WOMAN'S AUXILIARY TO PROHIBITION—At the meeting of the Woman's Auxiliary of the Oregon Pioneer Association, at the home of the chairman, Mrs. C. S. Cartwright, yesterday afternoon, all seemed to be thoroughly alive to the idea that the remnant of pioneers in the Pacific Northwest would be present this year in unusually large numbers, in order to attend the Exposition, as well as the annual pioneer reunion, and hence the opportunity to renew old acquaintanceship would be greater than ever before or ever will be again. It is the determination of the auxiliary, as well as the management of the Pioneer Association, to make the reunion of 1905 the best in its history, and in this effort the citizens may be depended upon to co-operate most cordially.

WILL VOTE ON THE SALOON QUESTION—The troublesome problem of disposing of the question of issuing licenses to sell liquor in St. Johns will be relegated to the decision of the people at the special election May 25, when the bond question will be voted on. However, the vote of the people on the liquor question is not at all binding on the Council, and it may grant all the applications for licenses or reject them all as it sees fit. The vote is merely to draw out the sentiment of the people on the subject. It is said that a majority of the present Council is opposed to issuing saloon licenses, and will not act favorably on any of the applications if there be any other way to obtain revenue to run the city government.

The office of Municipal Judge is strictly a judicial one. No class is better able to select the best qualified man for the position than the lawyers. Mr. Kramer was dressed last night by J. W. Padlock, who explained to the large and enthusiastic attendance the workings of the new plan and the various options of benefit to the older, as well as the younger, members.

REPUBLICAN CHOICE FOR MUNICIPAL JUDGE

Albert B. Ferrera, a Clean, Intelligent Candidate for Municipal Judge—Born in Portland and Belongs to Pioneer Family—Refuses Indorsement of All Cliques.

It will probably be a surprise to the old-time politician when, after the vote is counted Saturday night Albert B. Ferrera will have the largest number of votes for the Republican nomination for Municipal Judge. It will not be surprising, however, to those who know him during the 23 years since he was born on Yamhill street, in Portland, and those who have been advised of the thousands of voters that he has visited and whose confidence he has obtained in the stores, offices, banks, factories, mills and workshops during the last 60 days; of his many years' labors in the fraternal societies; of his knowledge of languages acquired during four years passed abroad after completing his education in the schools of Portland, and his large acquaintance and clientele among the various nationalities that compose our cosmopolitan citizenship. George J. Cameron, also a candidate, has agreed to appoint Frank Hennessy, his clerk, if elected, and has obtained the indorsement of the liquor organizations, and Otto Julius Kramer has agreed to reappoint the present Police Court Clerk and has obtained the endorsement of a factional club and the signatures of, as he says, 137 of the 450 gentlemen entitled to practice law. (Why didn't the other 300 sign the petition and will the 137 vote for him?)

Mr. Ferrera declined no petition except the one required by the primary law; has agreed to give the clerkship to no one; has made no deal with any set of lawyers; is not tied to the liquor or any religious organization, nor to any political faction, and has in fact since announcing his candidacy stated that he desired the endorsement of no clique or clan, as he could not and would not sacrifice his honor and violate his oath of office or do that which would be and is necessary in order to stand in with any set of men who might endeavor him. Mr. Ferrera will receive the support of that vast number of the citizens that expects only a fair, courteous and decent administration of the office without considering the special interests of any set of men or organizations, and if he is elected, the Municipal Court will be looked upon no longer as a kangaroo court, but a court where justice is at all times dispensed, irrespective of religion, political affiliation, place of birth or the wealth or poverty of the individual charged with the violation of an ordinance or law.

Grace Van Studdiford.

That delightful, romantic opera by De Koven, Klein and Cook, which bears the jaunty name of "Red Feather," will be the attraction at the Marquam Grand for three nights, beginning Thursday, May 11, with queenly Grace Van Studdiford as the brilliant melodious star, surrounded by a large company, including many singers and artists, a large and handsome, well-drilled chorus and ballet, together with one of the most sumptuous scenic and costumed environments of modern stage productions. The lovers of good music may look forward to a real musical treat.

"The Marble Heart" at the Empire.

The Empire is drawing the crowds these days. This week the company, in presenting the powerful and intense melodrama, "The Marble Heart," has struck a mine of popularity, which increases in value with every performance, the theater being crowded to the doors in the evenings and always drawing unusually large audiences at the daily matinees, which are given at 2:15.

Next Week at the Empire.

Starting Sunday afternoon, the Empire stock company will be seen all next week in the famous comedy, "Our Boys." "Our Boys" is a play that will be especially adapted to the Empire stock company. It will afford a pleasing change for patrons of the Empire, who have for the past four weeks been given a series of very heavy and intense melodramas.

AT THE VAUDEVILLE THEATERS

Star's Fine Show.

Of the many strong attractions which the Star has offered since its establishment as a favor in local amusements, Lola Cotton easily takes first rank. She is a mind reader. With her eyes heavily bandaged, she can instantly tell what objects are held up by people in the audience, and she can even read letters. Besides these remarkable feats, the little girl does difficult problems in arithmetic. Every baseball fan will be interested in

the baseball dance of Leonard, the novelty step dancer, Daley Harcourt is a great success. The music with the accordion, is another popular number on the bill, and so are the comedy sketch teams, which contribute to the fun.

At the Baker.

At the Baker Virden and Dunlap have a clever comedy sketch entitled the "News Girl and the Dude." Alfred Anderson keeps the audience guessing whether he is a man or a woman. Jean Wilson sings "Your Own Back Yard." "The Parlor Minstrels," by McCoy and Knight, is a pleasing act. There are four more clever turns on the bill. All of which are sure to please.

TOWN'S NARROW ESCAPE

Flood Did Small Damage at Holbrook, but Devastated Rich Valley.

LOS ANGELES, Cal., May 4.—A special from Holbrook, Ariz., says: The flood waters of the Little Colorado River reached their highest here at 3 A. M. today, and began slowly receding. At this hour it has fallen four feet, and all danger appears to be past. The damage to Holbrook will be slight, but the town was saved by a very narrow margin, the river cutting to within 10 feet of the residences. The waters are still wearing away the banks next to the town, however, and all hands today are working to stop the cutting. Wool bags are being filled with sand and dropped over the bank into the river, forming a rip-rap.

At 1 o'clock this morning the Little Colorado River, normally a stream of insignificant proportions, was a raging torrent four miles wide, and filled to the edges with debris of all descriptions from the valley above.

The loss to the St. Johns community, where the first dam gave way, is estimated at from \$300,000 to \$500,000. The damage at Woodruff, below St. Johns, where the second dam was carried out, and the country surrounding it, is estimated at about \$100,000.

The rich valley of the Little Colorado has suffered almost irreparably. The loss will fall chiefly on farmers and ranchers of the valley, and will total several hundred thousand dollars. It is likely that the country has been so devastated that crops for the coming season will be an impossibility.

So far as known, there has been no loss of life, with the exception of the one Mexican. The inhabitants of Holbrook are returning to the city, and by noon the town resumed its normal appearance.
