

RALLY FOR ROWE AND FOR GLAFKE

Candidates for the Mayoralty Both Have Rousing Meetings.

NO LUKEWARM SUPPORTERS

Each Selects a Hall in the Same Building on the Same Night for Political Gathering of His Cohorts.

The nonplumness of many countrymen who will pass the gauntlet of rapacious hotel runners at the Union Station next Summer and the... Candidates for the Mayoralty Both Have Rousing Meetings.

Advantage of the Climb. The Rowe contingent had one advantage. It is easier to get into three fights, and some catholic-minded and lazy-limbed voters probably carried there rather than surmount the rarefied heights above.

Has Its Own Quartet. But the Glafke meeting had the added attraction of a quartet of sad-faced young men, who at intervals sang barber-shop ditties concerning the Suwanee River, an unlovely stream, and a wayward maiden who had plumb forgotten them.

Trades Council explaining why he belonged to the Citizens' Alliance. The ward vice-presidents of the Rowe Club appointed by President Stapleton after the meeting were: Dr. Norris Cox, First; Joseph M. Healey, Second; George Heller, Third; L. B. Sealey, Fourth; Tyler Woodward, Fifth; Dr. O. P. S. Plummer, Sixth; W. P. Burrell, Seventh; J. J. Kaedler, Eighth; James Glasgow, Ninth; and Professor J. T. Drake, Tenth.

Glafke Makes Response. Mr. Glafke responded to repeated demands for a speech by reading his platform as already published supplementing this with positive assurances that he was not dominated by any machine or political influence. He was vehement in asserting that he had no alliances with other candidates or factions and had made no promises of municipal patronage.

apparent last night that he is also something of a public speaker. His remarks were pointed and interesting. He reported the total membership of the club at 290 and confidently predicted that it would reach 600 before May 8.

Address by Newbegin. A portion of his address follows: As a member of this club and chairman of the membership committee, I wish to report that your committee is meeting with great success in securing members, much greater success than we had anticipated. With what lists have been turned in tonight we have 2000 members who have been added to this club since we last met a week ago tonight.

When I accepted the chairmanship of this committee I promised to get 2500 members. I now believe that I am perfectly safe in raising the number to 4500, but 2500 members are assured beyond the question of a doubt. The gratifying thing to me about the membership of this club and its growth is the fact that the class of men who are pledging themselves to vote and work for W. B. Glafke are not controlled by a political machine. We are getting the laboring man's vote, the professional man's vote and the business man's vote, which cannot be purchased or swayed by politicians and

Democrats Are Advised. Robert Miller last night told the Young Men's Democratic Club that its members should join in those movements which are likely to result in the election of a Democrat to the office of Mayor. He said that the report of the party is that the Democrats will have a good chance of electing a Mayor in 1908. He advised that the Democrats should be active in their efforts to elect a Democrat to the office of Mayor in 1908.

Early Trial for Mitchell. The records of the indictment, or perhaps the affidavits of the defendants impugning the conduct and judgment of the grand jury cannot be considered upon the hearing of this motion. If the contrary practice were established, there would be no need of grand jurors, and the grand jury would be a mere formality.

Senator Thurston Declares Belief in His Innocence. OMAHA, Neb., April 25.—(Special).—United States Senator John M. Thurston, of Nebraska, was in Omaha today on his way from his home in Washington to Denver, Colo., where he goes to defend Senator Mitchell, who is under indictment for complicity in land frauds.

Still Working on a Jury. CHESHAM, Wash., April 25.—(Special).—In the Brown murder case the day has been spent in endeavoring to secure a jury. It is believed from the line of questions asked by the defense that insanity will be the plea set up.

Taking Industrial Census. John W. Curry, in charge of the Manufacturing Census of Oregon and Washington, is in the city, and will remain here for the greater part of the Summer to direct the work being done by him and his assistants in the two states.

Senator Mitchell Assured a Speedy Trial.—FRANCIS J. HENEY, UNITED STATES DISTRICT ATTORNEY. "DECISION A GROUND FOR APPEAL"—A. S. BENNETT, ATTORNEY FOR SENATOR MITCHELL.

United States District Attorney Heney, in discussing the decision of Judge Bellinger on the Mitchell plea in abatement, and its effects upon the cases now pending, said: "The decision of Judge Bellinger upon the plea in abatement is, in my opinion, sound in every particular. I have made an exhaustive examination of the authorities and am confident he will be sustained by the Appellate Court upon every point. His ruling upon the plea in abatement can only be reviewed, however, upon an appeal by the defendant from a judgment of conviction, after a trial of the case upon its merits, and hence the decision of Judge Bellinger leaves nothing in the way to obstruct the speedy trial of Senator Mitchell, Congressman Williamson and Hermann, respectively, except their demurrers to the respective indictments."

"I advised with Mr. Pagin in the preparation of these particular indictments and know that he gave them very careful consideration, and am confident they will all be sustained. It was stipulated between Mr. Bennett, Mr. Wilson and myself that the demurrers would be submitted on briefs, all of which must be filed within the next seventeen days, and I hope and believe that by the first of June all of the preliminary skirmishes upon technicalities will be over and the cases ready for trial upon their merits. It is my intention to try all of the cases at the earliest possible date and to dispose of all of them during the coming summer."

"As the rules of etiquette, in both the Senate and House of Representatives, have the effect of depriving the state of Oregon of the services of one of its senators and two of its congressmen just as long as they are under indictment, I feel it my duty to the people of this state to try all the cases against Senator Mitchell and Congressman Williamson and Hermann, respectively, first, so that the state shall not be deprived of its representation in the Senate and House for any longer period of time than is absolutely necessary."

20 years ago with nothing but his hands and brains could hardly rise from his position as driver for a baker's wagon to one of the most prominent men in the city unless he had character, combined with executive ability which means success, and I believe that as Mr. Glafke has been successful in his business, he will also be successful in giving the city a business administration.

The Hospital. Thankful are They Who Escape The Surgeon's Knife. Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not. It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided. The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is Lydia E. Pinkham's Vegetable Compound.

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows: DEAR MRS. PINKHAM:—I was suffering from pains in my side and womb. The doctors said to get well I must have an operation performed, but I would not consent to that. I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains around my womb which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound. It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends. MRS. PAUL OLIVER, St. Martinsville, La.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail. Thousands of women, residing in every city and town in the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

The ONLY REMEDY for all your aches, womb troubles, backache, headache, dragging down and other pains, female weaknesses and general tired and worn-out feeling, is WINE OF CARDUI. It Lifts Women's Burdens. Cardui is a pure, non-intoxicating medicinal, vegetable tonic, which enriches impoverished blood, braces up languid nerves, and builds new strength for women. It is safe, pleasant, scientific and reliable. A sure cure for all female pain and sickness. Sold at every drug store in \$1.00 bottles. "I Feel Like a New Woman," writes Mrs. Naomi Bako, of Webster Groves, Mo., "since I wrote for advice to the Ladies' Advisory Dept., and began to take Cardui. I tell all my lady friends about this wonderful medicine, and would like to publish all over the State of Missouri the relief and cure that it effected for me."
