The school children are enthusiastic over the plan, and are promising to do great things when their organizations are in working condi-tion. Steps are now being taken in sav-eral of the schools towards forming the juvenile boards, and in a short time it is

thought that the majority of the children will be interested in the work that is being planned for them. The interest in the prize contests start-ed by the committee on parks, trees and flowers is increasing, and more and more children are clamoring for the seeds be-ing furnished by the committee to those who are willing to enter the contests. Yesterday afternoon George H. Lamber-son, the chairman of the committee, divided 17 pounds of sweet pea seed into 500 packages, and sent them to the dif-ferent achools where they will be dis-tributed among the children who may

Saved a Child's Life Special Correspondence, From Wichitz, Kansas. Mr. Joseph Tack, living at 423 W. 2nd Street, this city, one of the oldest and best known engineers in the State of Kansas, tells an interesting story in which he saved the life of Mary, the beautiful child of section foreman Wade Roy. Masy was sweet company for her mother, and she always ran with smiling and joyful glee to meet her father as he came from work, and her happy disposition banished any cares or worries that he may have had. For two months little Mary lay at the point of death. The family physician had called in consultation three of the most skilled of his professional brothers. These good doctors did all in their power, with not a spark of improvement in Mary's condition. They lost all hope, and told the mother that her little darling could not live. The Rescue as Told by the Engineer A year ago I was troubled so with my stomach I thought I had cancer. One Sunday afternoon I had such pain I could hardly stand it. I was at Wichita, where we had three hours' lay over before going to Salina, I went to Arch McVicar's drug store, and asked for a dose of Bromo Soda. He said that would only help for a few minutes and recommended Kodol Dyspepsia Gure for a permanent cure. I bought a bottle and had immediate relief. I took four bottles and am cured entirely. I have run a locomotive engine for twenty-eight years, twenty-five of that time on passenger, where we only have twenty minutes for meals. That is what ruins railroad men's stomachs; that is why I thought it my duty to tell you about this medicine, so that my brothers could be relieved in case of trouble of this kind. I have been a B. While I lay at Kiowa I bought a new bottle of Kodol Dyspepsia Gure, and while sitting in the coach I read a testimenial where children had been cured by taking twenty drops when doctors had given them up, so I poured half of my new bottle in the old one, and when I got back to Ruella, I stopped the eagine in front of the section house and gave him the bottle and told him to read the circular and use his own judgment, that the medicine had cured me. Next morning he was at Anthony smiling and said the child was better from the first dose. In two weeks she was up and running around, and a more grateful family was never seen. Whiskey and Beer Habit PERMANENTLY CURED BY

"ORRINE"

ABSOLUTELY SAFE, SURE AND HARMLESS Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whisky, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor-by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.
