deficiency appropriation bill, the last of the great supply bills to be reported at this session, following which consideration was given to District of Columbia measures.

The controversy over the admission to the West Point Military Academy of two Chinese subjects, Ying Hsing Wen and Ting Chia Chen was renewed when Huli (Ia.) again offered the resolution having that object in view. Its consideration by unanimous consent was objected to by Butler (Pa.), whereupon Hull moved a suspension of the rules. The rules were uspended and the resolution was passed. The conference report on the Army ap-propriation bill then was agreed to, which passed the measure.

The sundry civil appropriation bill then was taken up, the pending amendment being that by Adamson (Ga.) to increase \$50,000 the bill for topographical surveys. Following a plea by Hemenway for economy, Williams (Miss.), the minority leader, severely arraigned the administra-tion for having abandoned the Monroe Doctrine. The way to economize, he said. was to stop "your miserable, Oriental, colonistic foolishness,"

Hemenway twitted the Democrats with the fact that, notwithstanding their charge before election that the President was treading on dangerous ground "by appointing receivers for South American republica," they were now trying to get up to the White House to approve of Roosevelt's elec-

The amendment was adopted by 120 On a point of order by Bartlett (Ga.) the House struck out the provision ap-propriating \$200,000 for an Army gen-eral hospital, to be located in Washington.

The provision to substitute for existing commissions in charge of the several military parks a commission of members having all the powers and

duties of the former bodies was stricken out on a point of order. An echo of the Swayne impeachment case was heard when various amend ments were offered to put restrictions around the \$10 a day limit allowed for expenses of District Judges, but all such were ruled out on points of order coming simultaneously from members on both sides of the chamber. The reading of the bill was con-

cluded. The refusal by Hemenway to accede to a request by Burton (Ohio) to return to the provision relating to the Cleveland public building caused the latter gentleman to lead a successful fight against the committee's rising and favorably reporting the bill. He had the support of many Republicans and the entire Democratic strength. He renewed his motion, but was opposed at every turn by Hemenway, who contended that the rules forbade such ac

The situation presented a new ques tion of parliamentary procedure, but the chairman in an exhaustive opinion ruled against Burton, who immediately appealed from the decision. By a vote of 71 to 89, and smid Democratic applause, the decision of the chair was not sustained.

The paragraph then was returned to, and Burton offered an amendment pro-viding for the use of granite in the construction of the building. Follow-ing a prolonged discussion, the chair sustained a point of order against the went to the negative. Dubols and Gibson voted for conviction on this charge.

On the seventh article, relating to residence, the vote was 19 for conviction to a grainst. The affirmative vote was as follows: Bate, Berry, Blackburn, Carriagest will reform smooth, Clark (Montana), Cockrell, Daniel, sent fails to cure year in 8 to 18 days, 500.
