Receivers Will Go to Santo Domingo.

## ORDER OF THE PRESIDENT

He Accepts Agreement of Dawson and Morales.

## WILL SUPPRESS REBELLIONS

Customs Revenue Will Be Collected Pending Action on Treaty—Party of Rebels Land at Monte Christi.

WASHINGTON, March 28.—President Roosevelt has decided to accept the proposition of the Dominican Government, made through Minister Dawson, for the control of the finances of that republic with a view to settling a portion of the revenue of the republic for the payment of its debts. The officers who will collect the money and hold it will be appointed by the Dominican Government, but the names of the men selected will be referred to this Government for approval.

The attitude of the United States Government is shown in the following instructions given to Acting Secretary Adams: White House, Washington, D. C., March 28, 1905.—The Acting Secretary of State: I have carefully considered the following cablegram from Minister Dawson:

**Dawson's Summary of Plan.**  
"Secretary of State, Washington: Under pressure of foreign creditors and domestic peril, Dominican Government offers to nominate a citizen of the United States receiver southern ports pending satisfactory protocol; four northern ports to be continued under award. Forty-five per cent total shall go Dominican government; 55 to be deposited New York for distribution after satisfaction. Creditors to agree to take no further steps in the meantime and receiver to have full authority to suspend importers' preferential contracts. Italian, Spanish, German and American creditors except the Santo Domingo Improvement Company accept unconditionally. Belgian, French representative will recommend acceptance. Some modest vivendi absolutely necessary. I am ready, if desired, start Washington 28th to explain details and modifications in plan obtainable; whole matter can be held open during my absence."  
**DAWSON:**

**Acceptance Is Ordered.**  
I direct that the Minister express acquiescence in the proposal of the government of Santo Domingo for the collection and conservation of its revenues, pending the action of the United States Senate upon the treaty, to the end that, in the meantime, no change shall take place in the situation which would render useless its consummation or bring complications into its enforcement. The Secretary of War of the United States will present for nomination by the President of the Dominican Republic men to act in the positions referred to in both the northern and southern ports. The utmost care will of course be taken to choose men of capacity and absolute integrity, who, if possible, shall have some knowledge of Spanish. All the moneys collected from both the northern and southern ports not turned over to the Dominican government will be deposited in some New York bank to be designated by the Secretary of War and will there be kept until the Senate has acted. If the action is adverse, the money will be then turned over to the Dominican government. If it is favorable, it will be distributed among the creditors in proportion to their just claims under the treaty.

Meanwhile Mr. Hollander will thoroughly investigate these claims, including the claim of the American Improvement Company, and will report in detail all the information he is able to gather as to the amount actually received by Santo Domingo, the amount of indebtedness nominally incurred, the circumstances, so far as they are known, under which the various debts were incurred and so forth.

**Reasons for Acceptance.**  
This action is rendered necessary by the peculiar circumstances of the case. The treaty now before the Senate was concluded with Santo Domingo at Santo Domingo's earnest request, repeatedly pressed upon us, and was submitted to the Senate because in my judgment it was our duty to our less fortunate neighbor to respond to her call for aid, inasmuch as we were the only power who could give this aid, and inasmuch as her need for it was very great. The treaty is now before the Senate and has been favorably reported by the committee on foreign relations. It is pending and final action will undoubtedly be taken when Congress convenes next Fall. Meanwhile Santo Domingo has requested that the action above outlined be taken; that it also desires in this way to maintain the status quo, so that, if the treaty is ratified, it can be executed. With this purpose in view I direct that the proposed arrangement be approved. It will terminate as soon as the Senate has acted one way or the other.

THEODORE ROOSEVELT.

## WILL HEAD OFF REVOLUTION

United States Will Help Morales to Maintain Government.

WASHINGTON, March 28.—Intimations of a projected movement against President Morales, of Santo Domingo, fomented by exiles from that country, reached the State Department several days ago. The affair is not giving the officials here any uneasiness, as they now feel free, in view of President Roosevelt's acceptance of the Dominican government's proposition to control the finances of that country, to assist and, it is said, will assist President Morales, if requested by the latter, in putting down any movement which is a menace to its best interests. It is understood that General Barba and those who are with him have been in the island of Puerto Rico. Their movements were known to the State Department, and when they left that place several days ago their departure was promptly reported to Washington.

The District of Monte Christi is said to be the hotbed of the revolutionists in Santo Domingo and it was believed Barba and his associates would head for that section. Their reported arrival there consequently caused no great surprise to the Washington officials. The Navy Department has several vessels in Dominican waters and under directions from the State Department, if requested to do so by President Morales, will lend its co-

### ITALIAN CRUISER RETURNS.

Dominican Officials Take This as a Hint to Pay Up.

SAN DOMINGO, March 28.—The Italian cruiser Calabria arrived here this afternoon. Dominican officials regard the coming of the Calabria as significant and declare that an arrangement with foreign creditors is urgently needed in order to prevent complications with foreign powers. The country continues quiet.

### REBELS AT MONTE CHRISTI

First Step in Revolt of Jiminez Party Against Morales.

CAPE HATTIEN, Hayti, March 28.—Advice received here by courier from Monte Christi, on the northern coast of the Republic of Santo Domingo, today announces that General Barba, with a number of Dominican exiles, has landed at Monte Christi, and that the inhabitants have risen against President Morales, reproaching him with being the cause of the present difficulties with foreign countries. It is added that the district of Monte Christi is ready to begin a revolution in favor of ex-President Jiminez and is only awaiting the sign to take arms.

### TRAPPIST COLONY IS COMING

Party of Sixty Frenchmen Will Settle in Oregon.

ST. LOUIS, Mo., March 28.—(Special.)—A party of Trappist brothers from the monastery at Gettysburg, Ky., arrived in St. Louis today on the way to Portland, Or. The trip to the Pacific Coast was resumed soon after their arrival. The members of the party, all of whom are native Frenchmen and most of whom are over 60, although their fresh, rosy complexions cause them to appear far younger, are going to Oregon to establish a new community on land granted by the government of that state.

This is probably a party of Trappists which bought a tract of land near Albany to establish a colony, as announced in The Oregonian at the time. The statement that the land was granted by the state is obviously erroneous.
