ops of grain and grasses, except in a few erattered localities in the eastern sections where the cold weather in February killed some grain that was not well protected by snow. The re-seeding of these areas was soon afterwards completed. The Fall grain which came through the Winter unharmed is in excellent condition; the plant is well rooted and it has stooled luxuriantly. Forage crops have made excellent growth and pastures and ranges afford abundant feed for stock. Lambing is well along and the losses have been slight. Goat shearing is nearly completed and an average city of mohair has been secured.

The season is much earlier than usual, and be farmers have their work well in hand.

Spring plowing has advanced rapidly and
many farmers in the Willamette Valley have
their Spring wheat all seeded. Early sown Spring grain everywhere has come up to a good stand, and the grain crop generally is in a very satisfactory condition. Rapid progress has also been made in planting garand those planted early are making ress; some vinus are far enough advanced for training and twining, and this work now requires considerable attention. Corn ing has just started in Southern Ore-

CAUSES NERVOUS TONE IN THE STOCK MARKET.

News of the Day is in Favor of Values, but Uncertain Temper Holds Throughout Session.

NEW YORK, April 11.—A nervous and apprehensive tone was reflected in the movements of stocks throughout today's session. The grounds for the suspicious were not mustifiest from any event in the public knowledge, but their influence upon the trading was nevertheless effective. Professional operators changed to detective. bot their influence upon the trading was nexerthelease effective. Professional operators
claimed to detect evidences of selling by inside interests in differnt properties. Actual
events were in favor of values. The Govertment report of the April 1 condition of
the Winter wheat crop was a notable instance, but the crop promise at this earlyperiod and with the uncertainty of the growing season to be faced proved unavailing to
hold the market.

The holding of a meeting of the Northern
Securities Directors was another source of
uncertainty. The results of the meeting proved
to be enigmatical to the general surmises in
the stock market. The uncertain tone of the

to be enigmatical to the general surmises in the stock market. The uncertain tone of the market was indicated by its constant fluctuations, the course of prices changing at least once during every hour of the scaling. The opening was decidedly strong, and there was another comparative rally after the first decilie.

Later in the day there were individual relate of strongth illinois Central was the

points of strength. Illinois Central was the conspicuous feature of the day, and it geomed to meet with little opposition in its sevence. There was a disposition to give the day's favor to this stock as the chosen property designed for absorption on account of the Union Pacific preferred stock issue, but the supposition was as lacking in authority as the various others on the same subject which have been set aftest from time to time. The uncertain temper hald throughout, and the closing itself was irregular, but with the day's extremes much reduced.

Bones were irregular. Total sales, parvaiue, \$2,750,000. United States bonds were all unchanged on call.

JULY WHEAT IN DEMAND

IN LATER MONTHS. Opening is Weak as Result of Gov-

crnment Crop Report, but Selling Pressure is Light.

CHICAGO, April II.—The strength in the whest market developed during the last half of the session. At the opening the sentiment was bearish as a result of the Government crop report, showing Winter wheat to be in excellent condition. According to the Government figures, the sverage condition of Pallsown wheat on April I was Bi.6, against 76.5 on April I, 1904. The action of the market, however, demonstrated quite plainty that the report had been generally discounted. July opened is: to be lower, at 804,8869. May was off be to be lower, at 804,8869. Italian Boy's Throat Cut in Sleep. NEW YORK, April II.-While Camille Saraono, 19 years old, was asleep at his home at Brooklyn today, a man broke into the house and cut the youth's throat, almost severing the head. The police are searching for Paul Catilino, a man of 56, by whom Saraono was employed. The police say that Saraono and Catiline had outs for some time, and quarreled again last evening.

The long-expected gasoline motor-car ordered for the West Side run of the Southern Pacific will reach Portland the latter part of the month. It has been re-peatedly tested in Omaha, and at the last run, held Monday, developed and main-tained an average speed of S miles an hour for a round trip of practically 160 miles, the time including all stops made
