

# MAY BRING OUT NEW TICKET

Politicians Plan to Inaugurate  
Middle - of - Road  
Scheme.

DR. HARRY LANE FAVORED

He May Head Citizens' Ticket, While  
Paget Is Favored by Others Op-  
posed to Both Lane  
and Williams.

A citizens' ticket, headed by Dr. Harry Lane, Democratic nominee for Mayor, is the purpose of a number of stalwarts who met at the Y. M. C. A. last Saturday night to devise ways and means for defeating Williams for Mayor, Cameron for Municipal Judge, McNary for City Attorney, L. M. Sullivan for Second Ward Councilman, George S. Shorwood for Fourth Ward Councilman, Henry A. Belding for Sixth Ward Councilman, A. G. Rushlight for Seventh Ward Councilman, and others on the Republican regular ticket.

The gathering Saturday night was of the representatives of the reform forces, such as S. H. Gruber, who acted as chairman; D. A. Patullo, who served as secretary; C. W. Nottingham, State Senator; O. P. M. Jamison, president of the Municipal Association; John Corbick, who was chosen to run against Shepherd for Councilman in the Fourth Ward; E. S. J. McAllister, attorney for the Anti-Saloon League; J. T. Wilson, Dr. S. J. Barber, J. R. James, E. A. Sessions, N. H. Bird, H. V. Stone, Otto J. Kraemer and perhaps ten or twelve others.

## Will Pick Candidates.

The "citizens' movement," as its promoters choose to call it, will pick out candidates from both the Republican and Democratic tickets, who shall be satisfactory to reform, and where none such have been put up by the parties, independents will be nominated. George H. Howell may be an independent candidate for Councilman-at-Large; also H. W. Stone. Independents will be encouraged to come forth in the First Ward against Robert A. Preston, in the Sixth Ward against Henry A. Belding, in the Seventh against A. G. Rushlight, in the Eighth against Frank S. Bennett, in the Ninth against R. E. McCreary, and in the Tenth against E. L. Shaffer. V. Y. Masters, in the Fifth, is satisfactory to the reform element; likewise H. W. Wallace, who will run independent in the Second against L. M. Sullivan, and John Corbick has been selected to lead the battle in the Fourth Ward against George S. Shepherd.

The meeting at the Y. M. C. A. was called primarily to consider independent candidates for ward Councilmen, but the discussion drifted to a citizens' ticket. The promoters of the movement will endeavor to submerge Lane's Democratic nomination and to make prominent that he is a citizens' nominee. In this way the reform workers, many of whom are Republicans and worked for Albee in the primaries, will not seem to be bolting to the Democratic camp.

The citizens' cause has been worked up largely by members of the Municipal Association, but they fear that the organization, as such, is separate and distinct from the organization which was launched last Saturday night.

## Prohibitionists Buck.

Prohibitionists would like to have the "citizens' men" fall into line behind their nominee, Paget, and declare that their flock will not clamor for the Lane bandwagon. They were highly rejoiced last night when Rev. J. F. Ghormley, pastor of the Central Christian Church, came out in his pulpit in support of Paget. The pastor said that three years ago Williams had made promises which he had not kept, but that Lane did not seem more likely to carry out such pledges than Williams, therefore Mr. Ghormley believed that reformers should vote for Paget in preference to Lane or Williams. As a prohibition interpreter of the ministers' remarks said last night after the sermon:

"Mr. Ghormley took the view that both Lane and Williams, by reason of their political affiliations, are incapable of carrying out reform pledges."

I. H. Amos, chairman of the cold-water party in Oregon, declared that his people would keep in the middle of the road and use neither with Republicans nor with Democrats in the city election and stick loyally to Paget.

"Before the primaries," he remarked, "the reformers did not think Lane was good at all. But the fact that the primaries have changed their minds in some way or other, how I can't see. If they were really working for righteousness, and if this crusade for better things were more than froth and foam, they would endorse Paget. We don't have to explain for our man. He stands for real reform and everybody knows it."

## ENDS LIFE WITH REVOLVER

Aged Man Commits Suicide While Despondent.

Despondent because his age prevented him from securing employment, George W. Belt, aged 72 years, committed suicide last night by shooting himself in the right temple with a .22-caliber revolver at the home of his nephew and niece, Mr. and Mrs. R. B. Belt, 723 East Stark street. There was no one in the house at the time, but it is believed he shot himself about 7 o'clock.

He prepared himself for death by donning his best clothes and shaving. He carried a cut of paper from the cellar and placed it in his bedroom, wrapping a heavy blanket around his neck so that the blood would not flow upon the carpet in the room. He then sat down at the end of the cot, and blowing his brains out, fell back stretched at full length.

The deceased, who came to Portland from Wisconsin about a year ago, has been despondent for some time, although his nephew and niece have done everything within their power to make his last days enjoyable. He was of a proud nature and did not like to live at their expense, despite the fact that they were fond of him. He left a brother, W. C. Belt, 64 East Ninth street, who also wanted the deceased to live with him.

Mr. and Mrs. Belt, who spent the afternoon at Etchecada, returned home about 8 o'clock. They found a note on the dining table from their uncle, which stated that he was homesick, and as he could not find employment he thought it best to enter another world. In the note he thanked his nephew and niece for that which they had done for him.

Deputy Coroner J. P. Finley, who was notified, decided it was a case of plain suicide and that it did not require an inquest. The body was not removed from the house. The funeral arrangements have not been completed. The deceased left just enough money to meet his burial expenses.

The best Spring medicine is Hood's Sassaaparilla because it purifies the blood.

AWFUL!

## ROVER AFTER SEALS

Captain of Carmencita Gives  
False Destination.

MATE OPENLY LEAVES HIM

Schooner Was Granted Mexican Reg-  
ister in British Columbia, but  
Went Northward Instead.

Must Answer for It.

VICTORIA, B. C., May 14.—(Special.)—Somewhere up in Bering Sea is a free lance sealing schooner, whose crew are not sailors, whose captain seems a new version of Jack London's "Sea Wolf," and whose mate is in Victoria because of a feud with the skipper.

This same schooner, the Carmencita, owned in San Francisco, will, upon her return here, if ever she enters this port again, get into serious trouble with the customs authorities. When she sailed several weeks ago she carried a provisional Mexican register, granted on condition that she got to a Mexican port. Instead, Captain McLean turned her northward and went after seals.

Oscar Watzchoff, the Russian mate who, in company with two of the crew, openly left the schooner and stayed ashore at Clayoquot, despite Captain McLean's announcement that he would bring them back dead or alive, has returned to Victoria. He has told of the attempted raid of the Carmencita upon the Copper Island rookeries last year. It was this attempt which gave rise to the belief here that McLean was again planning a raid. The mate, however, says he is sure he has headed for Bering Sea. During the raid last year several men were wounded by the Aleut guards of the rookeries. One died in Port Townsend.

As the crew brought up from San Francisco that no intimation of the schooner's destination, they were utterly unprepared for Bering weather. The mate says that the captain was in drink much of the time, and that fights on board were frequent. At Clayoquot, McLean traded the 14 skins which had been taken.

## AS JAPANESE TRANSPORT.

New Role of Steamship Brinkburn,

Renamed the Tottenham.

The British steamship Brinkburn, formerly the Tottenham, has been sold to the Japanese government, presumably for use as a transport, and has been rechristened Tottenham. The British Steamship Company, of which Watts & Watts, of London, are the agents, is the owner of the vessel. The Tottenham is known in Portland, having been chartered several times to take cargoes of lumber to the Orient by the Pacific Export Lumber Company. The last trip of the Brinkburn was to Seattle from Japan under charter of Balfour, Guthrie & Co. She is now lying on Puget Sound. According to a letter received in Portland yesterday, the vessel was to be sold to the Japanese government.

her for the most part as soon as she is turned over to the Japanese.

## Lord Wolsey as Barkentine.

After lying idle at Esquimalt for two years, the four-masted iron bark Lord Wolsey, once the Columbia, will be converted into a five-masted barkentine at a cost of about \$200,000. She is owned by the Victoria & Vancouver Stevedoring Company, which bought her from a German company at the time the vessel was towed into port damaged in a storm 90 miles off Cape Flattery in 1903. She has been taken to West Seattle. The vessel was originally the Lord Wolsey, but was named Columbia by her German owners. She is well known along the coast. Hereafter she will carry lumber, of which she is capable of holding 2,000,000 feet.

## Sacramento Fishers Coming.

ASTORIA, Or., May 14.—(Special.)—Ten Sacramento River fishermen, the first to come to the Columbia River this season, arrived from San Francisco on the steamer Columbia and will fish for the Tallant-Grant Packing Company. A large number are expected on the next two steamers, and it is understood the officials of the Fishermen's Union will file protests against state licenses being issued to them.

## Towed Into Tillamook.

ASTORIA, Or., May 14.—(Special.)—The steamer Sue H. Elmore, which arrived in from Tillamook last evening, reports towing the schooner San Buenaventura into that port on Thursday evening and on the same day she towed the little schooner C. T. Hill to sea. The latter had a cargo of lumber for San Francisco.

## Marine Notes.

The steam schooner Aurelia, which left San Francisco Wednesday, reached the harbor a little before 10 o'clock last night. She came directly up the coast, and met head winds all the way. Three hundred tons of freight and 14 passengers were on board. She will load back with wheat and lumber.

Buffeted by head winds but not much delayed, the steamer Columbia got in to the Astoria Dock before 7 o'clock last night. Her freight consists mostly of grocery staples, and she carried a fair number of passengers.

On her first trip from Gray's Harbor to Portland, the steamer Toledo was sighted off the bar yesterday afternoon, and should get to Portland some time today.

## Domestic and Foreign Ports.

ASTORIA, Or., May 14.—Arrived at 8:20 A. M. and left up at 9 A. M.—Steamer Aurelia, from San Francisco. Sailed at 8 A. M.—Schooner Transit, for Hills. Arrived at 10 A. M. and left up at 11:15 A. M.—Steamer Columbia, from San Francisco. Arrived down at 10 A. M.—Schooner Amazon. No bar report; cape line down.

Bureau, May 14.—Sailed at 8 A. M.—Steamer Alliance, for Portland and way ports. Sailed from Portland; steamer Cascade, from Gray's Harbor; steamer G. L. Lander, from Gray's Harbor; steamer Newbury, from Gray's Harbor; steamer Siberia, from Hongkong, via Yokohama. Sailed—German steamer Tauri, for Hamburg, via Vancouver, steamer Newwood, for Seattle; bark Gatherer, for Seattle; schooner Roy Smith, for Gray's Harbor; schooner Antelope, for Sitka; steamer Aberdeen, for Sitka.

Tenifer, May 14.—Arrived previously—Neko, from Tacoma and San Francisco, via Central and South American ports, for Hamburg.

## Kittitas at the Fair.

ELLENBURG, Wash., May 14.—(Special.)—The educational exhibit of Kittitas County for the Lewis and Clark Exposition will be ready for shipment from here next Wednesday. It is a most creditable display, nearly all the schools in the county being represented. The specimens embrace work from every grade from the highest to the lowest.

the lowest, and are mounted on photographic boards, 22x28 inches, the subjects covered being arithmetic, geography, language, drawing, music, botany and physiology, etc. In addition to the public school display, of very fine exhibit has been prepared by the state normal school here. It is from the training department of the institution, and has called out much admiration. It will certainly reflect credit upon the school.

The Kittitas Commercial Club has authorized the publication of 20,000 pamphlets descriptive of the county for distribution at the Exposition and on the transcontinental lines. In addition, the County Commissioners appropriated \$1200 for a general county exhibit, and committees are now actively at work on it. An expert has been sent to Portland, and made a selection of space. Interest is thoroughly aroused here in the "big fair," and Kittitas will be in evidence both in attendance and by its exhibit.

## CORTELYOU WOULD COME

Postmaster-General Prevented From Attending Fair Opening.

OREGONIAN NEWS BUREAU. Washington, May 14.—Postmaster-General George B. Cortelyou, more than any other member of the Cabinet, regrets his inability to be in Portland at the time of the opening of the Exposition, said the Postmaster-General today, "but I count upon visiting Portland later, in order that I may see the Exposition of which I have heard so much."

The Postmaster-General has been strongly and persistently urged by Senator Fulton and by Chairman Frank Baker to drop everything in Washington and go to Portland, and the cordial invitation extended by these men, on behalf of the people of Oregon, has appealed to Mr. Cortelyou. But the Postmaster-General is a man who follows the old rule, "business before pleasure," and following this rule, he is compelled to forego what he acknowledges would be a very pleasant vacation. However, he counts upon visiting the Exposition later in the summer, and will notify Chairman Baker when he decides to make the trip.

As chairman of the Republican National Committee Mr. Cortelyou became acquainted with Mr. Baker, during the late Presidential campaign, and the friendship then formed has been renewed on two occasions when Mr. Baker visited Washington during the winter.

Travelers' Aid Work. Mrs. More, of London, will speak at the Y. W. C. A. tomorrow evening of the work of British women for the Travelers' Aid Society. Mrs. W. T. Honeyman will speak of the efforts in the Eastern cities of the United States to protect women and girls.

## FROM THE ANTILLES.

Chamberlain's Cough Remedy Benefits a City Councilman at Kingston, Jamaica. Mr. W. O'Reilly Fogarty, who is a member of the City Council at Kingston, Jamaica, West India, writes as follows: "One bottle of Chamberlain's Cough Remedy had good effect on a cough that was giving me trouble, and I think I should have been more quickly relieved if I had continued the remedy. That it was beneficial and quick in relieving me, there is no doubt, and it is my intention to obtain another bottle." For sale by all druggists.

# MEN ARE ASSIGNED

Evangelical Association An-  
nounces Appointments.

## MISSIONARY RALLY HELD

Conference of Denomination Closes  
at Lents' Church After Series  
of Enthusiastic Meetings.  
Fund Raised.

Following are the appointments made by Bishop Bryefogel and his cabinet, of the Oregon Conference of the Evangelical Association, announced last evening at the close of the conference:

Portland district—Rev. N. Shupp, presiding elder, First German Church, Theodore Schaefer, First English Church, S. A. Stewert, Memorial, Portland, R. D. Streifler, North Portland, J. K. Elmer, Milwaukee, P. M. Fisher, Lents, H. O. Henderson, Oregon City, W. H. Wettlaufer, Little Falls, Morris, Havering, Tacoma, F. Benz, Seattle, Grace Church, T. R. Hornschuch, Everett, E. D. Hornschuch, Bellingham, H. E. Hornschuch, J. E. Smith, member of the Portland district, and P. J. Green, member of Memorial Church, Portland district.

Salem district—Rev. Ezra Maurer, presiding elder, Liberty Street Church, Salem, Rev. J. J. Hoffman, Chemeketa Street Church, Salem, G. W. Plumer, and B. F. Culver, King's Valley and Beulah, W. E. Simpson, Jefferson, R. F. Jameson, Albany, F. J. Langenstein, Monmouth, J. A. Gool, Canby, J. C. Emmel, Tigardville and Chealem, E. T. Hornschuch, Verona, J. O. Coleman.

## Missionary Services.

The Oregon Evangelical Association closed its conference yesterday at the Lents Church with meetings that took up the entire day, beginning at 9:30 A. M. with Sunday school rally, addressed by Rev. A. Weisner, Rev. W. H. Wettlaufer and Rev. E. E. Hornschuch. There were 230 children present. This was followed by the missionary service, which began at 10 A. M. in charge of Bishop S. C. Bryefogel, who delivered the sermon. He was assisted in the services by members of the conference. The church was too small to accommodate all who wanted to hear, so a bishop, and many remained standing till the close.

After music by the conference quartet, Bishop Bryefogel preached on the topic "Value of the Soul," and spoke from the text, St. Mark, vii-35, "Or what shall a man give in exchange for his soul?"

"What would you think of the man who, struggling in the swift water," said Bishop Bryefogel, "if in his effort to save his coat he should sacrifice his own life, or of what value is the value of the coat if he loses his life? And the text applies in this case. 'What will a man give in exchange for his own soul?' What was the value of his coat in comparison to his own life? The tendency of the age is to put more value upon the material than upon the spiritual life of man—his soul, his vine nature. Some scientific men say that man came from the lower order of life, evolving from the ape upward until he reached his present standard of intellect and spiritual life—that there has been a chain extending from the very lowest to the highest forms of human life—complete, they say, with only one missing link. Darwin failed to discover and supply that missing link because he failed to look into the first chapter of Genesis.

"But, my brothers, evolution is rapidly receding from the thoughts of the world as telling the real story of the creation, which is supplied only in Genesis. God has left the testimony of his power upon the rocks and the flowers, but only spirit can interpret spirit—can reflect and reveal. What will a man give in exchange for his soul? Suppose I build a tower that would contain all the buildings of the Lewis and Clark Exposition and fill it with all the gold, silver, checks, bonds, stocks of every sort. Would you give your soul for all it contained. Again, let us fill with fame. Would you give your soul for that? Again, fill the tower with all the pleasures of the material life—the theater, the dancehall and all the alluring pleasures, including young men's clubs, some women's clubs. Put all these in the temple, and yet would you exchange your soul for all these things?"

After concluding his sermon the bishop proceeded to raise a missionary collection for the missionary work in Oregon. In the course of half an hour about \$1000 was subscribed and some cash received.

## Ordination Services.

At 2:30 o'clock in the afternoon came the ordination of Rev. S. A. Stewert and Rev. Morris Heverling, who were elected traveling elders at this conference. Bishop Bryefogel, assisted by members of the conference, conferred the order of elders on these two young men. In connection with the services the bishop made appropriate remarks. The board of examiners reported that both had secured high standing in their theological studies. Mr. Stewert is a graduate of the Willamette University. The church was crowded to the door, and after the close of the ordination the newly ordained elders received the hearty congratulations of their many friends. Mr. Stewert is assigned to the First English Church of Portland, and Mr. Heverling goes to Little Falls.

The Young People's Alliance held a rousing meeting at 7 o'clock last evening, and at 8 o'clock Rev. J. H. Lamb, of Cleveland, O., preached to a large congregation. Bishop Bryefogel occurred.

# FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—  
Interesting Experiences of Misses Borman and Mills.

Every mother possesses information which is of vital interest to her young daughter.

Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.

Girls' over-sensitiveness and modesty often puzzle their mothers and baffle physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude, when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start the menstrual period in a young girl's life without pain or irregularities.

Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to Mrs. Pinkham, which will be read with interest:

Dear Mrs. Pinkham:— (First Letter.) "I am but fifteen years of age, am depressed, have dizziness, chills, headache and back-

ache, and as I have heard that you can give helpful advice to girls in my condition, I am writing you."—Myrtle Mills, Oquawka, Ill.

Dear Mrs. Pinkham:— (Second Letter.) "It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice, and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Matilda Borman, Farmington, Iowa.

Miss Matilda Borman writes Mrs. Pinkham as follows:

Dear Mrs. Pinkham:— "Before taking Lydia E. Pinkham's Vegetable Compound my months were irregular and painful, and I always had such dreadful headaches."

"But since taking the Compound my headaches have entirely left me, my months are regular, and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."—Matilda Borman, Farmington, Iowa.

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it?

## Guarding Against Crooks.

Realizing that the crooks of every description will flock to Portland this summer to operate among the big crowds that will assemble here during the Exposition, the Chiefs of Police in nearly all the big cities are sending pictures of noted suspects and criminals to Chief Hurd here.

Every mail brings many pictures. Most of the pictures are of pickpockets.

## Aphis on Growing Grain.

ALBANY, Or., May 14.—(Special.)—Farmers in Albany today reported that wheat aphis has appeared on the growing grain in some localities, and stated that warm weather was needed to rid the grain of the parasites. This afternoon a clear sky and warm sun indicates an end of cold, wet weather.
