

BURY THEIR DEAD

Snyder People Devote Whole Day to Funerals.

RAIN AGGRAVATES MISERY

Heavens Pour Water Through Leaky Roofs on Injured People—Two More Injured Found—Cry for Building Material.

SNYDER, Okla., May 12.—Nearly 100 corpses were buried here last night and today, removing the most gruesome evidence of the tornado which nearly destroyed the town Wednesday night. None of the injured died during the night. Some of them have been kept alive only by the skillful efforts of physicians and nurses working in the emergency hospital.

As soon as daylight came people were at work getting ready to perform the last rites for the dead. Three carloads of coffins arrived during the night from Oklahoma City, together with a dozen undertakers in session. Workmen also came in on a special train furnished by the Frisco Railroad, and the work of burial was carried on with utmost dispatch.

Rain Pours In on Injured.

During the morning a heavy rain came up and rendered operations difficult. The floor of the morgue was covered with water. Most of the buildings that remain standing admitted streams of water through the roofs, and the temporary hospital where the injured remained, but few alterations have been made. The two or three bodies that have been found since have not been identified.

Two More Injured Found.

Two more injured were discovered under some debris early in the morning, but neither was identified. They were pinned under a house-beam. One, a man, was delirious, and the other, a boy, was unconscious.

Owing to the failure to keep any records at the outset, there has been great difficulty in preparing an accurate list of the dead. The Associated Press representative secured the first list approaching completeness on Thursday afternoon, and but few alterations have been made. The two or three bodies that have been found since have not been identified.

Responses of a generous nature have been made by many cities and towns in the territory; several thousand dollars' worth of food and clothing have been sent in and placed in charge of the local committee for distribution. Relief work has also been furnished sufficiently to meet every requirement.

Vandals Rob the Dead.

During the day complaints were made to the City Marshal that bodies of the dead had been robbed by vandals, and he issued an order that badges must be worn by every person in town. The order was accompanied by a warning that those who refused to wear the badges must go to jail or leave on the first train.

FLOOD IN WEST VIRGINIA.

Terrific Storm Washes Out Pipe Line and Log Dams.
HUNTINGTON, W. Va., May 12.—A terrific storm of wind and rain which has prevailed for the past 18 hours created havoc throughout this section. Rumors of loss of life cannot yet be verified.

Above Catsburg the torrent washed out 800 feet of the big pipeline of the Triple State Gas Company, and the residents of Huntington, Kenova, Cattedale, Ashland and Ironton and the smaller towns have been without light and gas for cooking.

The unprecedented rise in the Guyanotte river, 15 feet within 12 hours, carried away a 300 log dam, and the water into the Ohio River. Heavy damage to farmers was reported along the streams, houses, barns, outhouses and livestock being carried away by the rush of waters.

STORM IN INDIAN TERRITORY

Houses Blown Down and Glass Smashed by Hail.
OKLAHOMA CITY, Okla., May 12.—A severe hail, wind and rain storm visited Marlow, Duncan, Rush Springs and Chickasha, Indian Territory, this morning.

Marlow, about a dozen small houses were blown down and a few substantial structures were unroofed. Hail and wind destroyed much window glass, causing fatalities among the occupants of homes. One family was quite seriously hurt by the collapse of a small house.

No damage was done at Rush Springs except by the hail and wind, the hail doing the most damage to crops and permitting damage to stock of goods by water.

At Chickasha the damage from hail and water is considerable. One house was destroyed by lightning.

LOSS MAY BE \$500,000.

Friends Arrive to Find Dead—Wreckage Blocks Railroad.
SNYDER, Okla., May 12.—Those who have investigated still maintain that the property loss will not be less than half a million dollars.

Many of those who had been traveling on the trains reached Snyder at 10:30 last night. In numerous instances they found that those whom they came to aid had perished.

The Frisco Railroad, from the depot to the limits of the corporation in each direction, is strewn with timbers, pieces of brick and iron, and other things cast there by the storm. It requires considerable work to get the track clear.

Rain Floods Cincinnati.

CINCINNATI, May 12.—The rainfall for the past 24 hours reached 3.5 inches in this city, flooding streets, causing many washouts on the railroad, blocking traffic on several street lines, and doing a great deal of damage to houses and vegetation over a large section. Heavy damage was reported in the old fields. Four persons have been struck by lightning and two of them are dying.

Portland Ready to Aid.

If the storm-stricken town of Snyder, Oklahoma, needs financial aid, the Permanent Relief Committee, of Portland, will not hesitate. This statement was made by N. F. Fielescher, of the committee, yesterday.

"I believe no call for assistance has been issued," said Mr. Fielescher, "and it appears that the vicinity will take care of its sufferers. But if outside help is needed the committee is ready to step forward and do all in its power to help the unfortunate ones."

Track of Storm Traced.

The track of the storm has been determined for a distance of about 22 miles, but the dead and injured in its track will not be known for some time, as every one in the vicinity of the storm is nerve-racked by the awful sights that he has had to see, and is in a bad condition to report accurately such disaster.

Thirty boxcars belonging to the Frisco Railroad were smashed to pieces, and the roundhouse is a pile of ruins, as are also the cotton gins.

There is plenty of help on hand to take care of the wounded and homeless and to perform the last sad rites of the dead. About 80 graves were dug yesterday, and those who are to be buried at Snyder will soon be consigned to their last resting-place, while others will be shipped to other towns for burial.

The train which left here last evening got into Snyder this morning at 3 o'clock and turned around and came back to this city, arriving here at noon today. Twelve dead and injured were taken to Lawton on this train, and five were brought to this city on the way to Norman.

All Was Over in Five Minutes.

Those who passed through the terrible storm say that the full force of the storm did not last over five minutes, coming just after a heavy rainfall, and no precaution of the storm was given.

"It is stated that many of the buildings in the town were covered with cyclone insurance, but how many and to what extent it is impossible to find out at this time.

"The scene in and around the town is one that, once witnessed, would never be forgotten—the army of willing workers taking care of the injured and preparing the dead for burial, the utter destruction of dozens of buildings, the dead bodies of hundreds of horses, cattle, hogs and chickens, the scattered households from hundreds of homes weeping children hunting for parents, the husband seeking his wife, others looking for friends and relatives—all go to make a scene that words cannot describe, and reminds us that one with force mightier than ours holds us in the hollow of his hand.

"Fully 25 per cent of the injured will die; nearly all are injured in the head, and death resulted with 50 per cent of the victims from injuries about the head."

THREE HARD BLOWS

Teamowners Tell Teamsters They Are Beaten.

MAY DECLARE STRIKE OFF

Manufacturers of State Back Employers' Association—White Non-union Men Supplant Negroes—Socialists Mix.

CHICAGO, May 12.—Three severe blows were dealt to the cause of the striking teamsters tonight and as a result the governing body of the organization, the Teamsters' Joint Council, will meet tomorrow night to decide whether the strike shall be called off. The decision to call this meeting followed a two hours' session between the officials of the Teamsters' Union and the Teamowners' Association.

The members of the latter body have all through the present strike been favorable to the teamsters rather than to the Employers' Association. Tonight, however, the teamowners informed the teamsters that their cause was lost and that the best thing they could do was to call off the strike and do it at once. The teamsters demurred, but the teamowners were obdurate and the meeting of the council was set for tomorrow night.

STORM SWEEPS OVER MARLOW

Damages Merchandise and Makes Roofless Houses Uninhabitable.
SNYDER, Okla., May 12.—A very heavy rainstorm visited this place today, which caused much distress among the homeless and those whose belongings have been partially wrecked. Considerable damage has already been done to a number of stores of merchandise, which were not materially injured by the tornado, as the building had been unroofed or otherwise rendered incapable of affording protection from the rain. This will add to the total property loss to the extent of thousands of dollars.

Buildings Blown Down or Damaged and Two Children Injured.

GUTHRIE, Okla., May 12.—A terrific wind and hailstorm struck Marlow, I. T., today. Many business houses were damaged. Light structures were demolished and great damage to residence property is reported. The Catholic Church was lifted from its foundation. Two children were seriously injured. It is estimated that the property loss will amount to over \$30,000.

STORM ALSO DID CONSIDERABLE DAMAGE TO PROPERTY AT RUSH SPRINGS. AT CHICKASHA THE WIND BLOW FURIOUSLY AND RAIN FELL IN TORRENTS.

TROOPS WILL CARRY RELIEF

Cavalry and Engineers Go From Fort Sherman to Snyder.
LAWTON, Ok., May 12.—Colonel Kingsbury, commandant of the Eighth Cavalry, located at Fort Hill, today made a requisition upon the War Department for orders to send troops to Snyder with rations for the tornado sufferers. The engineering corps of the Oklahoma National Guard started today for Snyder with 75 tents to be used as temporary homes for the destitute.

A heavy rain and wind storm prevailed today in Southwestern Oklahoma, assuming the proportions of a cloudburst near Lawton. The streets of Lawton were flooded and water ran into many houses, entering among other places the temporary hospital, where several injured brought here from Snyder were quartered.

CONSPIRACY, SAYS HYDE

CHARGES ALEXANDER AND TARBELL WITH PLOTTING RUIN.

Whole Story of Equitable Told With Vigor in Suit for Removal of Alexander as Trustee.

NEW YORK, May 12.—James W. Alexander, president of the Equitable Life Assurance Society, was served today with the summons and complaint in the suit brought against him by James H. Hyde, William H. McIntyre, Annie F. Hyde and Mary B. Ripley, in which the plaintiffs desire the removal of Mr. Alexander from his position as trustee of the Hyde stock and demand an accounting.

The complaint charges that Mr. Alexander "has for many months past been secretly engaged in organizing and carrying on a conspiracy, the purpose of which was to take the power of conducting the management of said society away from the stockholders without the consent of the holders and to confer this power ostensibly upon the policyholders, but in a form in which he expects to be able to control the management through proxies secured by agents of the society from policyholders."

The defendant is charged with inaugurating a "secret conspiracy" by joining with himself one Gage Tarbell, second vice-president of the society, and it is alleged that all "overt acts in the said conspiracy were committed with the aid and connivance of said Tarbell."

After reviewing all the grounds covered by Mr. Hyde in his public letters and all other features of the controversy, the complaint charges that Alexander with a "wilful design to prostitute his trust so as to seize for himself the control of the property."

Mr. Alexander is further charged with circulating numerous scandalous stories about Mr. Hyde's management of the society and his private conduct. Mr. Hyde denies all these stories and specifically names the charges Alexander made against him, such as dancing a "can-can" on the dining tables, or that he was connected with the purchase, sale, promotion and underwriting of securities of the United States Shipbuilding Company.

Mr. Hyde says that Mr. Alexander has been an equal sharer with him in all profits and losses in the financial transactions.

The complaint declares that these false charges have had the effect of seriously impairing public confidence in Mr. Hyde and that the defendant "greatly damaged said trust estate, and has at no time accounted for said damage or for his administration of said trust."

The plaintiffs pray for judgment of the court, "removing the defendant from his office as trustee and requiring him to account for the injury done to said trust estate by him."

BRAUN'S CASE TAKEN UP

United States Will Ask Satisfaction From Hungary.
BUDAPEST, Hungary, May 12.—American Special Immigration Inspector Marcus Braun, of New York, (who has been fined \$20 here on charges that he threatened a police department detective who he accused of tampering with his mail) declares the police stories about his antecedents in Hungary are fictitious. He has reported the incident to the authorities at Washington through the American Embassy.

Consul-General Chester is acting energetically in the matter. He requested the Chief of Police to make inquiry into Braun's treatment. The Chief declined to do this, but explained that he had not ordered a detective to watch Braun.

Amazement is expressed here at the proceedings of the Hungarian authorities against Braun, which are declared to be a violation of international right for which satisfaction must be forthcoming.

Braun is now awaiting a communication from his own government, and Ambassador Storck is awaiting a communication from the State Department in Washington.

Corean Diplomat Commits Suicide.

LONDON, May 12.—Yi Han Bang, the Corean Charge d'Affaires here, committed suicide by hanging at the Legation today. He wrote a letter this morning to the Corean Consul-General, W. H. Morgan, asking him to come to the Legation at once, as he was going to die today. A few minutes later Mr. Morgan heard from a neighbor that Bang had killed himself. The deceased had recently shown signs of mental troubles.

THE DAY'S DEATH RECORD

J. Lewis, Centenarian and Veteran.
NEW YORK, May 12.—Joseph Lewis, 99 years of age, is dead at his home here. He served with two sons, throughout the Civil War. Lewis was the father of 27 children.

Emerson E. Bennett, Composer.
PHILADELPHIA, May 12.—Emerson E. Bennett, a well-known writer and composer, is dead at the Masonic Home in this city, aged 58 years.

The Deaver & Rio Grande scenery is even more beautiful in winter than Summer. Travel East via that line and spend a day in Salt Lake City.

The plaintiffs pray for judgment of the court, "removing the defendant from his office as trustee and requiring him to account for the injury done to said trust estate by him."

PORTLAND CROOKS CAUGHT

THREE CONFIDENCE MEN IN HANDS OF POLICE.
Allison, Head of Gang, Big Foot George and Ryan Fled to Salt Lake From Closed Towns.

SALT LAKE CITY, Utah, May 12.—(Special)—J. L. Allison, claiming Portland and Seattle as his home cities, was arrested here today by Detective Preece, on suspicion of being one of the ringleaders of a gang of clever confidence men, lock-trick workers and diamond-lifters, which has been operating here for two weeks.

No charge has yet been preferred against Allison, though a "sure-thing" gambling device was found in his possession.

He is thought to be one of a gang of three, who fleeced a California tourist of \$30 yesterday. The gang has operated at the depots and in the Mormon Temple grounds. It has every policeman and detective spotted.

James Brown, alias George Browning, alias Big Foot George, and other aliases, was arrested early in the week, but was not convicted of swindling. R. S. Ryan, alleged to be a well-known Coast crook with a long record, was also arrested but managed to clear himself.

The city has filed up with grafters and crooks who prey on tourists, since gambling was closed in Butte, Montana, and Coast towns.

New Nerve Force Needed in the Spring

When you do not sleep well—when you are nervous—when you are dull, moody and dejected, "tired most of the time"—you need new nerve force. Paine's Celery Compound gives you new nerve force and health—the health that always makes you at your best—bright, hopeful, happy, and ambitious health—that makes life worth living.

The health that gives you sound sleep—to wake up refreshed in the morning—to know the joy of good work—to have steady nerves—to relish a good meal.

This is true health—the whole system working in such perfect harmony that you think no more about it than a child thinks of it.

Paine's Celery Compound is a real food for the nerve centers. Instead of simply encouraging the nerves to burn themselves up, it feeds them, and builds the entire nerve fabric.

The force sent out by the nerves when they are healthy and strong and acting as they should is nature's stimulus, to keep all the organs of the body working well. It is in this wise, gentle way that Paine's Celery Compound works all its wonders.

She Needed New Nerve Force.

"Following a severe attack of La Grippe my general health seemed to be seriously affected. I suffered from constant nervous headache and was so unstrung that everything irritated me until I was in a precarious condition. I also was troubled with sleeplessness and would rise in the morning more weary than I went to bed. As medicine did not seem to help me any, the doctor advised a complete change, but as I was unable to get away, a neighbor advised me to try Paine's Celery Compound. I used it faithfully for a week, feeling that I daily grew better and stronger and my health kept gradually improving until I had used three and a half bottles, when I was in perfect health, with no trace of my former troubles. A number of my friends who saw what Paine's Celery Compound had done for me have used it since and they all feel as pleased with results as I am."—Yours very truly, Mrs. L. P. Mulroy, Fifth and Mercer Sts., Seattle, Wash. (Treas. Skoopsy Country Club.)

PAIN'S CELERY COMPOUND

The celebrated nerve vitalizer and tonic

If you ask a druggist for a bottle of Paine's Celery Compound and he sells you a counterfeit and an imitation and tells you it is just as good or better, he is trying to deceive you. He is trying to substitute an unknown article for a known product because he will make a few cents more out of your innocence. In his mind the question of real merit does not enter into the transaction—but the question of a few cents does.

When you ask for Paine's Celery Compound see that you get the real Paine's Celery Compound, with the picture of the bunch of celery on the bottle.

RACERS REACH CLEVELAND

AUTOMOBILES ADVANCE RAPIDLY TOWARDS PORTLAND.

Huss Arrives Nearly Three Hours Ahead, but They Start West Again Together.

CLEVELAND, O., May 12.—(Special)—The two seven-horsepower Oldsmobiles which are touring across the country from New York to Portland, Or., passed through Cleveland today.

The first machine, driven by Dwight B. Huss, arrived from Painesville at 7:30 A. M. Huss was accompanied by Milford Weige.

At 9:20 A. M. Percy Megarrill, driving the second car, came in from Conneaut. With him was Barton Stanchfield. Both machines were very muddy, and were thoroughly overhauled at a local garage.

At 12:35 P. M. the two little racers pulled out together for Toledo. They are encountering bad roads, but making good time. The drivers expect to make the trip in 42 days.

Plenty of Referendum Petitioners.

MINNIVILLE, Or., May 12.—Over 600 certified signatures are in the hands of M. B. Hendrick, of this city, chairman of the committee on referendum petitions on the appropriation bill. Five hundred are in Marion County, 100 in Multnomah and a large number in Polk. New installments are being received daily. The number necessary to invoke the referendum is 4000, and the movement will be a success without a doubt. Mr. Hendrick will go to Salem next Monday to file his petitions.

ONLY A SOCIAL GAME.

Corvallis Gamblers Acquitted Because the Victim Was Late.
CORVALLIS, Or., May 12.—Much of the population of Corvallis was engaged yesterday afternoon and until 11 o'clock last night in the outcome of a trial of three local citizens for alleged gambling. The latter were E. W. Strong, Mike Klein and Jesse Brown. They were caught in the act of playing cards behind closed doors and drawn blinds in a private office, two weeks ago. There was \$3 in coin on the table, a big supply of poker chips and a deck of marked cards. In the raid the police captured all the paraphernalia, which was displayed in evidence. The jury at first stood three for conviction and three for acquittal, but after an hour and a half an agreement for a verdict of acquittal was reached. The defendants pleaded that they were waiting for a fourth party, and that at the time the police broke in on them it was only a social game that was in progress.
