

### GLADDEN WILL COME

#### Congregational Leader Will Speak at Fair.

### WIRES ACCEPTANCE OF CALL

#### Minister Who Led Fight Against Acceptance of Rockefeller Money for Mission Work Will Speak at Auditorium Sept. 17.

Rev. Washington Gladden, D. D., the famous Congregational preacher and author, who has been leading the fight against the acceptance of \$100,000 from John D. Rockefeller, because he regarded it as "tainted" money, will attend the Lewis and Clark Exposition. A telegram was received last evening by the committee on congress and conference containing Dr. Gladden's acceptance and stating that he would consent to lead the Sunday services at the Exposition auditorium on the afternoon of September 17. The subject he will speak upon has not been announced.

Dr. Gladden is the first of a large number of prominent men of the country to set definitely a date for his appearance, although at an early day the entire calendar will be filled, as final arrangements are now being made by the committee whereby leaders in the world of thought will come here to participate in Sunday

### LEAGUE WILL MEET

#### One Thousand Delegates Will Attend.

### IN BEHALF OF THE STATE

#### Fifty-Two Organizations Will Send Delegates to the Big Convention in Portland of the Oregon Development League.

Exhibitors increasing daily. Many exhibitors were busy about the exhibit palaces and buildings yesterday installing their exhibits. A New York electrical company and several Eastern wholesale firms put men at work constructing and decorating booths and transferring the displays from places of storage to the point of exhibit. Before the end of the week, it is believed by the exhibit department, at least 100 exhibitors will be at work.

The National Cash Register Company put a force of carpenters at work during the forenoon constructing the theater, wherein stereoscopic views will be given of the industrial plans pursued by the company in Ohio, where the employees have a colony and share in the profits of the business. This theater, which will be free, will be a great center of interest to laboring men.

### LEAGUE WILL MEET

#### One Thousand Delegates Will Attend.

### IN BEHALF OF THE STATE

#### Fifty-Two Organizations Will Send Delegates to the Big Convention in Portland of the Oregon Development League.

Wednesday and Thursday, April 26 and 27, have been chosen as the dates for the second annual convention of the Oregon Development League. The Marquam Grand Theater has been offered for this occasion. It is expected that there will be more than 1000 delegates at this convention, and special car parties are being organized from several points throughout the state.

An open rate, good for everybody, of one fare for the round trip on the O. R. & N. from La Grande and all points East and one and a third fare for the round trip for points between La Grande and Portland has been announced.

### LEAGUE WILL MEET

#### One Thousand Delegates Will Attend.

### IN BEHALF OF THE STATE

#### Fifty-Two Organizations Will Send Delegates to the Big Convention in Portland of the Oregon Development League.

### RESTORE FAILING STRENGTH

#### What to do with Tom McGlinn, of the Tuxedo saloon, is troubling Judge Hogue these days. The court wants to even up matters between the Tuxedo, the Pullman Cafe and the Girard, by fining each an equal amount, as he says the three saloons have been openly and flagrantly violating the 1-o'clock closing law.

Yesterday Attorney John F. Logan appeared in court for McGlinn, saying his client has already paid \$60, while "Bill" Cody, of the Girard, has paid but \$40. Cody disliked being the only saloonkeeper to be fined more than \$25, as he said it looked bad, and on the strength of this, the court reduced his fine from \$50 to \$40. John Conrad, of the Pullman, has paid \$30. The McGlinn case was set for final action today.

### MAY BUY CHURCH PROPERTY

#### Milwaukee Land & Power Company Formed for This Purpose.

The Milwaukee Land & Power Company is being organized at Milwaukee with a capital stock of \$100,000 for the purpose of purchasing the Church waterfront of twelve acres and encouraging the location of manufacturing concerns. At the meeting of the Council Monday evening in Woodmen of the World Hall Charles Short and Ben Irwin were present with the proposition in writing. It was then announced that nearly five acres could be disposed of at once, but that the owner wanted to dispose of the entire tract and would not sell fractions.

If the company could be formed to take the whole property it was thought that manufacturing concerns could be induced to come to Milwaukee. On the twelve-acre tract there is water-power, to the amount of nearly 300 horse-power, which

### RESTORE FAILING STRENGTH

Mrs. C. C. Smith, 58 Bowen St., Nashua, N. H., says: "My trouble began with hemorrhage of the bowels. I became white as snow, my heart palpitated and my head throbed continually. My limbs swelled and I grew too weak to walk. Doctors said my case was incurable and that I had but a few weeks to live. Then my son-in-law brought me the best remedy ever discovered for wasting diseases."

### Dr. Williams' Pink Pills for Pale People

and they stopped the pain at once. My flesh and strength came back and now I am well and able to do all my household work.

SOLD BY ALL DRUGGISTS.

### Neuralgia And Other Pain.

All pain in any disease is nerve pain, the result of a turbulent condition of the nerves. The stabbing, lacerating, darting, burning, agonizing pain that comes from the prominent nerve branches, or sensory nerves, is neuralgia, and is the "big brother" of all the other pains.

### Dr. Miles' Anti-Pain Pills

leave no bad after-effects, and are a reliable remedy for every kind of pain, such as headache, backache, stomachache, sciatica, rheumatism and neuralgia. They also relieve Dizziness, Sleeplessness, Nervousness, Car-Sickness, and Distress after eating.

"For many years I have been a constant sufferer from neuralgia and headache, and have never been able to obtain any relief from various headache powders and capsules, until I tried Dr. Miles' Anti-Pain Pills. They always cured my neuralgia in five minutes time." FRED B. SWINGLEY, Cashier 1st Nat. Bank, Atkinson, Neb.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. It costs 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

VIEW OF TRAIL FROM BRIDGE OF NATIONS, SHOWING RAPIDLY GROWING PAVILIONS OF CONCESSIONAIRES.

conferences and the congress which will be held on week days. The committee expects to complete its preliminary work and file a report before the end of next week.

The acceptance by Dr. Gladden was a pleasant surprise, as there had been no assurance he would come. His presence was very much desired, and a formal invitation was sent on to him some days ago. His acceptance was prompt, coming by wire last evening.

From his stand against the acceptance of "tainted" Rockefeller money he has come in for attention throughout the country. The money was offered to the Congregational Board of Foreign Missions. He was widely known, however, aside from this incident, being the author of many books on religious subjects and one of the leading Congregational preachers of the United States. He is a resident of Columbus, O.

### ART GALLERY IS FIREPROOF

#### Building Being Constructed to Safely House Costly Treasures.

Work was begun yesterday on the art gallery, which will be known as the Museum of Arts, and wherein will be hung some of the choicest art treasures of the world. The structure will be one of the most novel on the grounds, and in fact one of the most unusual art galleries in the world. The idea in its structure is to render it entirely fireproof. To do this, the use of framework, steel and plaster had to be dispensed with. Artificial stone is being used altogether. Of this material the walls will be built up solid, no space being left for windows, although there will be three rows. The roof will be filled in solid with heavy timbers, thickly coated on either side with fireproof material. When finished the building will be absolutely immune from fire.

This course was necessary to get National and individual owners of art treasures to send on their valuable paintings. Furthermore, the Exposition would not care to assume the responsibility for several million dollars' worth of paintings and works of art, unless every element of danger were removed. The value of the art collection will represent a greater value than that of all the exhibit buildings put together, which is not to be wondered at when it is taken into account that there will be single paintings from Italy worth well in the neighborhood of \$100,000. Art treasures are being sent from the German Imperial Galleries, from the Italian Royal Galleries and from a big Russian art association, as well as from less pretentious sources. The art gallery will be ready for use in about a month.

### KNIGHTS OF COLUMBUS GUESTS

#### Five Thousand of the Order From East Will Visit Fair.

C. B. Bergin, of Los Angeles, was in the city yesterday and tells of several thousand Eastern people whom he will pilot to Portland during the Exposition.

Mr. Bergin is the special representative of the National council of the Knights of Columbus and has been for some time traveling through the various cities of the country working up interest in the National convention which is to be held in Los Angeles for a week beginning June 2. He met with the local council last night and told the members here that a great meeting would be held in the Southern city, the expectation being that more than 15,000 knights and their ladies would be in attendance.

It is stated by the representative that a special train will be run from the Sound cities to the convention, as a large number of people have already signified their intention to take the trip.

But it is the story of the return trip that is of interest to Portland. Not taking into consideration any of the

12 feet. A telegram was received yesterday by Director of Exhibits Dices from the Baldwin Locomotive Works, of Philadelphia, stating that the big locomotive has just been shipped for Portland. After the Fair the engine will be put in service by the Southern Pacific Company.

### HOSTESS FROM EACH CITY

#### Nineteen Washington Towns Will Thus Be Represented at Fair.

SEATTLE, Wash., April 4.—(Special.)—These are the Washington towns which will entertain at Portland during the Lewis and Clark Exposition: Seattle, Tacoma, Spokane, Bellingham, Everett, Walla Walla, Aberdeen, Olympia, Ballard, Fort Townsend, Hoquiam, North Yakima, Roslyn, Vancouver, Colfax, Port Angeles, Republic, Dayton and Snohomish.

### ELECTRIC LINE TO TROUTDALE

#### Road Will Be Completed by Next September.

Troutdale will have electric railway connections with Portland in September, as the Oregon Water Power & Railway Company is planning to run a spur from its Greenham line, from a point two and one-half miles west of Greenham, to Troutdale and the mouth of the Sandy River, a distance of eight miles, at a cost of \$250,000.

The extension is but one of a series that the company has in mind for bringing business to its main line. The company is now operating 88 miles of track, to Camas on the Willamette and to Cazadero on the Clackamas River.

The survey for the new line has been made and the company is now securing right of way. An official of the company said yesterday that the owners of land along the proposed route appear to realize the benefits to be derived from the road and to be willing to treat with the company on reasonable terms.

When surveys of the electric company were working, others, evidently of the Northern Pacific, appeared on the north bank of the Columbia, thus giving rise to rumors that the Northern Pacific was aiming to get into Portland from Lytle, the terminus of the Goldendale road, over the Oregon Water Power & Railway's tracks and that the electric company was really an adjunct of the Northern Pacific. Officials of the electric company say that the rumors are without any truth whatever and that the simultaneous appearance of the two crews of surveyors on both banks of the Columbia River was a mere coincidence.

The county east of Portland has been progressing rapidly since the electric line was extended thither and residents of Troutdale await its coming with eagerness.

The time required to build the Troutdale extension will be four months. The distance of Troutdale from Portland is eighteen miles.

dale and Portland will be a fare and a third for the round trip.

### Will Convene at Marquam.

The convention will assemble at the Marquam Grand Theater promptly at 9:30 o'clock Wednesday morning, April 26, when all delegates will be asked to register and receive badges.

### Two General Meetings.

There will be two general meetings of the league. All the time not occupied by the general meetings will be devoted to the discussion of specific industries through dividing the convention into sections. Those especially interested in fruit-raising will have the opportunity of discussing the subject with an expert as chairman. The same will be true relative to dairying, mining, livestock, etc.

The towns and counties throughout the state which are not already identified through membership with the state league are requested to improve the opportunity afforded by this convention to come in and enjoy membership.

Every possible effort will be put forth to decide upon a plan at this convention which will result in getting the most good for Oregon as an outcome of the Exposition. Such plans have been much discussed throughout the state, and it is certain that through a consensus of opinion of the best-informed men in the state and those who have had greatest experience, that a campaign will be decided upon which will result beneficially to every portion of Oregon.

### Bodies in the League.

The league is made up of the following local bodies: Albany—Albany Commercial Club; E. C. Roberts, secretary. Arlington—Arlington Commercial Club; S. A. Thomas, secretary. Ashland—Ashland Board of Trade; C. H. Gillette, secretary. Astoria—Astoria Chamber of Commerce; Charlie Higgins, secretary. Baker City—Baker City Development League; Orville Johnson, secretary. Burns—Burns Board of Trade; Dr. W. L. Marston, corresponding secretary. Coquille—Coquille County Improvement League; Jay Bowman, secretary. Corvallis—Benton County Citizens' League; E. B. Wilson, secretary. Cottage Grove—Cottage Grove Commercial Club; F. H. Rosenberg, secretary. Dallas—Dallas Board of Trade; J. C. Hyster, secretary. Drain—Drain Commercial Club; A. T. Fetter, secretary. Echo—Citizens' Association of Echo and vicinity; H. C. Willis, secretary. Enterprise—Wallowa County Development League; J. H. Huntington, secretary. Estacada—Estacada Development League; J. B. Huntington, secretary. Eugene—Eugene Commercial Club; R. S. Bryson, secretary. Fairview (postoffice, Clatsop)—Fairview Civic Improvement Club; A. L. Stone, secretary. Forest Grove—Forest Grove Board of Trade; W. H. Hollis, secretary. Grant's Pass—Grant's Pass Miners' Association; W. B. Sherman, secretary. Harrisburg—Harrisburg Development Club; Ira A. Fodge, secretary. Heppner—Morrow County Development League; C. B. Woodson, secretary.

### IN THE CITY'S TROUBLE SHOP

It was a peach of a jag that Carl Schneider got aboard Saturday night and early Sunday morning, in honor of his 21st birthday. So important was the event, he thought, that nothing but a pippen of a spree could properly set it off. Therefore, he gathered together Philip Minner and John Grieder and turned himself loose.

Various brands of booze were consumed by the trio, and by early morning the young man who had just attained his majority felt like throwing boxcars over skyscrapers. As there were neither cars nor the necessary buildings near, he picked out a barrel which occupied a place on the sidewalk in front of a restaurant at First and Madison streets. He let go with his foot, and sent the thing over, spilling its contents into the street.

After this big accomplishment, Schneider and his friends gave vent to a series of ear-splitting shrieks, and then hurried into the restaurant to eat. Patrolman Smith, having heard the screams, was soon upon the scene, and looking about him, saw the overturned barrel and its contents in the street. Seeing the effect, he peered about for the cause and fancied he saw it sitting at a counter in the restaurant, eating a big steak. He went in and arrested Schneider, and his friends, sent them to police headquarters and booked them on charge of drunk and disorderly.

When the trio faced Judge Hogue yesterday, they were more calm than when they were in the restaurant. They had but little to say regarding the matter, but Schneider admitted kicking the barrel, and they were fined \$10 each.

When Mrs. Edna Maynard awoke yesterday morning and found herself in the City Jail, she was greatly surprised. It was still more strange to her, when Bailiff Goltz led her into the Municipal Court and informed her that she was charged with being drunk.

She was dazed in the morning, far earlier than most people. The fact is, she was intoxicated, and what led her into trouble was that she seated herself in a man's automobile on Stark street, and intended to leave it when he asked her to do so.

Patrolman Hirsch, of the gallant second relief, arrived and had the chauffeur run himself and prisoner to the City Jail, where with the help of Captain Bailey, Sergeant Taylor, Jailor Lillis and Driver Price, she was removed and locked up.

She begged real hard to be released, and as her offense was not very bad, her prayers were granted.

### Bicyclists Are Fined.

Twelve bicyclists were arrested by Patrolmen Cole and Hooley yesterday morning for riding on the sidewalk on East Morrison Street. Nine were men and three were girls. The girls were released by order of Chief Hunt, and the men taken before Judge Hogue. They contributed \$5 to the city.

### Run Down and Nervous

#### VINOL COMPLETELY RESTORED MRS. BURNS' HEALTH.

Woodard, Clarke & Co., Our Well-Known Druggists, Agree to Return Money if Vinol Fails.

"Many people right here in Portland are all run down, hardly able to drag about, don't know what ails them. This condition is probably caused by a cold, or cough, which is hard to cure, overwork or too close confinement to business. Such people need Vinol," said a member of Woodard, Clarke & Co., and the following letter is only one of many which we are constantly receiving showing what Vinol will do.

Mrs. W. T. Burns, of Memphis, Tenn., who is National press correspondent of the W. R. C., writes: "Last Winter I caught a severe cold, which it seemed impossible for me to get rid of. I became much run down, lost my appetite and flesh and felt nervous and irritable. Vinol was recommended, and it certainly worked wonders for me; it increased my appetite, cured my indigestion, cough and nervousness, and I sleep soundly. I consider Vinol a wonderful remedy." Vinol cures such conditions because it

MRS. W. T. BURNS.

is the only preparation in the world that contains every one of the 10-odd medicinal curative elements found in fresh cod-livers and without one drop of useless oil, which characterizes old-fashioned cod liver oil and emulsions. It imparts in a natural manner strength and vigor to every organ of the body, aids digestion and makes rich, red blood.

Vinol is printed on the bottle; it contains iron and, in a highly concentrated form, all of the vitalizing properties contained in cod liver oil. It is delicious, and the weakest stomach can retain it. We ask every run-down, nervous, debilitated, aged or weak person in Portland and every person suffering from stubborn colds, hanging-on coughs, bronchitis or incipient consumption to try Vinol on our guarantee. It costs nothing if it fails to give satisfaction. Woodard, Clarke & Co., Druggists.

The Highest nutrient quality is found in

### Hunter Baltimore Rye

which is made from the choicest of selected grain, most carefully and scientifically distilled and undergoes thorough aging before it is sold.

Sold at all first-class cafes and by Johnson, W. M. LANAHAN & SON, Baltimore, Md.

### Heels of New Rubber

Medicine is given for a purpose. It through its agency, that purpose is accomplished, the medicine soon becomes known as a reliable remedy. But all medicines are not remedies.

The purpose of rubber heels is to bring comfort to the wearer, absorb the jars of locomotion and to save life from electricity, through cushioning the heels of shoes. But all rubber heels are not cushions.

O'Sullivan Heels are made of new rubber, lively, springy, resilient, so that its wearers may realize the true value of cushions for the feet.

Other heels of second used rubber costing the same (50c pair, attached) fail to accomplish the purpose intended.

The O'Sullivan Rubber Co. will forward a sample pair for 35c. to people who are urged to buy substitutes.

### I CURE RUPTURE

I do not require patients to leave home or drop their regular work, nor do I resort to surgical operations or other painful or inconvenient methods of treatment in order to effect a cure.

I furnish each patient with one of my patent pneumatic trusses (pad inflated with air, making it the best and easiest truss to wear), and this truss is to be worn during the few weeks my treatment requires, after which it may be discarded forever, and the patient will be permanently cured.

The cost of my treatment (including the truss) is very small, and as a complete cure is certain the patient takes no risk in dealing with me.

If you are ruptured and will write to me at once and tell me all about your case, I will make you a proposition so liberal that you cannot afford to turn it down if you really want to be cured.

Write today. Address, IGNATZ MAYER, M. D., Suite 24 Chamber of Commerce, SEASIDE, MICH.

### BLOOD POISON

\$3.50 BOOK FREE

100 PAGES, 25 PICTURES, 1000 QUESTIONS, 1000 ANSWERS, 1000 REMEDIES.

This wonderful book tells everything you want to know and everything you should know in regard to blood poison. Ignorance begets misery; knowledge brings health and happiness.

Write for the book to the author, J. H. WOODARD, 200 Second Ave., Seattle, Wash.
