and caused some revival of missivings over the future supply. The active speculation of indoxtials has resulted in some decline in their favor as collaisral for loans. The per-sistent strangth of sterling exchange also, in view of the low rates for foreign discounts and the relative firmness of money, however, has something of a injetery and induces a surmise that remittancia are being made for some special purposes, possibly on sub-scriptions to the Japanese Ioan placed last work. Guite a brink recovery followed the late re action in the market, and the closing was irregular, but only a few stocks recovered to the top level. Bonds were strady. Total sales, par value Bonds were strady. Total sales, par value

pects for the Winter wheat coop were as-signed as grounds for special strength of some of the Southwestern railrands. Estimates of the week's currency moviment indicated a small gain in cash by the banks, but call money rose again to above 4 per cent, and caused some ravival of misgivings over the future sumby. The active superlation of
