HOSPITAL FOR THE EXPOSITION

Plans Announced for Emergency Wards in Charge of Skilled Attendants.

DR. MACKENZIE IN CHARGE.

Surgery, Ambulance and Equipment for Meeting All Emergencies Will Be Provided-Hospital Detachment for First Aid to Injured.

President H. W. Goode announced the appointment yesterday of Dr. K. A. L. Mackenzie as medical director of the Lewis and Clark Exposition. At the came time it was made known that an emergency hospital had been pro-vided for. The work of erecting this structure will begin next Monday. Dr. Mackenzie will have two surgeons and a staff of trained nurses in constant attendance at the hospital, and this force will be increased if necessary. The idea of the Exposition management is to provide against all emer-gencies that may arise. In crowds gencies that may arise. In crowds numbering well into the thousands there are bound to be cases of sudden liness. For example, there were 5,000 cases attended to by the emergency staff at the Buffalo Exposition. Of course, the list will not be anything like that figure here.

No Danger From the Heat.

In the first place, the pleasant tem perature will make heat prostrations improbable and preyent other forms of illness. But while every precaution is to be taken against accidents, an en-tire absence of mishaps in immense crowds such as will attend the Fair is hardly to be expected. At any rate the Exposition will be prepared to meet any emergency. Dr. Mackenzie

DOUGLAS AND SOLONS DIFFER

Governor's Economic Plans May Prevent State Sending Delegation.

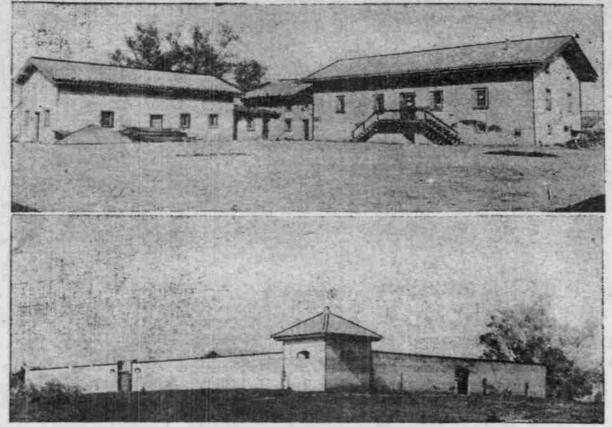

BOSTON, Mass., April 20 .- (Special.)-Trouble has begun between Governor Douglas and the Legislature over the question of sending a state delegation to the Lewis and Clark Fair at Portland. The Governor wants to send a delegation, but in the face of his recent afternoon and applauded the members economy message feels compelled to cut down the representation to nine. To cap the climax, he has announced that he intends to go outside the Legislature for ling. They are very angry and each an orator, and wants either Richard Ol-

ney or John D. Long.
The Legislature will not submit to any The Legislature will not submit to any specific an abridgement of its prerogatives and, unless the party is made up as it wishes, will refuse to vote money for the trip. Unless, therefore, the Governor went down into his own pocket, Massachusetts will be unrepresented at the Fair.

The Legislature proposes to have a goodly representation instead of limiting it to a niggardly nine.

Hoffman Brothers' Action Against the Pacific Construction Company and Others Is Robbed of Its Sensational Features.

All the sensational allegations in he complaint in the suit of Hoffman Brothers against J. R. Bowles, George F. Heussner and the Pacific Construction Company to recover \$3900 on a contract of concrete work done in the construction of the Front-street bridge were scricken out by Judge Frazer yesterday. As the case now stands, it s reduced to a plain suit to recover the amount alleged to be due.

Hoffman Brothers took a subcontract from the Pacific Construction Company in which Bowles and Heussner are supposed to be interested. The complaint streets be recommended to the City filed recites that the defendants represented to Hoffman Brothers that William C. Elliott, then City Engineer, would measure the work done in such a way that Hoffman Brothers could do well on the contract. No measurements were made until City Engineer Wanzer assumed the duties of his of-fice, and Hoftman Brothers say they lost on the contract, and so have sued

to recover \$3000.

The complaint contains allegations of fraud in the securing of the con-tract to build the bridge by the Pacific Construction Company, and charges that its members are unknown and mysterious people, and many other things of a sensational character, ail of which the court struck out as immaterial and irrelevant and having mathing whatever to describe the court struck out as immaterial and irrelevant and having nothing whatever to do with the con-tract entered into by Hoffman Brothers and the Pacific Construction Company concerning the concrete work.

I willingly make this liberal offer because Dr. Shoop's Restorative is not an ordinary stomach remedy. It does not, indeed, treat the stomach remedy. It does not, indeed, treat the stomach reset that control and operate the stomach liself. It goes beyond—it freats the nerves that control and operate the stomach the serves that control and operate the stomach trouble is really only a symptom that there is serious nerves trouble inside. That is why my remedy succode. That is why my remedy succodes. That is why if can afford to make this offer.

Tet do not misunderstand me when I say "negves." I do not mean the nerves you ordinarily think about. I mean the automatic stomach nerves over which your mind his no control. I have not the space here to explain to you how they may be vitalized and testored. When you write I will send you a book which will make these points clear. But this much is certain—alling nerves cause all forms of stomach trouble—indigestion, belehing, hearthurn, insomnia, nervousness, dyspopsia. No stomach medicine will cure these aliments. Only nerve treatment will do that. No other remedy than Dr. Shoop's Restorative even claims to reach these nerves.

What alis the stomach nerves? Worry, probably, Mental anguish destroys their tiny fibers and tears down the telegraph lines without which the stomach has no more self control than a sponge. Overwork

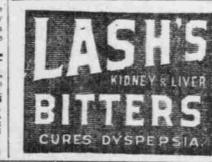

tiny fibers and tears down the telegraph lines without which the stomach has no more self control than a sponge. Overwork will do it. Irregular habits will do it. Overscating will do it. Dissipation will do it. But the effect is the same—stomach failure. Ne matter how these nerves became impaired—I know a way to rebuild their strength—to restore their vigor. It is a remedy which took thirty years of my life to perfect—a remedy which is now known in more than a million homes—as Dr. Shoop's Restorative.

If you have stomach trouble and have first their wife, which is an advertised my remedy, merely write and ask. Heels of New Rubber

If heels were right that now are wrong our shoes would last us twice as long—and so would our strength.

According to the plans of nature, hard sather neels cannot be right they deleather heels cannot be right—they de-stroy the poise of the body—far the spine— and their tendency to wear over at the side wrenches the shoes out of shape. Nature designed a heel cushion for the foot to protect the anatomy when showmakers spoiled it, O'Sullivan designed a cushion for the shoe.

When it is fully realized that a woman weighing 150 lbs. lifts with her feet daily in the course of housework and shopping 1.188,060 lbs., cushion heels will be considered indispensible.

O'Sullivan Heels are the only kind that are made of new rubber. They are honest heels. Dishonest heels are on the market at the same price—50c, attached. The O'Sullivan Rubber Co., Lowell, Mass., will send a sample pair for 35c. to any person who is asked to buy substitutes.

No Benefit No Cost.

If you are weak and wornout-if you are nervous, irritable, have headache, backache, neuralgia, or periodical pains, it is because you have exhausted your nerve force.

If you cannot sleep, and are thus robbed of the rest which nature demands for the restoration of mental and physical vigor, your system will continue to run down.

Dr. Miles' Nervine restores vitality by soothing and strengthening the nervous system, thus inducing refreshing sleep, and imparting strength and vigor to all the organs of the body.
