Things broke badly for the Portland bowling team last night and the best it could do was to land fourth in the fiveornered telegraphic bowling contest. None of the men rolled up to their usual form, but this might be accounted for by reason of the newness of the alleys and the fact that the men did not have sufficient time in which to become accustomed to them. The individual scores for the three games

were:	Tel.	24	24.
Kneyse	165	196	182
McMenomy	273	155	155
Ball	207	201	198
Capen		203	186
Unfortunate splits were the game and pulled the badly. Taking everything	strun	res d	own

tion however Portland made a good showing and had the team been playing on older alleys would have given Seattle ose rub for second place. Balt Lake's score may well be regarded as phenomenal and brings it into the rec-

Portland's end of the contest was watched by an interested crowd of bowlers and much enthusiasm was manifested.
The affair has proved to be a success The affair has proved to be a success and monthly contests will in all proba-

be arranged. Following the tournament the players and a number of bowling enthusiasts met at the Portland Hotel for a supper, during which the Portland Bowling Asso-ciation was formed. This association will have as its members all people interested

This association will send a team Spokane on April 24 to enter the North-western tournament to be held there on that date. The team for this event will practically that which played last ht. From now until their departure for Spokane the boys will put in a good deal of practice and they confidently be-lieve that on the 24th they can make a better showing even on strange alleys.

CONSPIRACY CHARGE DROPPED Prosecution Fears to Furnish Evi-

dence to Nan Patterson.

NEW YORK, April 14.-The indictment charging Nan Patterson with conspiracy with J. Morgan Smith and Mrs. Smith to obtain money from Caesar Young was dismissed in the Court of General Sessions today at the request of Assistant District Attorney Rand. Counsel for the Smiths demurred to the indictment against the Smiths, and declared that the facts aileged against them did not constitute a crime. The court reserved the decision. Counsel for the Smiths endeavored to se-

cure the return of property taken from Miss Patterson, who is about to be tried again for the murder of Caesar Young, was brought into court with the Smiths, Mr. Rand told the court that a mistake had been made in drawing up the indict-ment against Miss Patterson, and that it tended to prejudice her position in the murder case. In asking for the dismissal of the indictments against her, he reserved the right to resubmit. Miss Patterson was manded to the Tombs Prison. The effect of the action will be to prevent her counsel from getting at the Grand Jury inutes, which might have aided in her

In support of his contention that the facts charged against the Smiths did not constitute conspiracy, their counsel read an intercepted letter from Julia Smith to Caesar" Young in which the writer stated that Miss Patterson was about to become a mother, which is one of the allegations in the charge of conspiracy to get money from Young. Counsel said the statements us to Miss Patterson's health did not bear out the allegations, and that the alleged threatening of Young with a revolver, if true, was an independent offense. He de clared that false pretenses could not be considered extortion

TELEPHONE CO. GETS NAMES If Council Refuses It Franchise It Will Appeal to Voters.

With the closing of the registration of voters the Home Telephone Company, which is trying to secure a franchise for the installation of automatic telephones in Portland, withdrew its force of signaturegatherers at the Courthouse yesterday. It has secured 10,584 signatures to its etition for the referendum, or 8389 more

names than the law requires.

The matter of granting the franchis will come before the City Council for final passage on May 3, and it may not be necessary to submit the question to a yote of the people, but the new company proposed to take no chances upon what the Council might do, and therefore kept

its solicitors busy According to the city charter, only 15 per cent of the names of voters at ast general election must be appended to a petition asking that a matter be sub-mitted to a vote of the people; but to convince the Councilmen that the public really desired the franchise granted the company secured the names of all voters
