Oregon also counts on winning the hurdle events and the discus throw, but indications are that McDonald, of Washington, will win the hammer throw and shot put. The mile run is conceded to Washington, also the pole vault, but the high and broad jumps and 440-yard dash are counted as doubtful events. The relay race is also considered uncertain. The local 'varsity will have three men in every event, and as a consequence expects to win a majority of the second and third places.

The Seattle men arrived from Corvallis this afternoon and are in good condition for tomorrow's meet. Tonight the Oregon students are participating in a general rally. A special programme has been carried out, including speeches by the alumni and the kindling of bon fires.

The Penn Mutual Life Insurance Co., of Philadelphia.

On the 7th day of December, 1904, by its Board of Trustees, unanimously adopted the follow-

"BE IT RESOLVED by the Trustees of The Penn Mutual Life Insurance Company of Philadelphia, Pa., in order that its policy-holders may have full and exact knowledge of its business management and of the security and character of its investments, that the President of the Company request the Insurance Commissioner of Pennsylvania, together with the Insurance Commissioners of Massachusetts and Wisconsin, either in person or by deputies, to make a full and complete examination of the affairs and investments of the Company, as provided for by law, said examination to be made as early as can be arranged after the closing of the accounts of the Company for the current year."

The request of the Trustees was granted, and on the first day of February, 1905, the examination was begun, and concluded on the 24th day of April. The official representatives of the three departments, with their assistants and appraisers, in all some fifty persons, covered every detail of the business management and the character and security of the Company's assets. The complete and detailed report of the examiners is too voluminous for publication in the press, but has been printed in pamphlet form and will be furnished on application to the Home Office of the Company in Philadelphia, or to any of its authorized agents in the United States.

The condensed findings of the examiners are included in the following: COMMENTS OF THE COMMISSIONERS
