# NO DELAY TO LAND TRIALS

Judge DeHaven, of California, Will Hold Court in Bellinger's Place.

Assignment of Judge John J. DeHaven, of the Northern California District Court, as temporary successor to the late C. B. Beilinger, means that the land fraud trials will not be delayed. In a dispatch to The Oregonian yesterday, Judge W. B. Gilbert, presiding Justice of the United States Court of Appeals, announced that Judge DeHaven had been chosen to hold court in Portland beginning June 12. This will accord with the wish of Judge Bellinger, which was said to have been uttered by him when it seemed that he might be prevented by illness from pre-siding at the trials.

Judge DeHaven is one of the ablest jurists on the Coast and has been judge for the Northern California District for the last eight years. He was District Attorney for Humboldt County in 187-9; member of the California Legislature, 1865;

# Why Buy at Sales? Why Buy at Olds, Wortman & King's?

If a store is honest, a "sale" means much of economy to the purchaser. One day last week a lady who was a stranger to the store, came in to purchase several articles, being attracted by the special sale prices advertised in the newspapers. She shopped carefully took her time—and when she had finished said:. "This sale is a surprise to me. Why, I save actually saved as much as you claimed in the papers. I believe even more."

Thousands of Portland folk know she judged rightly. So both questions are answered at once. Every value advertised is GENUINE. The regular price is just as advertised—the standard set by prices of standard first-class stores of the Marshall Field and Wanamaker class throughout the country; the selling prices are our own-as advertised. Your savings are the difference between the two. And savings were never greater, or plentier, than today. Of course you're going to share-we'll expect you. Come.
