ACENT IS ARRESTED

Sailors' Union Man Charged With Harboring Seamen.

PAUL CALLS IT SPITEWORK

Declares That Longshoremen Are Back of It_British Ship Wray Castle From Portland, Is Ashore at Queenstown.

The trouble between the Sailors' and Longshoremen's Union appears to have broken out in a new place. D. W. Paul, local agent of the Sailors' Union, was arrested yesterday morning by Harbor-master Bigliu on a charge of harbor-ing deserting seamen. While this ar-

master Bigliu on a charge of harboring deserting seamen. While this arrest, on the face of it, does not seem to have any connection with the clash between the two unions, the Sallors' agent is positive that the longshoremen are back of the proceedings. "It is spitework on the part of the longshoremen." said Paul yesterday. "They are sore at us because we have got the work of loading some of the vessels in port, which we have a perfect right to do under the law. We are not conducting a sallor boarding-house and I don't see how they can make out a charge of harboring seamen."

Mr. Paul was taken before Justice Reld and released on \$400 bonds. The case will be heard in the Justice Court Friday at 2 P. M. The agent has wired to the headquarters of the union at

friday at 1. M. and again as the to the headquarters of the union at San Francisco a statement of the matter and, acting under instructions, will fight the case to a finish. The new Satior Boarding-House Commission. ome time ago investigated the worksome time ago investigated the work-ings of the Salicrs' Union and came to the conclusion that the agent was conducting his business according to law. The longshoremen, it is stated, furnished the information that led to

In the meantime work is progressing at the docks without disturbance. Members of the Saliors' Union are loading the barkentine T. P. Emigh at the tland Mill and union longshoremen re putting lumber aboard the barken-ine Koko Head at the same place.

NEW LIGHTHOUSE.

Silp Point Station Will Be Established April 1.

Captain Heilner, Lighthouse Inspec-tor of this district, has issued a noti-fication to mariners of the establish-ment of the new Slip Point light six-tion on the eastern side of Cialiam Bay, Straits of Juan de Fuca. The Intor's notice follows:

spector's notice follows:
About April 1, 1906, a fixed white lene-lentern light will be established on Slip Point 30 feet above the water, 6 feet above the base of the structure from which it will be shown, and will illuminate 240 degrees of the horison.
The approximate geographic position of the light, as taken from chart No. 6800 of the United States Coast and Geodetic Survey is: Latitude, north 45 degrees 15 minutes 46 seconds): longitude, west, 194 degrees 14 minutes (48 seconds). Other Point, NE. 5-16 E., 1815 miles; Whoddish Island, right tangent, W. S. N. northerly, 155 miles; Sombrio Point,

N. N., northerly, 15% miles; Sombrio Point, N.W. 11-16 W., 15% miles; Sombrio Point, N.W. 11-16 W., 15% miles.

The structure is a white, one-story, frame building, with brown roof, with a shelf on the northwesterly corner, from which the light will be shown.

On the same date there will be established in the structure a third-clear Techni

the structure a third-class Daboil trumpet, operated by compressed air, to sound, during thick or foggy weather, binate of the seconds separated by silent intervals of 18 seconds.

WRAY CASTLE ASHORE.

Ship With Cargo From Portland in Bad Way at Queenstown.

QUEENSTOWN. March 15.—The British ship Wray Castle, from Portland, Or, which arrived at Queenstown yesterday, has been driven ashore and several others have dragged their anchors, owing to the severity of the gale off this Coast. The Wray Castle lies on the eastern bank in White Gate Roads. Seas are breaking over ther, but possibly she may be towed off after being lightered.

Bas Way at Queenstown.

QUEENSTOWN. March 15.—The British mosphere. Last night the society held another meeting, at which all was friend-lines and the spirit of desire to discuss things which may be understood or may not be.

Dr. Woods Hutchinson furnished the gale off this Coast. The Wray Castle lies on the eastern bank in White Gate Roads. Seas are breaking over the evening by reading a paper on the type of tuberculosis on this argument that the disease on the Pacific Coast was paper on the type of tuberculosis on this argument that the disease on the Pacific Coast was paper on the type of tuberculosis on this argument that the disease on the Pacific Coast was paper on the type of tuberculosis of a more virulent character than that of an audience of Pree Methodists, amiling as the brethren and sisters should a sufficient amount of stome remain after this completed as nother meeting, at which all was friend-lines and the spirit of desire to discuss the Williamette Williamette Williamette Cawood Talks

small, of fifteen buildings in the plant, and represents nearly 12 years of assidu-ous labor on the part of Dr. H. W. Coe, still at the head of the institution, and

those who have, from time to time, had

to do with its work and management. A. R. L. Gillespie, one of the owners, who has devoted several years of exclu-

sive work to the institution, is residen medical director, while Dr. William House is resident physician. Mr. R. M. Tuttle, a successful business man, has recently acquired the interest held for a year by Dr. W. T. Williamson, who has cettred.

Dr. W. T. Williamson, who has retired. To Mr. Tuttle has gone the exclusive business management of the institution; the medical officers being now relieved of

The relief from business cares which now comes to the medical staff by the

entire separation of business and pro fessional departments is proving highly

advantageous to the medical department, and it is believed that this arrangement is to be markedly approved by the pa-

on First street. He did not take an ac

tive part in the services, but listened in tently to the words of condolence of the speaker of the afternoon as he mentioned the affair at Goidendale, Wash, Cawood evidently wishes to be considered in the

role of a hero. He moves about the mis-sion speaking with this one and that and telling them all that his experience was no more than that of Jesus and

many of the disciples ages ago. He thinks that a coat of tar and feathers

administered, as in his case, is the best evidence of the gin of the world and the necessity of its redemption. "Was not Christ persecuted?" asks Cawood. "Can I

do more than the Master in whose foot-

steps I am following?"

It has been rumored that Cawood was forced from the Methodist Episcopal

Church, but this was denied by the officials of that denomination. They say that

he withdrew from the sect to take up the work of the Free Methodists.

WILL HAVE TO GIVE HIS BOND

Bench Warrant Issued for Benjamin

F. Minton, Land-Fraud Witness.

Benjamin F. Minton, indicted with Henry Meldrum in connection with an alleged fraudulent survey in Southern Oregon, is wanted by the Federal an-

thorities to give his bond of \$4000 as required by the order of the court.

Minton was indicted about February first and has not up to this time come to the Marshal with the amount of his

indictment as a witness before the grand jury, but was allowed to return to his home at Everett until such a time as he should be wanted. It is not thought that there will be any trouble

in finding the defendant as up to this time he has not been notified in any official way that he should report in Portland with his bond. It will now be

necessary to send a copy of the indict-ment together with a bench warrant

ment together with a bench warrant cailing for his presence in Portland to the United States Marshal at Tacoma, who will serve the papers on the man at his home near Everett. Minton, it is said, will be one of the

Government witnesses when the case is called, and he is therefore looked upon as important by those handling the Government interests.

Arguments relative to the claim of Multnomah County against William Frazier, ex-Sheriff, amounting to about

nd. He was in Portland prior to the

all such labors.

The dove of peace has settled over the members and meetings of the City and County Medical Society and no breath of passion now mars the screenty of the at-

Hall said there was a dispute as to the liability of Mr. Frazier as to most of the items charged against him, depend-ing upon the legal construction placed on the law, Charles H. Carey argued the case for the county. A decision will be rendered Friday.

PROPOSALS FOR JETTY WORK Bids for Stone to Be Used Are Opened by Major Langfitt.

Proposals for furnishing stone for the Columbia Elver jetty under an emergency contract were opened by Major W. C. Langitt yesterday. The advertisement for these proposals specified a delivery of 10,000 tons of rock, delivery to begin immediately, and bids were entered by the following: Columbia Contract Company, delivery by barge at Fort Stevens; % cents per

ton.
W. H. Cole, delivery by rail from May-ger's quarry; \$1.97 per ton.
E. T. Johnson, delivery by rail from Mayzer's quarry; \$1.15 per ton.
The differential between the water and

rall delivery as figured by the Govern-ment last year was II cents, and it will be approximately that figure on this sea-son's deliveries.

after notification to the successful bidder. Under the terms of the contract the con-

tractor will be obliged to deliver 200 tons of stone dally during the first eight days and 300 tons dally thereafter until the completion of the contract.

the notification is received.

Independence Residents Pass Strong Resolutions.

OFFICIALS CONSIDER MATTER

Small Towns Along Portland and Yamhill Divisions Still Fight for Better Transportation Facilities to and From Here.

The matter of supplying the small towns along the Portland and Yamhili divisions of the Southern Pacific with more fre quent train service has been under con sideration by the ratiroad officials. Gen eral Manager Worthington, when making a tour of the West Side lines, in an ad-dreas before the independence Improve-ment League, stated that he had the matter under advisement. He stated that te could give no answer to the demands for additional train service for the reason that he was a new man in the territory and not yet acquainted with the condi-

It is believed by many that changes will be made, as Mr. Worthing-ton, as well as the other railway offi-cials who accompanied him on the trip, seemed delighted with the towns and surrounding country along the West Side lines, and predicted a rapid and healthy growth for that section. Mr. Worthing-ton stated, however, that the West Side lines, as a whole, were not a paying in vestment for the railroad company. Ac cording to Mr. Worthington's estimate it costs about \$100 a day to run a train between Portland and Independence, a distance of 76 miles.

Independence is not alone in her fight for more adequate train service. Newberg, Amity, and other points on the Yamhill and West Side divisions are feeling the need of additional service as Spring opens and the travel increases. They say that the need of better service is greater now than ever before. They say thousands and thousands of homeseekers will stop over at the small towns this Spring with a view to locating. They say the inadequate train service will undoubtedly create an unfavorable impression with many of them and result in many of the prospective settlers locating elsewhere. Independence is not alone in her fight

Some reference has been made to the express that was put on the line in '% and attention called to the fact that it did not pay. The people of the small towns say there has been a wonderful change in the country since then and that it is more thickly populated and has been greatly developed since then. It is said that if the evening train which P. M.—Steamer Northland, from San Pedro.
Condition of the bar at 5 P. M., moderate; is being installed.

This atructure makes a total great and will be determined within the next few channel. The award under this contract will be determined within the next few days and delivery will begin immediately

is now sent out to Sheridan over the West Side line was sent on the Inde-pendence and Corvallis Instead of switch-ing off at Whiteson it would greatly remedy the present conditions. Then a morning train out of Portland to Sheridan over the Yamhili division would not only accommodate Sheridan but meet the needs of the Newbeg people and all others

along the Yambili line.

The following resolutions asking for better services were adopted by the Independence Improvement League at its last

completion of the contract.

The amount of stone to be used in jetty construction this year has not yet been determined and cannot be until a decision is reached as to whether the dredge Chinook will be operated or not. Should the Chinook be cheen in the contract to the contract to the contract to the contract to the chinook will be operated or not. dredge Chinook will be operated or not. Should the Chinook be placed in commission it is probable that not more than 250,000 tons of stone can be provided for, while if the dredge is laid up during the Summer. Innds will be available for at least 500,000 tons of stone for the jetty. The matter of the operation of the Chinook is now before the department in Washington where the decision will be given. From the past work of the Chinook, and the small amount of funds available, it is extremely probable that the department will incline in favor of spending the money for actual jetty construction.

In meeting:

Whereas, The train service on the West Side division of the Southern Pacific Rail-road in the Willamette Valley is wholly incline for the department will enter the decision will be given. From the past work of the Chinook, and the small amount of funds available, it is extremely probable that the department will incline in favor of spending the money for actual jetty construction.

Whereas, The train service on the West Side division of the Southern Pacific Rail-road in the Willamette Valley is wholly incline adoquate to accommodate the public; and Whereas, The williamette Valley is wholly incline of the coloniance in exception of a great and continued commercial growth and prosperity by reason of sexcellent climate, its unlimited natural resources, its vast acreage of timber, its great hop industry, its dairy growth, its natural increase in stock, hear, and diversified farming industries; and,

Whereas, The train service on the West Side division of the Southern Pacific Rail-road in the Williamette Valley is wholly incline accommodate the public; and whereas, The unlimited valley is wholly incline accommodate the public; and whereas, The stolen of the Southern Pacific Rail-road in the Williamette Valley is wholly incline accommodate the public; and whereas, The Sulliamette Valley is wholly incline accommodate the public; and whereas, The Sulliamette Valley is wholly incline accommodate the public; and in the meeting:

Whereas, The present passenger service The stone used this year will go largely whereas, the present passenger service is wholly inefficient to meet the growing demand for better accommodations; and, Whereas, The great National Lewis and Cark Centennial Exposition is now about upon us; and, Whereas, The passenger service is now so toward the completion of the extension of the 200 feet made last year. This por-

tion as allowed in the river and harbor bill before taking any actual steps toward work. Everything is in readiness, however, for the beginning of the work under the various improvements as soon as the notification is resulted.

STRIKE MAY SOON BE BROKEN

Men Anxious to Get Back to Work and Draw Salary.

At an unusually well-attended meeting last night of the board of governors having the strike at the Fair grounds in charge strong pressure was brought to bear to force the board to declare an end. Though the tone of the board was against pease, the strike may be declared off very soon, peasibly this morning.

The leaders will make such a move much against their will, as they hope to stand out for ald from outside cities, but the men who wish to return to work and yet remain in their unions have one unanswerable argument to bring forward, that work on the Fair grounds has gone on just as if there were no strike on and in the Corvallis-Portiand train be

stand out for ald from outside cities, but the man who wish to return to work and answerable argument to bring forward, that work on the Pair grounds has gone on just as if there were no strike on, and that the strikers might as well yield gracefully and obtain a portion of the wages being paid out, as stand around till the atrike dies a natural death. Never before since the strike has been declared has there been such insistent harping upon this argument as now. It has never been fully ungerstood by the strikers that they had altogether loat. The board of governors has held out hope of one kind or another, which sounded well to men anxious to hear it, but, nevertheless, did not buy anybody dinner. Now the bunch of remaining strikers, a comparatively formidable body, wish to zee an end made for their own interests. The pressure they have used may bring peace immediately, and before the day is out they may be permitted to go back to work.

SPEAKS TO AUDIENCE OF MEN

Secretary Goodman, of Y. M. C. A. Depicts Extension of Association.

Fred S. Goodman, one of the international accretaries of the Y. M. C. A. addressed an audience of young men at the Association Auditorium last evening. Mr. Goodman devotes his work to the religious end of the F. M. C. A. He showed a number of stereoption views depicting the cruency of the great them to the most imporant factors in the success of revitals, said Mr. Goodman, "Sinners may be greatly impressed through listention of the sand factories of the Eastern cities.

Mr. Goodman then spoke in glowing terms of the great Chapman revival which opens in Portland March 2. He spoke of the great good that had always been accompolished by well-conducted revivals. "Personal affort is one of the most imporant factors in the success of revitals," said Mr. Goodman. "Sinners may be greatly impressed through listention of the work and the continued for the success of revitals," said Mr. Goodman. "Sinners may be greatly impressed through listention of the success of revitals." Personal and cont

shops and factories of the Eastern cities.

Mr. Goodman then spoke in glowing terms of the great Chapman revival which opens in Parliand March 22. He spoke of the great good that had always been accomplished by well-conducted revivals. "Personal effort is one of the most imporant factors in the success of revivals," and Mr. Goodman. "Sinners may be greatly impressed through listening to the wonderful addresses delivered by powerful evangelists, but they must be approached by parties who take a personal interest in them. It is then that they make the decision for the kingdom of God." Thompson Seton, will give two of his characteristic illustrated talks on animals next Monday, March 26, in the afternoon and evening, at the Marquam Grand. Earnest Thompson Seton is widely known through his books. "Wild Animals I Have Known," "The Call of the Wild," etc. This is the last number of the Y. M. C. A. Star Course.

DR. E. L. KETCHUM. G. A. HURLEY, Passed the Independence Improvement League March II, 1905.

Yeon, a wealthy logger of Cathiamet, for 160,000 damages for alienating the affections of his wife, was dismissed by Judge George yesterday on motion of William Foley, attorney. Since the suit was filed Mrs. Omet eloped with one Miller, a weil-known resident of Oregon City. The pair went to Gakland, Cal., where Miller deserted her. Omet also departed from Oregon, going to San Luis Obispe. Three of the Omet children are attending school at Vancouver, and the eldest is in Portland. Under the circumstances there was nothing for the counsel stances there was nothing for the counse for Omet to do but dismiss the case.

EAST SIDE CANDIDATES.

Many People Are Mentioned as Candidates for Councilmen.

Candidates are making their appearance on the East Side. In the Seventh for Councilman A. G. Rushlight, Louis Daue, W. H. Gordon, M. G. Griffith, E. Gunderson, S. F. White and some others are mentioned. D. M. Donaugh, of Sell-wood, a Democrat, is also mentioned. Mr. Donaugh is president of the Sell-Mr. Donaugh is president of the Sell-wood Board of Trade, and is quite pop-ular in Sellwood. Councilman Dan Sher-rett, was and been Councilman for two years, it is said, will run again. He has been able to heat the Republican candidates at two elections. In the Eighth Ward Sam Mason is

the latest addition to the list. He is an eld Republican war horse. Next come J. A. Newell, W. B. Hall, Edward Renfer, F. L. Possen and some others. Sunnyside will likely have a candidate.

In the Ninth Ward, Albina, George Lewis is the only outsnoken candidate. Lewis is the only outspoken candidate for Councilman. He says he will make the run as a citizen, regardless of politics. R. E. L. Simmons also is mentioned, but he says he is not a candi-

The Ninth Ward may offer a candidate for Mayor in the person of Judge T. W. Vreeland, an old resident and for two terms Justice of the East Side Court. His friends in his ward think he would be good timber for that place. L. T. Peery, in Upper Albina, a prom-inent Democratic politician, is men-tioned as a possible candidate for

Mayor. The only obstacle in the way of "The only obstacle in the way of a Democrat getting an office in this city," remarked Mr. Peery yesterday, "Is the big Republicar, majority, but if Mayor Williams and another good man should be candidates there might be a chance for a Democrat to slip in, but the chance is very slim."

Down in the big Tenth it is hard to find a candidate, but the names of W. C. Peddicord, of University Park; M. E. Thompson, of Multhomah Addition. W.

Thompson, of Multnomah Addition; W. H. Moore, of North Albina, are men-H. Moore, of North Albina, are men-tioned. However, it is probable that Councilman Flegel could be re-elected should be desire to stay in the Council

Thinks Planets Are Keeling Over. CAMBRIDGE, Mass., March 15.-Harvard's astronomers expect to prove or disprove a new theory concerning the nebular hypothesis through the discovery of the seventh satellite of Jupiter by Pro-fessor Pfckering, of Lick Observatory, and the explanation of the retrograde motion

of Phoebe, ninth satellite of Saturn, discovered by him in March, 1896.

Phoebe was found to be traveling in the opposite direction from any known satellite, and Mr. Pickering conceived the idea that when first cast off it was mo ing in a retrograde motion, but as Saturn gradually "keeled over" the planet's mo-tion changed until it was finally rotating directly. The other satellites were thrown off after this motion changed, but Phoele maintained its original motion from rigi to left. His theory is that all planets have keeled over or are keeling over, Jupiter having nearly completed the pro-

MURINE EYE REMEDY. Cures Sore Eyes. Makes weak Eyes strong. Murino don't smart, it coothes Eye pain. Druggists and opticians.

Plac's Cure 40 years on the market, and THE VALUE OF CHARCOAL

Few People Know How Useful It is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purher in nature, but few realize its value when taken into the human system for the same cleansing realize its valu

purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of

the system. the system. Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently

safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels: it disinfects the mouth and throat from the poison of catarrh. All druggists seil charcoal in one form

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in such as the composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form, or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The tally use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit.

can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the br. th, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charenges than in any of the ordinary charcoal tablets."

NO TONGUE CAN TELL SUFFERING

From Itching and Bleeding Eczema -Pain Terrible - Body and Face Covered with Sores - Doctors and Medicines Failed.

ANOTHER WONDERFUL CURE BY CUTICURA

"No tongue can tell how I suffered "No tongue can tell how I suffered for five years with itching and bleeding eczema, until I was cured by the Cuticura Remedies, and I am so grateful I want the world to know, for what helped me will help others. My body and face were covered with sores. One day it would seem to be better, and then break out again with the most terrible pain and itching. I have been sick several times, but never in my life did I experience such awful suffering as with this eczema. I had suffering as with this eczema. I had made up my mind that death was near at hand, and I longed for that time when I would be at rest. I had tried many different doctors and medicines without success, and my mother brought me the Cuticura Remedies, ing that I try them. I began to feel better after the first bath with Cuticura Scap, and one application of Cuticura Ointment. I continued with the Soap and Ointment, and have taken four bottles of Cuticura Resolvent, and consider myself well. Any person having any doubt shout this wonderful cure by the Cuticura Remedies can write to my address. Mrs. Altie Etson, Bellevue, Mich."
