at the request of Councilman Zimmerman, which provided for the inspection of meats only at the works of the Pacific States Packing Company, and that the place should be known as the "Portland Abattoir." Carcases of beef, mutton and hogs were to be inspected at certain amounts, and every piece of mest that is offered for sale in the city must bear the stamp of the inspector according to the proposed ordinance. A fee is to be paid by the slauphterers of the animals, and this is to be used to pay the inspector and his deputies.

Meeting.

Next came the petition offered by Dr. Woods Hutchinson to the committee on health and police, and indorsed by them. It was called up for reading, but before the clerk had half finished Councilman Zimmerman moved that it, as well as the preceding ordinance, be referred to a special committee appointed by the Mayor. It was ordered, and the Mayor appointed Councilmen Zimmerman. Whit-ing and Sharkey upon the committee.

That would cost the market men that are doing any amount of business to speak of at least \$30 to \$50 per month, which would be an outrage. We have to pay high taxee, high rent, a city license, and a license for every pound of fish we sell. We are to-day taxed to death, and I know that the taxpayers of the City of Portland do not want to pay any more taxes as they think 40 mills is enough. There is no need of such officers, as 50 per cent of the meat sold in our city markets is inspected by the United States Inspector and bears his stamp.
