CLEANING UP AT TONOPAH

Only One Death Has Occurred Since Yesterday Morning.

TONOPAH, April 16.—Only one death has occurred since yesterday morning, and was due to unsanitary conditions. Specimens of blood in various stages have been sent to the Marine Hospital Service at San Francisco, with the view of determining the nature of the malady. The town is in charge of six committees, each having a district. They are ordering everybody to remove the filth from their yards. Many closets have been nailed up and others have been upset. The committees worked all today and far into the night. As in all new mining camps, there is much to do.

It is admitted that the death rate in March and April has been high, but the published reports have been greatly exaggerated. The situation is now well in hand. There is no danger for persons who observe the ordinary sanitary rules. The fears of the residents have been allayed, and there is no further exodus.

Dr. Lee, who was sent from Reno by Governor Sparks to investigate conditions, says that there is no cause to declare a quarantine, and that it was not thought of.

Prices Go Up!

Prices of all lots at University Park and Portsmouth will be advanced 10 per cent on May 1, 1905. Don't forget the date. Prices will advance rapidly from that date on. We have told you that lots at University Park will sell for $1000 per front foot within the lifetime of persons now living. This statement rests on reasoning from cause to effect and not on visionary prophecy. It will only require a glimpse to convince any person that business of immense importance is now in process of development on the whole Peninsula and University Park is the very center of this business movement. The sooner you invest the larger will be your profits within the next five years. Prices $60 to $300 each, one-tenth down, balance $5 monthly on each lot, no interest, no taxes, abstract with each deed.
FRANCIS I. M'KENNA,
Room 606, Commercial Block, and University Park Station.
