CALLED IN THE SENATE INQUIRY

List of Railroad Men Who Are Asked to Give In Their Testimony.

SAY THEY WILL APPEAR

Chairman Elkins, of the Committee on Interstate Commerce, Has Announced Programme, Beginning Today.

WASHINGTON, April 16.-Following is a list of the railroad men who have been requested to appear before the Senate committee on interstate commerce. which will begin its inquiry into railroad egislation next Monday:

W. K. Vanderbilt, of the New York Central. George Gould, of the Gould system. E. H. Harriman, of the Union Pacific. J. Hill, of the Great Northern.
J. Cassatt, of the Pennsylvania.
D. Kenna, vice-president of the Atchison,

Topeka & Santa Fa. alker D. Hines, general counsel of the isville & Nashville, Bond, general counsel of the Baitt-

Winslow Pierce, general counsel of the Gould ident Hughitt, of the Chicago & North-

President Ripley, of the Atchison, Topeka & nt Tuttle, of the Boston & Maine.

President Truesdale, of the Delaware, Lacks-President Spencer, of the Southern; President Mellen, of the New York, New Haven & Hartford, and President Fish, of the Illinois

Of these, only Messrs, Cassatt, Fish and Tuttle have signified a willingness to at-tend, and they say they will not be able to be present at the beginning of the com-mittee's sitting. A number of other wit-nesses have been summoned, however, and it is expected that the committee will be able to proceed soon after com-ing together. Among the non-railroad men to be heard are Senators Spooner, Knox and Morgan; Professor W. H. Rip-ley, of Harvard, and Victor Morawetz. the eminent corporation attorney, of New

committee has been summoned to meet at 3 P. M. Monday, and Chairman Elkins, of the committee, has announced his purpose to go very thoroughly into

The resolution under which the hearings will be held directs the committee "to consider the question of additional legis-ation to regulate interstate commerce and to authorize the Interstate Commerce Commission to fix rates of freights and fares and to acquire further information as to interstate commerce, including violations or evasions of the anti-rebate law and the devices and methods by which such evasions are accomplished, and including refrigerator and other private car systems, industrial railway tracks, switching charges, and the like, and also to consider what legislation should be snacted in relation to the liability of the railroad companies engaged in interstate traffic or operating lines in any territory of the United States for injuries received by their employes when in the discharge of their duty."

CONGRESS OF RAILWAY MEN

Thousand Delegates From Many Parts of the World.

WASHINGTON, April 16.-Nearly 1000 delegates, the owners and operating of-ficials of more than 400,000 miles of railway in different countries, constitute the personnel of the International Railway Congress, which is to hold a ten days' session in this city beginning May 4 next. At the close of the congress the delegates are to make a thorough inspection of the railways of the United States,

The congress is somewhat unique in its ganization, purpose and manner of con-ucting its affairs. It was organized in 1885 and has held sessions every five years since. Its first session, held in Brussels, celebrated the fiftieth anniversary of the opening of the Belgian railways, Milan, Paris, St. Petersburg and London have been meeting places since, Paris having

had two sessions.

At the session in that city in 1960 the invitation of President McKinley to hold the meeting in Washington was accepted. Congress at its last session enacted appropriate legislation committing this Government to participation in the congress.
In the absence of President Rossovelt,
Vice-President Fairbanks will accept the post of honorary president and open the congress with an address of welcome, aferward extending the courtesies of the Nation to the delegates at the White House. The preliminary formalities over, the congress will resolve itself into five sections and proceed with business, in French and in secret.

All of the papers to be presented have been under consideration for some years, all have been printed, and the delegates are thoroughly familiar with their con-tents. All of the topics to be consid-ered are technical and necessarily devoid of popular interest.

The honorary presidents representing the railways of this country will be A. J. Cassatt and E. H. Harriman, while the actual president will be Stuyvesant Fish, of the Illinois Central Railroad. The lines these three gentlemen represent touch one another and form a continuous line of rall from the Atlantic to the Pacific, passing through the heart of the continent extending from the Great Lakes to

First Over the San Pelro.

LOS ANGELES, Cal., April 16.-The convention, which begins its meeting in this city Tuesday night. The train left Sait Lake at 8 o'clock

The train left Salt Lake at 8 o'clock
Saturday night and if it comes in on order was finally restored the congress time it will have made the run of 778 proceeded to the discussion of technical miles in 35 hours, a fraction less than subjects under consideration, 25% miles an hour, including all stops.

Grand Trunk Station Burned.

DURAND, Mich., April 16.-Fire tonight destroyed the Grand Trunk union station here, in which are located the general offices of the roads division west of Port Huron. The build valued at \$125,000.

Bolse Man Hurt in Great Blow.

struck by flying timbers and severely in-In the vicinity in Magum much damage was done by hail and wind, and many houses were damaged. A heavy rain, as-suming the volume of a cloudburst, fell

FLEE FROM THE MASSACRE

Russian Jews Expect Great Slaughter at Easter.

SPECIAL CABLE. VIENNA, April 17 .-- Another large party of emigrants to the United States has

arrived at Galatz. All are Jews, and come from the neighborhood of Odessa. They state that they have fled from Russia because they had received trustworthy information that massacute Jews are being planned all throughout Central and Southern Russia during the Easter festivities soon to begin.

They declare that the plan is to have the control of th forthy information that massacres

ome one disguised as a Jew strike Gentile woman on the street of each city or town during the holiday merrymaking. Armed ruffians will be on hand and will make a pretense of chasing the culprit, who has been instructed to make for a given rendezvous in the Jewish quarter. The mob will then attack the quarter. The mob will then attack the Jews indiscriminately and kill as many of them as they can before the authorities are forced to act.

The latter know all about the plans

and are expected to ald the murderers in every way they can, although, in order to "save the face" of the government, they will put down the riot after the damage has been done. The Jews who have arrived here also say that by this plan the Russian government exby this plan the Russian government ex-pects to pull through the Easter holipects to pull through the days without a revolution. The mobs are expected to be satisfied with permission to kill Jews and to abandon the mission to kill Jews and to abandon the

The authorities of all the Russian cities, according to the Jews now here, are treating the Jews with unusual harshness in order to make them rebel, if possible. Every person arrested for creating any disturbance is said to be a Jew, and the police officials are trying to create an impression that every crime can be laid at the doors of the Jews. This stirring up of class hatred is hav-ing its effects, and in many cities the lews do not dare leave their houses, excepting in the middle of the day. It is expected that fully 5000 Jews will arrive during the coming week and will proceed via Vienna and Hamburg to

BEYOND THE YELLOW PERIL

All Asia Shows Its Hatred to the Natives of Europe.

ST. PETERSBURG, April 17.-(12:45 A. M.)-The Novoe Vremya prints a dispatch from New York saying that the "yellow peril" is not now derided. Far-aceing business men with their eyes on the Chinese markets have, according to this dispatch, finally awakened to the growing political influence of Japan over China and the prospect of complete in-dustrial domination in the future 17 dustrial domination in the future. Hostility to Russia, says the dispatch, continues, but it is really not against Russian occupation of Manchuria, and is due to the belief that it tends to monopolize the trade of this rich Chinese province. The dispatch says the existence of a secret Chino-Japanese treaty is already hinted,

"The danger threatens Europe as well as Russia, and if Rojestvensky is beaten. all the powers, under the leadership of America, may join to make peace."

Editorializing on this dispatch, the Nolow peril" which Europe and America are facing and refers to the words of a French assent. who, when asked how ong the war would last, replied: "Two hundred years. Europe does not seem to understand the terrible truth."

The Novoe Vremya predicts that the "Enigma of the future historian will be the hostility of some European nations" toward the great struggle between Japan and Russia, which render inevitable a conflict between Russia and Europe," and quotes the words of the Vice-Governor of Jerusalem on the awakening of the Arabs in Asiatic Turkey to show the deep-scated hatred of Asia toward all Europeans and the eventual menace to Europe—not the yellow, but the Asiatic

SIEGE IN THE NARVA QUARTER

Soldiers Are Guarding the Putiloff

ST. PETERSBURG, April 17,-(2:40 A. M.)-Almost a state of slege exists in the Narva quarter, owing to the suspen-sion of the Putiloff Iron Works. Soldiers are stationed inside the works and Cossacks and police swarm in the surround-ing streets. The tension resterday was great, especially when a policeman shot a drunken workman who had drawn a revolver on him, but there was no col-lision during the day. The bodles of the two workmen who

were accidentally killed at the iron works and whose funerals their fellows had planned to make a great political dem-onstration, were interred at drydock.

Blames the Bureaucracy.

ST. PETERSBURG, April 17.-(12:45 A. M.)-The Son of the Fatherland, now the leading exponent of constitutionalism. forcibly denounces the manner in which It alleges, the bureaucracy is trying to defeat the war which all Russia is wag-ing against it. It charges the bureaucracy with inaugurating a systematic campaign to gag public opinion, instancing the recent action against the barristers' congress here, and the prohibition of meetings of other professional bodies in Moscow and elsewhere, all of which it declares, is in direct contravention of the spirit of the imperial ukase of March 2. giving individuals and societies the right to freely petition the throne on the subject of the general welfare.

At the same time the paper charges the oureaucracy with inspiring the local au-horities everywhere to fight the reform movement by setting one class of the population against the other. "All the efforts of the bureaucracy to

still public opinion," the article says, "will be in vain; all the old tricks will be unavailing. It has sown the wind and will reap the whirlwind."

Politics Raises a Big Row.

MOSCOW, April 16.—The Waterworks Congress, attended by 350 representatives LOS ANGELES. Cal. April 16.—The first through passenger train in the history of the Sait Lake division of the San Pedro, Los Angeles & Sait Lake Railroad will arrive in Los Angeles some time tomorrow morning. It is due at 7 A. M. and brings 500 Woodmen of the World and Women of Woodcraft to the Woodmen's convention, which begins its meeting in this city Tuesday night.

The train left Sait Lake at 8 oclock

Nixon Opens Russlans' Eyes,
