## **EXHIBITORS ARE** FLOCKING TO FAIR

Thirty-Five Crews of Artisans Already at Work Erecting Display Booths.

#### RESERVE LIST INCREASING

Space Unclaimed by Holders Schedule Time Will Be Withdrawn and Awarded to Reserve Firms.

In a report issued yesterday by theighhibits department it was shown that, 315 cars of exhibits had already been reselved at the Exposition, that 25 exhibitors were now actively engaged in erecting booths for the installation of their exhibits, that the displays of six countries were here, and that actual shelving of all exhibits would begin next.

Monday morning.

In all there are 3000 exhibitors who have been provided apace and the reserve list has increased from 260 to nearly 400 during the past 20 days. All of these have been advised that they must be on the ground by May 1. Communications indicate that by the end of next week the representatives will number seel. the representatives will number well up into the hundreds while all shipments will have been made in accordance with the instruction issued by the department of exhibits.

Yesterday 15 crows of men were at work

on booths in the Manufactures build-ing, ten crews were busy in the Agri-cultural palace, three in the Mining building and seven in the Machinery building. In addition there were two dozen or more men at work transferring the exhibits from the Oriental and Foreign exhibits building which has been used as a store-room, to the point where they are to be shelved. This is necessary to give place to the foreign representatives are arriving from day to day and are anxious to begin with installation of booths. The countries that have their displays on the grounds ready to place sre China, Algeria, Turkey, East Indies, Persia and Japan, Fifteen cars of Jap-anese exhibits are now held up in the reight yards awaiting inspection by usiom officials before being unloaded. Colonel H. E. Dosch, director of exnibits, completed his report with the state-ment that delay had not been found in any direction. In case any of the ex-hibitors are too slow, it is his intention to rule them out and fill up the gap from the reserve list, as it is not intended to have an incomplete space in the Expo-sition because of the slowness of some individual exhibitor. President Goode has stated that the Exposition must be com-plete when opened and the exhibits de-

of Cordwood. The rascality of Andrew Johnson came

to light in the trial of the suit of the Pio-neer Wood Company against Churchley Bros. to recover for 288 cords of wood. The case was decided in favor of the defendant. The evidence disclosed that in November, 1906, Johnson made a contract to furnish cordwood to the Pior Company, and the company advanced to him \$400. In January, 1904, Johnson enlebts and acquire some needed public of wood, and paid for more than was de-atilities, all question relative to the livered to them. The Ploneer Wood Com-Bros, advanced \$900 and received 250 cords pany received no wood. Johnson's next move was to come to Portland and to visit the woodyard of Kirk Hoover. He told Mr. Hoover his name was Herman Fred. and that he required \$300 to save a lot of wood from mortgage foreclosure proceed-ings. Mr. Hoover inquired and ascertained that there was such a man as Her-man Pred, living near Adam's Landing. and that his reputation was good. Sidewalk in Bad Condition.

Many persons having business down to the foot of Flanders street, and particularly mision workers who attend meetings during the evenings at the Seamen's Church and Institute, Front and Flanders atreets, are making complaints regarding the wretened condition of the wooden sidewalk on the south side of Flanders, between First and Second streets. This sidewalk is largely made up of decayed planking, and one portion of it yawns into a hole in the wall. The plank sidewalk on the north side of this block is in better condition, but the crossing at Second street is so bad that walking is difficult there after dark. Many of the other strests in the neighborhood have recently been improved and it is hoped that lower Flanders street will be the next on the list. It is likely that a proportion of visitors to the Lewis and Clark Exposition will wish to investi-gate mission work among sailors at the Seamen's Church and Institute, and nearly all the mission meetings are held evenings, so that sailors can attend.

Steamer Goes to Honolulu to Carry Gets No Encouragement From People There.

HONOLULU, April 18 .- A cargo of Seattle on the steamer Olympia, having found no private purchasers, was offered today at auction. There were no large quantity of machinery and other bids. Captain Truebridge, of the Olympia, says that a combination has been formed against his cargo and he deborers. It is believed that the repetition of such trips might seriously affect the local labor supply. The Olympia will probably take her cargo back to Seattle at a heavy loss.

GRAIN SHIPPING FROM PORTS

Movement From Portland Is Much Larger in April Than in March.

Portland will make a better showing as a flour-snipping port in April than in March. Last month this city was in March. Last month this city was fifth in the list, as compiled by the Department of Commerce and Labor, of partment of commerce and c United States ports shipping foodstuffs. The flour exports of Portland were 57,183 barrels valued at \$228,734. New York took first rank with 180,268 bar-rels exported, worth \$983,000. Baltimore was second with 90,139 barrels, valued at \$430,983; Puget Sound third with 83,132 barrels, worth \$347,933; Philadelpnia fourth with \$5,534 barrels, worth \$335,359, and San Francisco sixth with, 33,105 barrels, worth \$138,092.

Wheat shipments were very light at all points. The Puget Sound ports shipped 7059 bushels, valued at \$6215; New York 5259 bushels, valued at \$5345, and San Francisco 1080 busnels. worth \$1073. Portland sent no wheat foreign in March.

CAPTAIN LAFFIN REINSTATED

Goes Back to Cable Ship Burnside, by Order of President.

SEATTLE, April 18.-Captain A. H. Laffin, said to be the oldest sailing officer in the National Quartermaster Service, has been reinstated to his old position, that of Commander of the cableship Burnside,

y President Roosevelt.

The order was made about two weeks ago and was the result of a thorough ex-amination by the Executive into the of-ficer's suspension from duty last January. This suspension was due to a serious ac-cident which befell the Burnside in Alas-kan waters November 22, at which time she ran on a rock, necessitating \$25,000 worth of repairs. Captain Laffin was not on the bridge at the lime and was comexonerated by the subsequent

Nearly 5000 tons of the steamer's freight is made up of flour, which is going to Japan, the rush on this commodity at the present time being due to the desire of Japanese importers to anticipate the higher duty soon to go into effect. The flour shipment amounts to 47,120 barrels and is valued at \$188. 510. Another valuable lot of freight on the vessel is a shipment of 1000 bales of cotton for mills at Yokohama and Kobe. There are also several lots of leaf tobacco, aggregating 255 hogsheads, also for Japan. The remainder of the cargo is made up of 72 pieces, 150 boxes and two crates of machinery, 50 cases of canned fruit, ten crates and two cases of crackers, two bales of hay and two cases of metal ware.

The new inn will be easily reached from Portland, the drive passing through the rable resident part of the city, past the Exposition grounds and down the beautifully-shaded Linnton road. This road is now in the hands of a former Government engineer, and when completed will be one of the finest drives in the state. The road is to be oiled, if necessary. The inn will also be easily reached by the St. Johns car, the management having decided to operate a launch in connection with the car service. The line of boats which run to Linnton and St. Johns

will also make a landing at the dock to be erected at the inn.

Harvey S. Winsor, of New York City, pia, says that a combination has been formed against his cargo and he denounces it as an un-American boycott. It is understood that the reason there who succeeds E. H. Conger as Minister to commodations will be provided for horses and automobiles.

Ball Teams at Columbia Tonight.

A. H. Bajlard, manager of the Columbia Theater, has extended a cordial invitation to Manager McCredie and the members of the Portland and Los Angeles baseball teams to attend the performance of "Dora Thorne" tonight. Mr. McCredie accepted the invitation with thanks, adding, however, that if the Portland team does not win today's game it will not feel much like occupying boxes before a home audience tonight. Sanguinity, however, is one of Manager Ballard's chief traits, and with absolute and patriotic faith in the home team he has set aside all the lower boxes for tonight's performance, and confidently, expects them to be occupied by every member of the two teams.

Mount Tabor Fraternal Hall.

One Application Soothed Him to Sleep. Cure Speedy and Permanent.

"When my little boy was three months old his head broke out with & rash, which was very itchy and ran considerable watery fluid. We tried everything we could, but he got worse all the time till it spread to his arms, legs, and then to his entire body, and he came near dying. It itched so he would scratch till the blood ran, and & thin yellowish stuff would be all over his pillow in the morning. I had to put mittens on his hands to keep him from tearing his skin. He got so weak he took fainting spells and we would think him dying. He was almost a skeleton and his little hands were

thin like claws.
"He was bad about eight months when we tried Cuticura. I had not laid him down in his cradle in the daytime for a long time. He had got so that he just slept in our arms all
