

WILD WITH RAGE

Denver Teamster Kills Neighbor's Family.

SETS FIRE TO THE HOUSE

Fires Fusillade From His Baricaded Home.

POLICE OFFICERS WOUNDED

Sheriff's Men Called In, and Steady Attack is Kept Up Until the Murderer is Brought Down by a Chance Bullet.

DENVER, March 12.—Mad with rage because of his defeat in a lawsuit, in which the man he pronounced as his bitterest enemy had been victorious, and swearing vengeance against himself and his entire family, George Schistler, a teamster, armed himself with a rifle today, and when the smoke of battle had cleared away three persons were dead, one missing and three others lay wounded, two, at least, dangerously. The dead are: K. FILL, MRS. K. FILL, GEORGE SCHISTLER.

The missing: A child of the Fills. Wounded: Dr. Frank Dulin, police surgeon. Captain William Bohanna, acting Chief of Police. Mike Kelly. The wife of George Schistler is prostrated over the affair and may die from the shock.

Schistler had brooded over his troubles with the Fill family, who were immediate neighbors, and announced today that he would even up matters. Taking a rifle of improved pattern and buckling on a belt of smokeless cartridges, he started for the Fill home.

Husband and Wife Shot Down. Fill saw him approaching and heard his muffled threats. He tried to avoid him by entering the house, but Schistler sent a bullet into his brain with the accuracy of a marksman, and Fill fell dead. Mrs. Fill rushed to her husband's side and received a bullet from Schistler's rifle, fired with ascertaining aim. She, too, fell dead beside the lifeless body of her husband.

Not content with the fullness of his vengeance, Schistler then set fire to the Fill home, which was destroyed, and it is thought a son of the Fills lost his life in the fire. After satisfying himself that the flames would perform their mission, Schistler returned to his own home and barricaded himself inside.

In the meantime other neighbors attracted by the sound of the firing, appeared on the scene, but quickly retreated when bullets began falling around them. A telephone message was sent to Police Headquarters, and an ambulance with Police Surgeon Dulin, Captain Bohanna and three officers hurried to the scene.

Officers Within Deadly Range. The officers were directed to the Fill home by neighbors who had witnessed the killing, and they started unhesitatingly in the direction of the house. In doing so they were compelled to come within range of Schistler's rifle. A volley of bullets rained around them suddenly, and the flames and Bohanna fell to the floor of the ambulance. The driver stopped his horses, but another shot from the house dropped one of the animals to the ground.

With the assistance of spectators, the wounded men were taken from the ambulance and conveyed to a hospital, where their wounds were dressed. Dulin was shot three times, once in each leg and another time in the left thigh. His condition is critical. Bohanna received a bullet in the leg, but is not dangerously hurt.

A call for reinforcements brought all the available men from police headquarters and the Sheriff's office, and a consultation was held for the purpose of formulating a plan to capture the madman. Firing squads were stationed in nearby houses, and a larger force was placed in a portable fort, made of baled hay piled upon a hay wagon.

Use Movable Hay Fort. During the preliminary arrangements Schistler kept up a continuous fire in all directions, which was returned, and hundreds of shots were exchanged. It was during this shooting that Kelly received his wound. Finally fewer shots were heard to explode in the direction of the Schistler house, and the hay wagon fort was started toward the house, proceeding cautiously and without firing.

The attacking party expected a fusillade any moment, and when they reached the front yard without a shot being fired, one of the officers stepped out into view, thinking to draw the fire of Schistler. If he were still alive, he was agreeably disappointed, and with a rush the officers charged the house and battered down the door.

Not a sound came from inside, and, entering, they found Schistler lying upon a bed, bleeding from several wounds and breathing his last. He died soon afterward. It is not known whether he was hit by bullets from the weapons of the pursuing party or committed suicide.

Wife May Die of Shock. Mrs. Schistler was away from home when her husband started on his vengeful mission, and when told of the affair fell prostrated. It is thought she will die from the shock. During the several hours' battle with the murderer many people were attracted to the scene, though it is located in an outlying suburb, and Mayor Spear and Police Commissioner Hewitt directed the work of the police to a certain extent.

TO PREVENT THE GRIP. Laxative, French Quinine, word with Cold and Grip remedy, removes the cause. Call for full name and look for signature, E. W. Grove, 230.

A Woman Once Asked Her Husband

"If I should die, would you ever marry again?" He hesitated in answering, and she continued: "If you did, you would never get another wife to look after you as I have." "No," replied the husband, "not if I could help it." A great many people do many things because they cannot help it. But we maintain that there's no excuse for doing a great many things simply because it "can't be helped."

Everything FOR THE KITCHEN

A Sermon of "Only Good Shoes"

On "The Fair Way"—In the Annex. First Floor—Sixth Street.

Step in this week and settle the shoe question once for all. Thousands of people have already settled it. "I got my shoes at Olds, Wortman & King," says one. Why? "Don't know exactly; guess it's habit; but I've been getting them there for years, and they give splendid satisfaction."

Habit has reason back of it—and experience. We all have the habit of eating three times a day, because experience has taught us it is best for our bodies.

The reason back of this shoe habit—of buying them at the O. W. & K. store—is this: O. W. & K. shoes set the standard at each price, and to do this they must be the best. All of our shoes are made exclusively for us.

Every pair has oak-tanned leather soles. No shams are permitted—the vamps run clear to the end of the toe, even when covered by a tip; the leather is all specially selected; the "shoemaking" is thoroughly inspected.

These shoes have our label inside, and we are proud to have it there.

FOR MEN: These shoes are \$3.50, \$4.00 and \$5.00. The \$3.50 and \$4.00 shoes are the equal of those sold elsewhere at \$5.00; while our men's shoe at \$5.00 saves our men patrons from paying \$6.00 elsewhere.

FOR WOMEN: The Glorias for \$3.50 are by far the best shoe made in the world to retail at that popular price. Our new shoe chief, Mr. S. C. Jameson, has lately added to the women's line the famous Wright & Peters shoes, made by expert shoemakers, in Rochester, N. Y. The Spring lines are complete. The Wright & Peters shoes are the best that money will buy—high or low cut—at \$4.00 and \$5.00 the pair.

Our men's department is entirely separate from the women's—but in same section of the store a full line of the celebrated Grover Shoes—lace, congress and slipper styles.

There is another class of shoes that we sell, without our label, but with our guarantee just the same. These were made for other dealers.

Their brothers and sisters have been selling at a third more than our prices, often double, all over the country. We can sell them so cheap because we have taken over excess stocks or lots that for one reason or another have not been sold. They are good shoes; not as good as our regular stock, but very good, considering the prices. Watch our special sales through the week for wonderful values in these.

O. W. & K. Shoes for Children. Does your child toe in? Are the ankles wobbly? Is the arch of the foot deficient? Have you ever asked doctor to see why the little one doesn't walk better? If he is an eminent physician he will find the fault, if any exists, and give you a prescription for shoes—the prescription to be filled at Olds, Wortman & King's. Nature is easily helped—and you may reproach yourself if the trouble ran on and became incurable.

Youngsters kick out shoes wofully fast? We can't stop wear, but we can supply shoes that will withstand a great deal of it—and the prices are as low as consistent with quality and wear.

The "Monarch"—if the name Monarch is on the glove that's recommendation enough. These gloves are made of the finest selected kidskins, dyed by expert dyers, cut by the most experienced cutters and sewed by the latest improved method—making it beyond question the best glove in the world.
