Organization Will Put Up Municipal Ticket.

INDORSEMENTS FOR SOME

In Other Instances Independent Candidntes Will Be Nominated by Petition and Will Oppose Party Nominees.

Independent candidates for the city election. June 5, may file certificates of nomination with the City Auditor not later than next Monday afternoon at 5 o'clock, and each, if for the city at large, must contain about 550 names —3 per cent of the total vote cast for —3 per cent of the total vote cast for President in the city last November. Several independents are bobbing up. The number, 550, looks pretty big, but only a few men will need it, because but two or three will be nominated for Councilman-at-large, one for Municipal Judge and one for City Attorney, while others will seek seats as Ward Coun-cilman, for which only 2 per cent of the Presidential voters in a given ward

must sign a pelition.

The citizens' organization, formed last Saturday night, is getting ready to boast independent candidates with signatures, but is saying little about its doings. This organization has suc-ceeded the Municipal Association in ceeded the Municipal Association in active promotion of an independent ticket; at least such is the word from members of the association. O. P. M. Jamison, president, said, last night, that the association might do nothing more in the campaign. The Municipal Association and the citizens' organization, he said, were distinct and separate bodies, despite the report that they were one and the same or in close alliance.

But two candidates will run for Mayor—Williams, the Republican nominee, and Lane, the Democratic nominee, the last named of whom is induced by the Municipal Association and heads the so-called reform forces, and is to be taken up by the citizens. and is to be taken up by the citizens' organization and called an independent citizens' candidate. Otto J. Kraemer may be put up for Municipal Judge to may be put up for administral Judge to run against George J. Cameron, Re-publican nominee, and Charles Petrain, Democratic. For Councilman-at-large, the "Citizens" talk of indorsing A. N. Wills, Republican nominee, and A. F. Flegel, Democratic nominee, and of putting up H. W. Stone and George H.

In the several wards the regular Republican nominees are especially un-satisfactory to the promoters of the citizens' movement. In the Tenth Ward, T. Vaughn, Democratic nomi-nee, may be indorsed, against E. L. Shaffer, Republican nominee; in the Ninth, R. L. Sabin will run indepen-dent against R. E. Menefee, Republican nominee. In the Eighth Ward, M. A. Raymond is likely to be the citizens' nominee to oppose Frank S. Bennett, Republican. In the Seventh, A. C. Republican. In the Seventh, A. C. Rushlight, Republican, will undoubtedly encounter an independent; also Henry A. Beiding, Republican nominee in the Sixth. W. Y. Masters, Republican nominee in the Fifth, is sat-isfactory. In the Fourth, John Cork-ish will be the independent nominee in opposition to George S. Shepherd, regular Republican. George D. Dunning. Republican nominee in the Third, may be indorsed on the citizens' ticket. the Second Ward, L. M. Sullivan, Re-publican nominee, will have opposition in H. W. Wallace, citizens' candidate,

and Charles Duggan, Democrat. Campaign headquarters have been secured by the Republican and Democratic managers, the Republican in McKay building, Third and Stark streets, where Elmer B. Colwell, chairman of the City Central Committee, already holds forth; the Democratic on Sixth street, between Washington and Stark, where Richard W. Montague, chairman of the campaign committee, will map

AUTO RACERS IN CHICAGO

Huss Several Hours Ahead of Megargle-Rain Causes Delay.

CHICAGO, May 15.—Covered with dust and mud of 1150 miles of travel, Dwight Huss and Milword Wigle ar-rived in Chicago today, en route to Portland, Or., on their transcontinental automobile trip. They started from New York City last Monday morning, in company with Percy Megargie and Bart Stanchfield, each pair in a light runabout, to make the trip across the continent to the Lewis and Clark Ex-position. They are expected to arrive in Portland in time for the Good Roads Conference, June 21. Megargle and Stanchfield are several hours behind Huss and Wigle.

Hufs and his traveling companion left this afternoon on the long Western trip by way of Omaha. Chevenne and Bolse, Idaho, through to the Exposi-

James W. Abbott. from the office of Public Road Inquiries, United States Department of Agriculture, accom-panies the tourists by rail in the inter-ests of his department, which is con-sidering the feasibility of a transcon-

tinental highway.
"We have made the run from New York to Chicago in rather slow time on account of the rains and storms further East," said Huss. "But we can expect to have some exciting adven-tures when we get out in the mount-

PLANNED ANOTHER MURDER

Gottschalk Sentenced to Hang While Scheming to Kill Jaller,

ST. PAUL, May 15 .- Edward Gottschalk who pleaded guilty to the murder of Jo-seph Hartman, his accomplice in the rob-bery and murder of Christian Schindel-decker, on February 18 last, must hang on Thursday, August 8. Governor John-

he case, fixed the date.

The Sheriff had been informed of a plot between Gottschalk and William Williams, charged with murder, to escape from jall. Only the removal of Gottschalk from the cell he had been occupy-

ing prevented its consummation.

Williams, finding that the scheme had falled, told the Sheriff of the plan and conducted him to the bathroom and showed him a section of iron pipe which could be removed by a few turns. Will-iams said that Gottschalk had planned to conceal this pipe in his cell, and, when the Jaller came with food, to knock him senseless, take his keys and release Gott-chalk and exercise.

er, under false pretenses. She was arraigned and released under \$1550 cash hall to appear for a preliminary hearing tomorrow. According to the allegations, the defendant, about a year ago, obtained \$1555 from Lane, \$550 of it being on an alleged fraudulent bill of sale for a quantity of household furniture. The assertion is also made that the defendant agreed to give Lane a mortgage on a "valuable ranch" in California as additional security. Since then she has paid buck about \$200 of the money, but the real-estate mortgage never came, and the discovery was made that the bill of sale was bogus. The defendant is the woman who was

was made that the bill of sale was bogus. The defendant is the woman who was recently accused of defrauding C. N. Johnson, a carpenter, of \$1000, but after the District Attorney and Sheriff had taken up the case, Johnson put a stop to the prosecution by marrying the woman. A few days later Johnson changed his mind and wanted to prosecute his wife, and when none of the officers or local attorneys would take up the case, he wrote to Attorney-General Crawford, accusing the Attorney-General Crawford, accusing the officers of "standing in" to help rob him.

New Men Will Run Toledo on Next Trip.

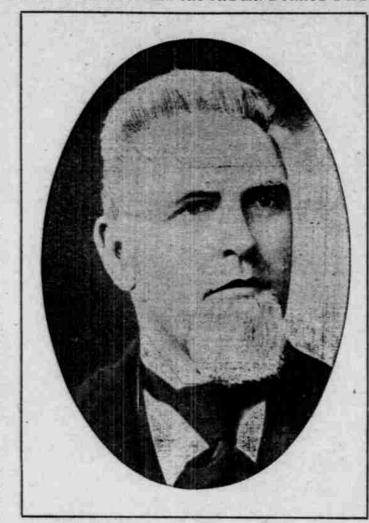

STRANDS ON THE WAY UP

Accommodations for More Passen gers Will Be Provided and Rates Will Be Lowered When the Portland Fair Opens.

As soon as the steamer Toledo reached her dock at & o'clock last night, Captain H. C. Killman, the chief engineer and the first officer, announced their intention of throwing up their

vance sale of seats will open for the ani-mated pictures of "Parsifal," Richard tomorrow morning, bound for Gray's Wagner's great opers, which J. Alex Harbor, on her second trip, she will

JUDGE DE HAVEN WILL TRY THE LAND FRAUD CASES

JUDGE JOHN JEFFERSON DE HAVEN.

John Jefferson De Haven, who has been named by Judge Gilbert to preside over the hearing of the Oregon land fraud trials, is a native of Missouri, though he has spent his life in California since the age of 4.

Judge De Haven was born in St. Joseph. Mo., March 12, 1845. He was

brought to California by his parents in 1849 during the gold excitement of that year. He was educated in the public schools of the state, and was admitted to the bar in 1866. He immediately began the practice of law and was elected District Attorney of Humboldt County in 1867, serving in that capacity until 1809, when he was elected to the Legislature. The young lawyer was received in 1871, being sent to the State Senate for a term of four years. The next public office held was that of City Attorney of Eureka, which

place was filled by him from 1878 to 1880. In 1882 Mr. De Haven was defeated as the Republican Candidate for Con-In 1884 he was appointed Superior Judge of Humboldt County, which place he held for five years, when he was elected to Congress serving until 1801 In 1891 Judge De Haven was elected Associate Justice of the Supreme Court of

California and held the position until 1895, From 1895 until 1897 the Judge practiced law in San Francisco. He was appointed United States Judge for the Northern District of California June 8 of the latter year. He has occupied that position until the present time with dis-tinction, and has been chosen by Judge Gilbert for the trying task allotted to him largely on account of the record made while on the Federal bench. While no definite announcement has been made, it is expected that Judge De Haven will reach Portland about the first of June in order to place himself in touch with the duties devolving upon him and to familiarize himself with the trend of the land fraud cases.

Hanna will present at the Marquam carry new officers who have not Grand Theater next Friday and Saturday nights, May 19 and 29, with a special mat-ince Saturday. This will afford Portland theatergoers an opportunity of again seeing these wonderful pictures, which are without a doubt the best ever shown in the city. "The Reign of Louis XIV." which Mr. Hanna presented at the last "Parsifal" entertainment, will be exhibited again. The action of the players on the screen in "Parsifal" will be explained as each character is presented. giving a most lasting impression of this beautiful story. Mrs. Walter Reed, conof this traito, will sing several numbers.

The Public and Mclodrama.

If any person had the least idea that real melodrama was not the most desired form of amusement the majority of the public want nowadays, that one would have had all doubts dispelled by watching have had all doubts dispensed by watching the through fighting to get into the Em-pire Theater Sunday afternoon and eve-ning to witness the opening performances of the great play, "A Woman's Revenge," which the company is to present all this week.

Week.

The intense enthusiasm and constant bursts of genuine applicate all through the five acts further attested the supreme interest for a real heart play filled with human emotions and feeling.

Matinees every day at 2:15. One evening performance only, starting at 8:15.

Hurt by Cave-In of a Sewer.

T. PAUL, May 15.—Edward Gottschalk, o pleaded guilty to the murder of John Hartman, his accomplice in the roby and murder of Christian Schindelker, on February 18 last, must hang Thursday, August & Governor Johntoday, after reviewing the records of case, fixed the date.

Moere belonged to the night shift of

ore belonged to the night shift of men who are repairing the big tube which has been the source of so much municipal scandal. Without warning the roof of the sewer gave way and a mass of pai scandal. Without warning the roof of the sewer gave way and a mam of cement, rocks and earth practically entombed Moore. Fellow workmen labored persistently for some time in rescuing Moore, and he was finally taken from his living grave. He was completely exhausted, his face and shoulders were badly cut and he was seriously bruised. It is also feared there may be internal injuries. He is a laborer and is 25 years of age.

Affice Smith Is Arrested.

ASTORIA, Or., May ii.—(Special.)—Alice
Smith, known by several aliases, was arrested today, charged with obtaining \$55 from Isaac N. Lane, a Nasel River ranch—widow, Anna M. Crowley.

unsatisfactory trip when he brought the Toledo ur from San Prancisco, and said at the time that he would not make many more trips in the Toledo. The other officers are also unsatisfied with the

ing, and at 2 o'clock yesterday m was on the beach of Skamowaka Slough near Skamowaka, Wash. A regular pi-lot was in charge at the time. It was nearly 8 o'clock before the little ves-sel came off the sands at high tile and continued on her way to Portland. There were two carloads of freight and

a number of passengers on board.

It is probable that before long stronger engines will be placed in the Toledo. Her managers also plan to in-close the deck amidships, providing accommodation for 15 more passengers. This will probably be done before Exposition opens, as at that time the rates are to be cut, that the steamer may compete with the railroad. present rates are \$4 from Gray's Haror to Portland, and \$2.50 to Astoria.

OYSTERS FOR YAQUINA BAY

Japanese Bivalves Will Be Trans planted From Kanagawa.

Japanese oysters are to be planted in Yaquina Bay, where it is believed they will attain a larger size than in their native waters. On the steamship Nicomedia, which ar-

Yaquina Bay. These bivalves came from Kanagawa, to the northward of Yokohama. They are served in the botels of Yokohama and other cities of Japan, and are considered the best to be obtained. In Japan they are about the size of the familiar Shoalwater Bay oyster.

Oysters of the same variety have been successfully translating to Shoalwater.

Successfully transplanted in Shoalwater Bay, and there they have grown much larger than at Kanagawa. The cysters arriving on the Nicomedia were found to be in excellent condition restreday. They will be shipped to Yaquina as soon as possible. The two tubs hold about one bushel each

"SHANGHAI" ON HER PAPERS

destination of the British steamship Ferndene is to be Shanghal.

It is evident that the example of the Hill liner Minnesota is being followed. The Minnesota cleared at Scattle for Tokohama, but at Port Townsend her papers were changed to read Shanghal. Ever since the Ferndene was chartered it was understood that she was to carry flour to Japan. But the whereabouts of the Russian cruisers are still a mystery, and it is considered safer for her papers to read Shanghal. If she is overhauled by a Russian vessel she will then be apparently bound for a neutral port. Otherwise she will be carrying contraband of war to the enemy of Russia. The Ferndene is expected to finish louding tonight. She will probably leave down some time tomorrow. Her cargo has been hurried into her with all speed. BARK DAVIS BURNS AT HILO Wireless Message Tells of Loss of Vessel and Cargo. HONOLULU, May 15.-The American bark Martha Davis caught fire in Hilo harbor on last Saturday night and was totally destroyed. The portion of her cargo consigned to Hilo had mostly been discharged, but that intended for the island plantations was lost. The origin of the fire, which was reported by wire-less telegraphy, is unknown.

The bark Martha Davis was of 789 tons' net capacity. She was commanded by Captain MacLoon and was built at Bos-ton in 1872. Her managing owners are Weich & Co., of San Francisco. She car-ried a cargo of general merchandise.

Lantern and Buoy Replaced.

Notice is given by Major Langfitt, En gineer of the 13th Lighthouse District, that the structure carrying the Marshfield rear beacon light, a fixed white post lantern light, on the northerly side of the Marshfield channel to Coos River, recently reported carried away, has been replaced and the lantern relighted May 2. The 12th district has given notice that the Santa Cruz whistling buoy, located about 12-8 miles east-southeast 1-4 east of Santa Cruz Lighthouse, Cal., reported Santa Cruz Lighthouse, Cal., reported adrift, was replaced May 10.

Three Japanese Salmon Poachers

SEATTLE Wash., May 15.-A com-SEATTLE. Wash. May 15.—A communication was today received by a local firm from its representative at Yokohama that three fishing craft are being fitted out at that place, and it is alleged that they are to poach in Southeastern Alaskan waters during the coming season. Former successes of Japanese salmon fishermen in prohibited waters, the correspondent states, is perhaps the reason the three schooners are being fitted out.

Another Try at the Elder.

KALAMA, Wash, May 15.—(Special.)—
Another unsuccessful effort was made Sunday to float the steamer Geo. W. Elder. The steamer M. P. Henderson and tug McCraken pumped all day Sunday, but something seemed to be wrong with the pumps. When all the pumps were working the bow of the vessel could be seen gradually to rise, but they could not keep the pumps going, and the wrecked steamer would again sink into the water.

Cable Expert on the Ground. ASTORIA, Or., May 15.-(Special.)-A

will be made tomorrow to repair the Weather Bureau telegraph cable that extends across the mouth of the river. Humboldt Buoy Capsizes

able expert arrived down from Portland

on this evening's train, and an attempt

The Lighthouse Board of the Twelfth District has issued notice that the bell buoy off Humboldt Bar, California, has capsized. It will be replaced as soon as Steamer David in Peril.

JACKSONVILLE, Fla., May 15.—The American tramp steamer David went ashore near Miami today. She is loaded heavily and is reported in a perilous

PERSONAL MENTION.

Rev. E. Nelson Allen, pastor of the First Cumberland Presbyterian Church, left last evening for Los Angeles, Cal., where he will attend the meeting of the the Cumberland rived Sunday morning, where two tubs of oysters consigned to M. M. Davis, of Corvallis, the owner of extensive beds on Samuel Butler, of Grass Valley, Cal., Samuel Butler, of Grass Valley, Cal., reached the city last night and is staying at the Imperial. Mr. Butler has come to Portland to assume direct charge of the California mining exhibit at the Exposi-tion, and will remain in Portland during

NEW YORK, May 15 .- (Special.) --Northwestern people registered at New York hotels today as follows: From Seattle-Miss J. Jachling, Miss E. L. Collins, M. J. Henry, Albert F. M. Guion, at the Holland; P. M. Henry, at

Two Charges Against Smith.

SAN FRANCISCO, May 15.-Tw "SHANGHAI" ON HER PAPERS charges of felony embezzlement were today entered against ex-Tax Collector E. J. Smith. who was arrested in St. Zoula and reached here today in the custody of officers. District-Attorney Byington says that the case of Smith will be pressed to an early trial.

KNOWN QUALITY There are two classes of remedies: those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of

the remedies of known quality and excellence is the ever

pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

There are two classes of purchasers: those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy.

To the credit of the druggists of the United States be it said that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer imitations of the

Genuine—Syrup of Figs

manufactured by the California Fig Syrup Co., and in order to buy the genuine article and to get its beneficial effects, one has only to note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package. Price, 50c per bottle. One size only.

FRED J. BLAKELEY AND ASSO-CIATES THE PURCHASERS.

Property Is One of the Oldest and Best-Paying Placers in the United States.

The Sterling Mine in Jackson County was sold yesterday afternoon by Henry E. Ankeny, of Eugene, and Vincent Cook, of Portland, to Fred J. Blakeley and associates, composed of local and Eastern capitalists. The mine is rated as being

worth \$500,600, though it is said that more than \$500,600 will change hands as the re-sult of the sale. The Sterling mine is one of the largest

President.

At that time all the work was done by hand, but now the mine is operated by the hydraulic process. It is the intention of the new owners to use a great deal of the new owners to use a great deal of the water piped to the mine in irrigating the apple orchards of the Rogue River Valley. During the months of July, August and September, the clean-up is made at the mine, and it is at this time that the valley needs the water most. The company will therefore spend several company will therefore spend several company will therefore spend several company those who pageonize salcons up to that late my drink, a little of it, every day in the salcons, although I have never been under the influence of liquor, but think it is ridiculous to keep salcons open 181 I A. M. They may just as well then be open all night. What is the difference? Especially as many of them are open all night anyhow.

If a man remains in a salcon until I o'clock in the morning, how is he able to perform his duty, in whatever calling it may be, then exit day? It is simply impossible. So, then, those who pageonize salcons up to that late

The sale of the Sterling mine is perhaps the largest mining deal consum-mated in Southern Oregon for some time. The mine is the most valuable property.
