NONOLULU DOCTORS' OPINION ON MRS. STANFORD'S DEATH.

They Reply to President Jordan's Theory and Stand by Conviction That Strychnine Killed Her.

HONOLULU, March 17. - Edmund Shorey, chemist of the United States Agricultural Station and Drs. Wood. Murray and Humphris, have signed a statement replying to Professor Jordan and Timothy Hopkins, who recently anand Timothy Hopkins, who recently announced their conclusions that the death
of Mrs. Stanford was due to natural
causes. They characterize the statement
of these gentiemen as astonishing, and
reiterate their finding that strychnine
was the cause of the death. They say
that the publication of the Jordan-Hopkins opinion makes it incombent upon
them to reply, and they give the following reasons why the death must have
resulted from strychnine poisoning: resulted from strychnine poisoning:

Pirst-Mrs. Stanford died during a characteristic strychnine convalsion, which was seen by Drs. Humphris and Murray.
Second—A post-mortem showed rigidity identical with that peculiar to cases of this

class of poisoning.

Third—The post-mortem revealed no other cause of death, from any affection of the stomach or intestines. They contained no undigested food and were in a bealthy con-

Objects to Issue of Mandate in Northern Securities Case.

WASHINGTON, March 17.-William P. Clough, for the Northern Securities Con pany, made application to the Supreme Court today for issuance of the mandate in the case of E. H. Harriman and oth-ers against the Northern Securities Company in accordance with the decision of pany in accordance with the decision of the court is favor of the company. He based it on the ground that until the mandate should be issued, \$5,000,000 worth of property would be tied up by the in-junction of the New Jersey Court and this was an injustice to the people and the owners of the property.

the owners of the property.

Maxwell Evarts, representing the opposing side, objected to the motion, saying that the mandate should not issue until the opinion of the court in the case is handed down. The court took the mat-ter under advisement after directing that the application of Mr. Clough be printed. Mr. Evarts' objection to the issuance

of the mandate was based on the ground that it would render futile Har-riman's right to petition for a rehear-ing, as the Northern Securities Company intended to immediately distribute Its namets.

Dozens, yes, we might say, hundreds of your friends and neighborn have investigated our present offers, and have secured one of our fine new pianos at first of all, an enormous saving in price, and secondly, on the very easiest terms of payments ever submitted.

This proposition has been carefully figured out, and we are positive in our statements that you will never again after this sale closes be able to secure a good, warranted, standard piano for so small a price as just now.

And never again will it be possible for you to secure one on such ridiculously easy terms of payment.

Five dollars down and \$1.25 a week certainly looks easy, and it is easy. Get a plano in Club A at these terms, at prices ranging from \$117 for the usual \$20 styles to \$212 for instruments regularly selling for as much as \$25.

Allow us to call especial attention to planos in Club F. Here are instruments of almost every American make, used planos, shopworn planos, planos dropped from present catalogues—all at wonderful savings from regular retail prices.

A large oak-cased Ludwig, \$185; another plainer case, \$185; a Royal in good order, \$185; a Smith & Barnes, also in good shape, \$185; elegant little Heinre upright, mottled French wainut finished case, could hardly be told from new, \$185; very showy walnut cased Starr upright, practically new, \$190, and dozens of others. Payments in Club "F" are \$10 down and \$185 weekly.

HE LAXATIVE OF KNOWN QUALITY There are two classes of remedies: those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character. There are two classes of purchasers: those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect

its beneficial effects if they do not get the genuine remedy.
