

OFF AFTER BEARS

Roosevelt Completes His Chase After Coyotes.

HAS HIDES OF EIGHTEEN

Trophies of Oklahoma Hunt Go to White House—He Starts for Colorado, Where the Bears Are Plentiful.

FREDERICK, Okla., April 12.—President Roosevelt ended his hunt and broke camp this afternoon, but did not leave the hunting ground in the big pasture until nearly 8 o'clock to-night, staying inside to eat supper with the wolf-chasers. The special train was waiting here and the President and his party entered the cars and started south to Texas over the St. Louis & San Francisco Railroad. According to schedule, the train was to leave for the Fort Worth & Denver Railroad at Vernon, Tex., at 9:10 P. M. and the journey to Colorado began. No provision is made for stops or speeches, the public portion of the President's tour.

Ex-Delegate Dennis T. Flynn, Governor Thomas B. Ferguson and Representative John H. Stevens, of Texas, who arrived last night, were present to show their respects to the President on his arrival here.

About 11 o'clock this morning John Abernathy, the President's secretary, said that on this, the last day, he was going to bring in two wolves himself. The President laughed, but Mr. Abernathy left the President's presence at 1 o'clock this afternoon. He had two wolves, a live one on his person and a dead one in his hands. This afternoon two other wolves were caught, making a total of 18 for the week.

WOLF-HIDES FOR WHITE HOUSE

Trophies of Chase to Be Preserved—Train Well Guarded.

OKLAHOMA CITY, Okla., April 12.—It is reported from Frederick tonight that the hides of the 18 wolves killed during the President's hunt were forwarded to Washington and dressed. They will be placed in some room of the White House as an ornament and a memento of the notable hunt.

The same precautions respecting the safety of the President's train on the trip back into Texas are being exercised tonight as were so closely observed on the day of his arrival. Track-walkers have been stationed every mile, and no trains have been permitted to pass over the road within the 12 hours previous to the arrival of the special.

WILL GIVE HIM MOGUL ENGINE

Colorado Midland's Unique Present to the President.

COLORADO SPRINGS, Colo., April 12.—For two hours tomorrow evening this city will be the center of a hunt for the President who will arrive here at 7:30 P. M. and leave at 9:30 for the west. He will be escorted to the residence of H. B. Stewart for the purpose of selecting his hunting outfit.

A telegram from Secretary Loeb is to the effect that the Presidential special will arrive on time. Five minutes before the departure for New Mexico a pilot train will be sent over the route.

President Roosevelt is to become the owner of the monster Colorado Midland "mogul" engine No. 45, which has been selected to haul his train to Newcastle. No. 15 weighs 20,000 pounds and is valued at \$25,000. The presentation will be made by John Hopkins on behalf of the Colorado Midland and the train crew, so that when the President returns from his hunting trip he will be hauled from Newcastle by his own engine.

NO SCARCITY OF BEARS TO KILL

President's Guides Have Located Four, and Trail Others.

NEWCASTLE, Colo., April 12.—There has been a fresh snowfall in this region, and the roads to Camp Roosevelt were impassable today. By telephone, however, it is learned that the men and animals in camp are suffering no hardships, and John Goff says that unless more snow falls everything will be in good order when the President arrives.

BUY THEM OUT.

(Continued from First Page.)

The misinterpreted today is the protest against the individual effort. He favored the encouragement of the individual effort and opposed the undertaking by the Government of work which the individual could do better. He has been taken into consideration as a public ownership in applying any man's talents to conditions arising after his death is necessary to know not only what he said, but the reasons for what he said. Nothing is more unfair than to permit a man to say as to defeat the reasons which he back of the work. Jefferson's aim was to protect the rights of the individual and to give him the maximum of stimulus. A private monopoly, such as public ownership is intended to prevent, does not enlarge the sphere of the individual or inspire him to high endeavor. The actual effect of a private monopoly is just the reverse, and wherever the principle of private monopoly enters the Government must operate the monopoly or violate all of the principles taught by Jefferson.

Opposed Long-Time Debts. The third Jefferson doctrine that is now being misinterpreted and misapplied is his argument against long-time debts. He took the position that the debt belongs to the generation to each generation and that a preceding generation had no right to mortgage the earth beyond its occupancy of it. If his doctrine had been adopted it would be much easier to deal with the problems of today, but it is manifestly impossible to permit a man to

FOUR ARE INDICTED

Beef Trust Men Accused of Blocking Justice.

BY SENDING AWAY WITNESS

Lawyer and Three Other Employees of Trust Packery Accused of Sending Away Important Witness to Canada.

CHICAGO, April 12.—Four men, three of whom are employees of the Schwarzschild & Sulzberger Company, and the other an attorney for that corporation, were named in an indictment returned this afternoon by the grand jury which is investigating the beef trust. It is charged that the four men obstructed and impeded Deputy Marshal A. A. Bach in his effort to serve a subpoena upon Edwin R. Fish, a clerk employed by the company, who recently returned from Canada. The men indicted are: Joseph Weisenbach, attorney for the Schwarzschild & Sulzberger Company; B. S. Cusey, traffic manager for the company; George D. Hopkins, auditor for the company; Leo S. Joseph, employed in the provision department of the concern.

The indictment alleges that a subpoena was issued for Fish on March 3; that it was given to Bach for service; that the four men had arranged for the departure of Fish from this country to Canada and assisted him in leaving the jurisdiction of the court.

Mr. Weisenbach, who was for several years an assistant to Governor Deneen when the latter was State's Attorney at Chicago, declares that it was at his instance that Fish returned from Canada and agreed to go before the grand jury. This is not denied by the Government officials. Weisenbach also declares that he has never seen or spoken to Hopkins, and asserts that Joseph was never in any manner interested in the matter.

The men were taken into custody shortly after the return of the indictments, and were released on bonds of \$300 in each case.

ADVANCE IN ALL BIG MARKETS

Packers Raise Price and Lay Blame on Cattle-Growers.

CHICAGO, April 12.—Prices of beef have advanced in every important market of the United States. The consumer is paying the advanced price, which to him represents several cents per pound over what he paid up to ten days ago.

Swift & Co., Armour and Nelson Morris state that as beef has been supplied to the retail markets of Chicago or to any other market in the country during the last month and a half except at a loss. This, it is declared, has been partially due to the fact that the breeders of stock and the handlers of range cattle have been holding back on supply until the grass of the range becomes nourishing.

Swift & Co., speaking for the packing interests, this afternoon, issued the following statement:

"During the last six weeks the producers of beef cattle have been receiving about \$1 advance over past prices for choice cattle. This simply means that the advance to the consumer in price would be about \$2 on the one-half of choice cattle that can be used for food purposes. The range cattle producer is the master of the situation."

BUTCHERS DENOUNCE PACKERS New York Trade Up in Arms About Advance in Beef.

NEW YORK, April 12.—Prices of all kinds of meat have begun to rise in New York because of a reported increased cost to dealers of about 2 cents a pound. This advance in dressed beef by the packers means a corresponding increase of from 4 to 6 cents per pound at retail on the average grade of sirloin steak, porterhouse steak and prime ribs of roast beef.

Retail dealers say they received notice of the first advance ten days ago, but postponed it in order of their customers. However, on receiving notice of a further raise next week it was found necessary to make a change in retail prices.

Meetings of the Retail Butchers' and Meat Dealers' Protective Association will be held in all the boroughs to take action. The Brooklyn branch of the Association already has met and discussed the situation. Several retailers bitterly denounced the packers, who were alleged to be taking concerted action. It was declared that while the advance of wholesale prices was attributed to falling off in supplies of cattle at the Chicago stock yards, no such falling off had taken place, and that the raising of prices was entirely unjustified.

CAMPS ON STANDARD'S TRAIL

Garfield Will Learn How It Controls Freight Rates.

TOPEKA, Kan., April 12.—James R. Garfield, Commissioner of Corporations, spent most of his time today investigating freight rate matters in Kansas City with regard to the workings of the Standard Oil Company in Kansas. Tomorrow he will go to Lawrence and hold a conference with Professor E. Haworth, of the University of Kansas, in order to learn about the geology of the oil fields.

Mr. Garfield's three assistants will remain in Topeka for some time. They spent today in further search among the official records of the state and newspaper files to learn the successive steps of the oil agitation in Kansas.

Representative P. P. Campbell has gone to Chanute from here. He will meet Mr. Garfield there tomorrow night and assist him in his preliminary investigations. The matter of discrimination will be looked into, and especially the question of freight rates and the relation to the complete abandonment of the Standard pipe-line. It is alleged by the producers that as soon as the Standard pipe-line to Kansas City was completed the freight rates on oil, instead of being lowered so that other might compete with the Standard, was raised to a point to make shipping prohibitive and the producers were compelled to sell to the Standard or not at all.

ST. LOUIS GRAND JURY REMOVES DEFECTS IN FORMER INDICTMENT.

ST. LOUIS, April 12.—United States Senator J. R. Burton, of Kansas, was re-indicted by the Federal Grand Jury today on the charge of accepting fees to the amount of \$250 from the Risk Guaranty & Securities Company, of St. Louis, in connection with the Standard Oil Company.

The new indictment contains five counts. The first three specify that Senator Burton made an agreement to accept \$250 to look after the interests of the St. Louis concern.

Count No. 4 charges that he received a \$500 fee, and No. 5 charges that he received an additional fee of \$50. Recently, the Supreme Court of the United States set aside the verdict against Senator Burton, who was convicted of unlawfully accepting fees from the Risk Company, on the ground that the money he received was not paid according to the evidence.

Lady Curzon's Offer of Help. SIMLA, India, April 12.—Lady Curzon, wife of the Viceroy, has invited all the Europeans and Indians injured during the recent earthquakes who are able to be moved to come to the Walker and Ripon hospitals at Simla, as her guests.

The invitation was sent through the Lieutenant-Governor of Punjab, with an intimation that the American Viceroy will gladly defray their expenses.

Senator Platt Still Improving. WASHINGTON, Conn., April 12.—Senator O. H. Platt's condition was reported today as showing continued improvement.

Finland's Plea for Relief. HELSINKI, Finland, April 12.—The Senate today resolved to petition the Emperor of Russia to withdraw the general embargo from Finland.

PURCHASED BY

A DISTINGUISHED OFFICER

A Handsome Pianola-Piano Sent to Port Townsend, Wash. by Eilers Piano House.

One of the very finest styles of Weber Pianola Pianos was purchased by Eilers Piano House last Wednesday by Captain George T. Barnay, of the United States Army, who with his family, at present, is now stationed at Port Townsend, Wash.

The Pianola Piano, which is the very latest and most important development in piano construction, is rapidly gaining a tremendous popularity with the most cultured people. Incorporated in its single case is not only the piano, but the means of playing it, thus placing this most beautiful of instruments within the grasp of the vast multitude of music-loving individuals, who are unable to complete with the hands of the original keyboard, however, is still a feature of the piano, and unobstructed, for those who wish to utilize it. A small sliding panel in front of the piano, an extra pair of pedals and four small levers are all that indicate the presence of the Pianola mechanism. The Metrostyle, which is now a feature of all Pianolas, is also incorporated in the Flanola Piano. This furnishes the performer who utilize the Pianola mechanism with the means of following upon the music roll by means of interpretation given previously by an accomplished pianist. No means are provided to substitute his own taste and judgment in playing.

The Weber Piano, containing this wonderful mechanism, is one of the finest pianos made, and the presence of the greatest majority of musicians, on account of the exquisitely sympathetic quality of the tone, and the ease with which Captain Barnay is handsomely pleased in the purchase of this instrument.

Flanola Pianos, Metrostyle Pianolas and Aeolian Orchestras, are sold by Eilers Piano House, 1214 Washington street, corner Park. Moderate terms of sale may be arranged. Write us for particulars.

Standard Asks the Impossible. TOPEKA, Kan., April 12.—The Standard Oil Company has filed in the Supreme Court a motion "to make more definite and certain" the petition in the suit filed by Attorney-General Coleman to oust the Standard Company from the Standard pipe-line.

It is alleged by the producers that as soon as the Standard pipe-line to Kansas City was completed the freight rates on oil, instead of being lowered so that other might compete with the Standard, was raised to a point to make shipping prohibitive and the producers were compelled to sell to the Standard or not at all.

APPEARS ON NEW CHARGE.

Nan Patterson Arraigned for Conspiracy With the Smiths.

NEW YORK, April 12.—Nan Patterson was brought into the court of general sessions by her own consent to plead to the charge of conspiring with J. Morgan Smith and his wife, Miss Patterson's sister, to extort money from Caesar Young. She was not allowed to plead to the charge, however, as Assistant District Attorney Rand assigned Judge Foster that she be not arraigned, holding that unnecessary now.

Miss Patterson's counsel requested that the minutes of the grand jury which indicted her be investigated. This was opposed by Mr. Rand, who asked for a delay of one day in order that Miss Patterson might be arraigned in company with J. Morgan Smith and Mrs. Smith tomorrow. Although Miss Patterson's counsel vigorously objected to the delay, the court ordered that she be taken to the charge to be put over until Friday. She will be placed on trial again next Monday on the charge of having murdered Young.

BURTON IS INDICTED AGAIN. St. Louis Grand Jury Removes Defects in Former Indictment.

ST. LOUIS, April 12.—United States Senator J. R. Burton, of Kansas, was re-indicted by the Federal Grand Jury today on the charge of accepting fees to the amount of \$250 from the Risk Guaranty & Securities Company, of St. Louis, in connection with the Standard Oil Company.

The new indictment contains five counts. The first three specify that Senator Burton made an agreement to accept \$250 to look after the interests of the St. Louis concern.

Count No. 4 charges that he received a \$500 fee, and No. 5 charges that he received an additional fee of \$50. Recently, the Supreme Court of the United States set aside the verdict against Senator Burton, who was convicted of unlawfully accepting fees from the Risk Company, on the ground that the money he received was not paid according to the evidence.

Lady Curzon's Offer of Help. SIMLA, India, April 12.—Lady Curzon, wife of the Viceroy, has invited all the Europeans and Indians injured during the recent earthquakes who are able to be moved to come to the Walker and Ripon hospitals at Simla, as her guests.
