

HIS HUNTING TRIP

Itinerary of President Through the Southwest.

BRIEF STOPS ON JOURNEY

After a Day With Rough Riders at San Antonio, He Will Hunt in Texas Panhandle and Colorado.

Programme of President Roosevelt's Hunting Expedition.

Leave Washington April 2.

Louisville, April 4.

Brief stop at St. Louis, Missouri, and South McAlester, 17, arriving at Sherman, Tex., evening of April 5.

Dallas, Waco and Austin, April 6.

San Antonio, evening of April 6 and April 7.

Fort Worth and the Panhandle, April 8.

Hunting in the Panhandle and in Colorado for three or four weeks.

WASHINGTON, March 31.—Mr. Loeb, secretary to the President, today said that the President's party would leave Washington on the Southwestern trip April 2, in time to arrive in Louisville, Ky., early on the morning of April 4. The stay in Louisville is not to be a lengthy one. The afternoon of April 4 will be spent in getting ready for Kentucky. The next morning, April 5, will be spent in Indian Territory.

It is probable, according to Mr. Loeb, that the President will leave Louisville about midnight, April 4. Mr. Loeb thought that there would be no stop in St. Louis whatever and the President would not leave his car, but that there would simply be a change in the yards from the road on which he comes from Kentucky to the Missouri, Kansas & Texas road, which will take the party into Indian Territory. Sherman, Tex., is to be reached in the afternoon of April 6 for a stop of half an hour.

Mr. Loeb says that the stops in Indian Territory will include Muskogee, South McAlester, Atoka, Durant and Vinita. At each of these places it is not expected that the President will leave the train, but he will make one-minute speeches from the rear platform. As the train must reach Austin on the morning of April 6, it will be at Dallas on the night of April 5. All day Friday, April 7, will be spent in San Antonio. So much depends upon some details of the hunting portions of the President's programme that it is impossible at this time to give any information as to the plans beyond San Antonio.

RECEPTION TO ROUGH RIDERS

San Antonio's Programme of Festivities for the President.

SAN ANTONIO, Tex., March 31.—A rousing welcome will be given the Rough Riders at their annual reunion in this city April 6 and 7. The United States Army has been given charge of the ceremonies, which will be in Riverside Park, the original rendezvous of the regiment. President Roosevelt has expressed a desire to see as many of his old comrades here as possible.

After a reception at the Grand Opera House, the Rough Riders will mount benches and proceed to camp. Rough riders and Mexican dancers are part of the programme.

On the second day the Rough Riders will be kept busy during the escort to the President, receiving him at lunch and entertaining him in the afternoon. The President will bid them farewell on the night of the 7th.

Mrs. Roosevelt Goes Yachting.

WASHINGTON, March 31.—Mrs. Roosevelt and three of her children, Miss Ethel and Masters Kermit and Archie, left Washington tonight on the Atlantic Coast line Florida special at Jacksonville, Fla. At Jacksonville they will board the yacht Sylph for a cruise of several days. They do not expect to touch at any ports.

OPERATIONS OF THE GAS TRUST

Legislative Committee Digs for Facts About Its Capital.

NEW YORK, March 31.—Apparent discrepancies of \$1,000,000 in the amount of profits and of \$1,000,000 in the total amount of investments in the statements submitted by the Consolidated Gas Company formed features of the second day of the inquiry by the legislative committee conducting the gas investigation in New York. On behalf of the company it was said that another statement would be presented shortly, showing what disposal had been made of the \$1,000,000 profits. The witness afterward stated that the discrepancies in the accounts were apparently due to the fact that the properties were purchased at a higher price than appeared in the company's statement.

In the process of an inquiry as to the dividends paid by the constituent companies of the Consolidated Gas Company, Mr. Whitney said one paid 3 per cent since 1893 and another an average of 15 per cent in the last three years.

Will Test Kansas Refinery Bonds.

TOPEKA, Kan., March 31.—The validity of the state oil refinery bonds will be tested. This was decided today at a conference, in which Governor Hook, Treasurer Kelly, Warden Jewett, Attorney-General Coleman and Assistant State Auditor Nathan participated. To make a test case, Messrs. Kelly and Jewett refuse to sign treasury bonds. The proceeding in mandamus, therefore, will be against them, and Mr. Coleman will start such an action in the Supreme Court as soon as the papers can be prepared.

Frank C. Montgomery, News Writer.

KANSAS CITY, Mo., March 31.—Frank C. Montgomery, an editorial writer on the Kansas City Journal, died here tonight, aged 48 years. He was the founder of the Hare City, Kan. Sentinel; the

Cheney, Wash. Sentinel, and the Topeka Breeze, and had been employed on Seattle and Tacoma newspapers.

BECAUSE HOOKER WAS UNTRUE

Disappointed Candidate for Postmaster Made Charges Against Him.

ALBANY, N. Y., March 31.—That his part in the agitation against Justice Warren B. Hooker and in the publication of charges connecting the Justice with alleged irregularities concerning appointments and rental matters in the Postoffice at Fredonia and Dunkirk was due entirely to Justice Hooker's failure to secure his appointment as Postmaster at Fredonia, was candidly admitted today by G. C. Tiffany, a Fredonia undertaker, to the Assembly judiciary committee, in its investigation of the charges involving Justice Hooker.

Tiffany declared that he and Justice Hooker had been close friends for many years, and that the Justice, then a representative in Congress, had promised to secure the Postmastership for him, but "had proved untrue" to him.

BRIEF TELEGRAPHIC NEWS.

"Parsifal" yesterday drew 500 people to convention hall at Kansas City, the largest audience ever known there.

General Thomas L. Rosser was stricken with apoplexy yesterday at Charlottesville, Va., and his condition is critical.

Pat Riley, a traveling man for Armour & Co., Henry Dooly, of Bowling Green, O., and David Simons, of Montana, were killed and another man suffered a broken leg in a train wreck near Medora, N. D., on the Northern Pacific road, yesterday.

Fire destroyed a number of buildings at Texarkana, Tex., yesterday; damage \$100,000. The town is partly in Texas, partly in Arkansas, but the fire was all on the Texas side, so is not affected by the cancellation of insurance under the Arkansas anti-trust laws.

In a lot of abandoned goods to be sold on April 4 at the public stores in New York, is a painting of a cow consigned to "Pierpont Morgan, Trust Co., New York," but which was never claimed by the banker. It was valued at \$5.

Five firemen were injured and two fire engines disabled while responding to an alarm for a small fire in Market street, Chicago, Wednesday night. A collision with a crowded electric car, the breaking down of another engine, and an explosion in the building accounted for the men's injuries. The enraged firemen threatened the crew of the car.

Inga Hanson, former Salvation Army girl, convicted of perjury, was yesterday denied a new trial in Chicago and will go to the Penitentiary on an indeterminate sentence. She claimed \$5,000 damages from the Chicago City Railway for alleged injuries in a street-car accident. She claimed to have been rendered dumb, blind and unable to walk and to have been suddenly cured through a miracle as a result of prayer at a religious revival.

Plans for Subway Extensions.

NEW YORK, March 31.—An elaborate supplemental system of underground railway lines in Greater New York, which, if constructed on the plans suggested, will entail an expenditure of hundreds of millions of dollars, is outlined in a report submitted to the Rapid Transit Commission by the commission's committee on plans and contracts. Fourteen separate routes are provided for in the plan. They include two additional subways extending the full length of Manhattan island, one of them reaching into the Bronx; several lines through Manhattan above Forty-second street and a number of cross-town lines between Fifty-ninth and One Hundred and Fortieth street, tunnel under East River connecting Manhattan with the borough of Brooklyn; subway loops connecting the Williamsburg and Brooklyn bridges and an elaborate system of tunnels extending to various points in the borough of Brooklyn.

The committee says that it has received assurances that more than one interest is prepared to construct and operate rapid transit railroads without calling upon the city to advance its credit.

Dr. Harper Made a New Man.

NEW YORK, March 31.—Dr. William R. Harper, president of the University of Chicago, who has been recuperating at Lakewood, N. J., from the effects of an operation, has surprised his physicians by so far recovering that he will be able to start for Chicago in a few days. Dr. Harper declares he feels strong and well again, and that the operation made a new man of him physically.

Dr. Harper will leave Lakewood Saturday for New York. Here he will remain three days to undergo X-ray treatment, and will then proceed to Chicago. Dr. Frank S. Billings says his patient is wonderfully improved. He will accompany him home.

Angel Dancer Shoots Himself.

PARK RIDGE, N. J., March 31.—John McClintock, for many years a member of the band of Angel Dancers at "The Lord's Farm" near here, committed suicide tonight by shooting himself with a rifle. He pulled the trigger with his toe.

Speed of New Turbine Steamer.

MONTREAL, March 31.—Advices received by local steamship agents from Glasgow show that on her official trip today the new turbine ship Virginian attained a speed of 19.55 knots an hour.

There are twenty different cinnamon barks, and they cost from 4 to 55c lb. This explains the market, all but one particular. Schilling's Best is the best with the coarser pieces picked-out; not thrown-away; oh no; they go to some less particular grinder.

Moneyback guaranty.

GRAND PRE-EASTER EXPOSITION OF WOMEN'S SUITS AND JACKETS

Portland's Largest and Foremost Apparel Store is Ready in Earnest for Spring Business

Select your Easter gown, your tailored suit, or Spring jacket while assortments are at their best.

ON THE GRAND PROMENADE

Second Floor.

In Women's Correct Apparel Showings we lead all Western houses. Our policy of showing our clientele superior styles and best values has resulted in such rapid increase of trade that we have been obliged to double the selling space of this department since the close of last season, and now occupy the entire spacious second floor of the main store building, forming by far the largest Apparel Store for women and misses west of Chicago. Here is a complete showing of fashion's latest fancies in Tailor-Made Suits, Coats and Skirts, Afternoon Gowns, Evening Costumes and Wraps. Wearing apparel in correct modes from both foreign and domestic makers. Among the most magnificent of the Afternoon and Evening Gowns are the famous creations of Mlle. Schroeder, the conceded dictator of styles for the fashionable "smart set" of New York. Mlle. Schroeder's creations are to be seen here exclusively. They are confined to this great "Style House" in the West.
