Priceless Hints on Developing Shapely Figure

HOW TO KEEP DOWN FLESH

Madame Wade Tells Her Audience Correct Position for Sleeping and How to Develop Hour-Glass Figure

CHICAGO, March 21.—(Special.)—Revolution has been proclaimed by the Chicago dressmakers in congress here for their semi-annual exhibition.

How to Look Slim; Though Not Behind locked doors, with a strict prohibition placed on the presence of men, Mme. Wade lectured to a large audience of women this afternoon on the proper methods of walking, sleeping and wearing corsets.

Try to avoid attracting attention to your feet, if you want them to seem small. "Any woman can have a shapely figure if she wears the right kind of a corset and puts it on properly.

Cultivate Hour-Glass Figure. "You must have an hour-glass figure with an 18-inch waist," said Madame Wade. "The proper waist measure is 28 inches, but you must make it look 18."

Then Mme. Wade, with the aid of some ravishingly pretty models and some corsets that have been adopted by the National Dressmakers' Association, proceeded to do stunts that astonished and interested her audience.

In the evening Mme. Hunt, president of the association, talked on "The Uses and Abuses of Trimmings."

Over 2,000 men have been thrown out of employment as the result of the shutting down of the Havemeyer sugar refinery in Brooklyn.

The Corn Products Company today announced a reduction from 1 1/2 to 1 per cent in the dividend on the preferred stock.

Although the city ordinances of New York forbid the erection of brick and stone buildings, objection was made to the buildings that have been finished since January 1, and now that the moratorium is expiring, they are falling down.

The funeral service over the ashes of the late ex-Senator Wolcott were held in the Brick Presbyterian church, New York, yesterday, and the ashes were buried in Woodlawn cemetery.

Directors of the American Mining Congress have decided to erect a mining temple in Denver, to be used as headquarters, and also to gather together a permanent mining exhibit. The next convention will be held at El Paso.

On Trial for Deporting Strikers. CRIPPLE CREEK, Colo., March 21.—The cases of Nelson Franklin and about 50 other prominent citizens, charged with deporting some prisoners who were members of the Western Federation of Miners last year, were called in the District Court here today. Objection was made to having jurors summoned by Sheriff Edward Bell, as he is one of the defendants. It was finally agreed that subpoenas should be served by a deputy acceptable to both sides.

Cody Divorce Case Drags Along. SHERIDAN, Wyo., March 21.—Reading of depositions in the Cody divorce case was continued before Judge Richard Scott in the District Court here today. The numerous objections raised by counsel are delaying proceedings. Final arguments will be reached Thursday or Friday, but a decision is not expected until sometime next week.

A Follower of Grip. Many persons find themselves affected with a persistent cough after an attack of the grip. As this cough can be promptly cured by the use of Chamberlain's Cough Remedy, it should not be allowed to run on until it becomes troublesome. For sale by all druggists.
