Committee Probes Colorado Bribery Charge.

MORGAN'S RECORD SHOWN UP

He Repeats Charge of Attempt to Buy His Vote on Contest—Evidence Shows He Betrayed Labor Union Secrets.

DENVER, Colo., March 7.—In inaccessible seclusion in a committee-room at the state capitol, the committee appointed by the joint assembly to investigate charges of bribery made by Senator Richard W. Morgan against the late President and General Manager J. M. Herbert, of the Colorado & Southern Railroad, and Postmaster Daniel Sullivan, of Cripple Creek, began hearing testimony tonight.

Senator Morgan was called to the stand, and while he was there every one except the committee and the witnesses, including the defendants, was excluded from the room. Not only were the latter kept out of the committee-room, but they were detained in an adjoining room set apart for witnesses, and no one was permitted to see or talk with the committee officer who had them in charge.

The committee remained in session until 11:30 and then adjourned until 10:30 tomorrow morning. Three witnesses besides Senator Morgan gave testimony. Morgan reiterated the story of the alleged attempt to bribe him and his turning the case over to the Denver United Labor District Attorney several times.

District Attorney George Stidger testified that on Sunday last he received a telephone message to go to a room in the Majestic building, which he did, and there met Morgan and Richard Broad, a prominent Denver business man. The story of the alleged attempt at bribery was related to him there and the money turned over to him at the time. He said it was the first time he saw the money.

WILL AWAIT BRIBERY REPORT

Assembly Hears Argument on Contest, and Will Make Speeches.

DENVER, March 7.—Argument by attorneys in the Peabody-Adams gubernatorial contest was concluded today. Ex-Governor Charles S. Thomas made the final address on behalf of Governor Alva Adams, speaking for three hours, and John M. Waldron closed for the contest, James H. Peabody, with a two hours address.

Beginning tomorrow morning, the members of the General Assembly will discuss the contest under a rule limiting speeches to one hour for each member. It is expected the debate will continue two or three days. The ballot probably will be reached on Friday or Saturday next. The joint convention has indicated a purpose, however, not to take a vote until a report is received from the committee appointed to investigate bribery charges on the statement of Senator Richard W. Morgan that James M. Herbert, vice-president of the Colorado & Southern Railroad, and Daniel Sullivan, Postmaster at Cripple Creek, had offered him \$1500 to vote for Adams, and that Herbert had given him \$750 of this amount.
