

BAKER WILL GO IN

Decision Reached on Eastern Washington Marshal.

LINDSEY'S FATE IN DOUBT

Candidate for Attorney Considered Too Young and Inexperienced—Marshall's Appointment Also Awaits Action on Case.

OREGONIAN NEWS BUREAU, Washington, D. C., April 4.—It is apparently settled that George H. Baker, of Goldendale, will be appointed Marshal for the new Eastern Washington Judicial District, but the time of his appointment is uncertain. It is not likely that Joseph B. Lindsey of Spokane will be appointed United States Attorney for this district, though this question is yet to be settled.

The report of Special Agent Ramsey, who investigated the charges against Baker and Lindsey, gives both men good characters, sets aside the more or less severe charges made against them and finds nothing against either man, except that Lindsey is young and has had comparatively little practice before United States courts.

Washington Senators are hopeful that Attorney-General Moody will not reject Lindsey on account of his age and lack of experience, for he is highly endorsed and is said to be fully competent to fill the District Attorneyship. The Senators will call on the Attorney-General tomorrow to learn what decision has been reached. If Lindsey is turned down and they are requested to recommend another man for Attorney, they will not announce the selection until they know their man meets with departmental approval.

It is furthermore declared that Baker will not be appointed until the President is ready to appoint an Attorney as well, which probably means that both offices will remain vacant for two months to come, unless Judge Whitton makes temporary appointments to hold until the places are regularly filled by the President.

BRADY CALLED TO ACCOUNT

Must Give Up Office or His Mining Company.

OREGONIAN NEWS BUREAU, Washington, D. C., April 4.—Some time ago Secretary Hitchcock's attention was called to the fact that Governor Brady of Alaska was a stockholder in and a very active promoter of the Reynolds-Alaska Development Company, operating in Alaska and in the States. The Secretary is making improper use of Mr. Brady's position to promote his own interests so Mr. Brady was called upon to explain. He failed to do so, so the Secretary telegraphed today directing him to either sever his connection with the company or resign the Governorship.

Idaho Gives Up Worthless Land.

OREGONIAN NEWS BUREAU, Washington, D. C., April 4.—The General Land Office today accepted the relinquishment by the State of Idaho of 45,000 acres of land which had been selected under various grants in the Seven Devils Mountains and afterwards found to be worthless. The State originally selected 60,000 acres of this land, all in Eastern Idaho.

NOT INSTRUCTED TO PROTEST

Belgian Minister Denies Objection to Dominican Agreement.

SAN DOMINGO, April 4.—Belgian Minister Willems in an interview with the correspondent of the Associated Press here today, regarding the report from Antwerp that he had been instructed to protest against the proposed agreement between the Government of the United States and government of Santo Domingo for the payment of the foreign bondholders of the Dominican Republic, said that so far he had not received any instructions to protest against the agreement.

Protest Against Arrangement for Collections in Santo Domingo.

NEW YORK, April 4.—The Belgian committee of holders of Santo Domingo bonds refused today to sign any agreement with the proposed arrangement between Santo Domingo and the United States, and will protest against the plan, says a Times dispatch from Antwerp.

FOREIGN NATIONS AGREE.

No Protest From Belgium, and Others Accept Modus Vivendi.

WASHINGTON, April 4.—Although Baron Moncheur, the Belgian Minister, saw Mr. Looney, the acting Secretary of State, today, he did not discuss Santo Domingo affairs with him. The Belgian Legation here has received no protest from the Belgian creditors concerning the American agreement. Generally speaking, the European envoys here have given their governments favorable reports regarding this agreement. The State Department has had not the slightest intimation that the agreement was unacceptable to any of the European creditor nations. Minister Dawson in his cablegram of March 28 said:

WENT OFF HALF-COCKED

DIPLOMATS' VIEW OF KAISER'S SPEECH AT TANGIER.

They Think He Acted Hastily, and Will Not Push Policy Which Would Irritate Two Powers.

LONDON, April 4.—Inquiries in diplomatic circles as to a despatch interest in the situation created by the Kaiser's intervention in Morocco. It is recognized that the respective flanks of Germany and France are irreconcilable. The latest versions of the Kaiser's remarks in Morocco represent him as declaring that no power shall come between Germany and the sovereign state of Morocco.

CABLE COMPANY TAKES APPEAL

Frenchmen Not Satisfied With Decision in Venezuelan Court.

CARACAS, Venezuela, April 4.—The French Cable Company today appealed from the decision of the President of the highest court to the entire court. Dispatches from Caracas dated March 31 stated that President Arana of the highest court had decided that the French Cable Company had forfeited its franchise by failure to fulfill its part of the contract. The cable company's counter-suit against the government for damages sustained by the company in the Matos revolution was upheld. Five days were allowed the company to appeal to the entire court, whose decision is final.

HIS OLD DEALS BEAR WITNESS

Burns' Own Signature Produced to Prove Doyle His Partner.

COUNCIL BLUFFS, Ia., April 4.—Pleading of J. F. Burns in several old mining suits in Colorado rose up today to embarrass him in the Portland case, wherein he is a defendant. They showed that at one time he claimed a partnership with James Doyle in the Hobbs No. 2 claim, now under dispute. Burns' attorney tried to exclude this evidence, claiming the papers were prepared by a lawyer and filed without Burns' signature, but they were overruled. It was shown also that Burns had secreted patents to all the claims in his own name, notwithstanding that others were interested with him in them, as he acknowledged.

THEY CONTINUE THE FIGHT

Congregational Preachers Appeal to Church Against Rockefeller Gift.

BOSTON, April 4.—The committee of Congregational clergymen who are protesting against the acceptance by the American Board of Commissioners for Foreign Missions of John D. Rockefeller's gift of \$100,000 will have to conduct the crusade unaided by the prudential committee of the American Board. After a protracted conference today between representatives of the protesting clergymen's committee and three members of the prudential committee, the latter refused absolutely to join the protestants in their movement to bring before the Congregational clergy of the country the reasons advanced for or against the acceptance of the gift.

MAKE THE BAYONET LONGER

Taft Decides It Shall Not Be Used for Entrenching.

WASHINGTON, April 4.—Secretary Taft today approved a recommendation made by General Chaffee, Chief of Staff, based on the report of an Army Board which made a special inquiry into the subject of the Army bayonet in all its phases, as a weapon and as an article of equipment of the soldier, prepared for a new bayonet. This inquiry was made as a result of the experience of the armies in Manchuria. In his memorandum to the Secretary of War, General Chaffee says:

THE GREATEST LIVING TENOR

AND THE Weber Piano

Signor Caruso, the great Italian tenor whose triumphs during the opera season the past winter are familiar to every one, adds another signal recognition of the Weber Piano Company, Acolian Hall:

“Gentlemen: The opera company, as you know, will begin its tour on Monday in New York, and I would appreciate it very much indeed if you will arrange with your representatives to provide me with one of your incurable pianos for the various cities we will visit. I should feel very much at loss to be without a great instrument like yours. These superb instruments, which have become very much attached to the exquisite tone of these great pianos, have become a part of my life. No other piano possesses a tone which blends so well with the human voice or is so satisfactory to the vocal artist as the Weber.”

Appreciating your kindness, I remain, Gentlemen, your obedient servant, ENRICO CARUSO. The same qualities which have caused the Weber piano to be the instrument selected by the great singers of the day also make it the ideal piano for the home. Its sympathetic tone, richness and beauty of voice have given it a position pre-eminently among the great pianos of the world. Weber pianos are sold in the Northwest by this house only. They are one of our three great leading pianos, the Chickering piano of Boston and the Kimball of Chicago being the other two.

Arrangements for purchasing these matchless instruments by moderate payments can be made by those who prefer to make their purchase in this manner. See the instruments at our store or write for art catalogue, same will be mailed upon request. Eilers Piano House, 311 Washington street, corner Park. Warehouse stores also San Francisco, Stockton and Oakland, Cal.; Spokane and Seattle, Wash.; Boise and Lewiston, Idaho.
