DRIVE OUT DISREPUTABLE

Enraged at Shirs on Their Race, They Rise Against Those Who Bring It Into Disrepute.

Police as Spectators.

WARSAW, May 25 .- The Jewish diswarran, May 12.—ine Jewish disorders here last night arose from an
attempt of the Jewish socialist organization, called the "Bund," to purge
the Hebrew district of Warsaw of all
disreputable persons. The Bundites,
with the view to expelling their undesirable coreligionists, began to wreck
disorderly houses, cafes and other reorder.

The fight spread to the surrounding streets, continuing until midnight, and recommencing this morning. Occasional clashes are still taking place. The Bundles have been permitted to carry on the work of destruction without any interference on the part of the authorities. Not a single policeman was visible. Occasionally a patrol of gendarmes dispersed the crowds. which however, were immediately permitted to gather again. There has been considerable bloodshed, and many injured students have been taken to the hospitals. Fourteen of those nded last night are reported to be

The authorities took no steps to prevent the riots until late tonight, when the Cos-sacka fired on the crowds at two points,

wounding four persons.

The correspondent of the Associated Press spent several hours in the disturbed district, but did not see a single active policeman. During the day patrols occaionally appeared, but they witnessed the proceedings merely as spectators.

Cause of the Outbreak.

The character of the disturbance is un precedented. The whole affair is a conflict between the respectable Jewish Socialist classes and the disreputable Jewish element. There are conflicting stories as to the origin of the trouble. One report is to the effect that the respectable Jews, tired of hearing the members of their race called keepers of disorderly houses, thieves and usurers, and other opprobrious names, resolved, as the police opprobrious names, resolved, as the police were receiving bribes for protecting discreputable houses and persons, to take the matter into their own hands. Another report has it that Jewish roughs in the guise of members of the Bund were levying blackmail upon the shopkeepers, thus enraging the Socialists. In any case, the Socialists seemingly determined on a crusted warms the undestable excesses. sade against the undestrable persons of their own race, with the result that crowds of men and boys are now sys-tematically ruining the disreputable

Pillaging Becomes General.

Extraordinary scenes were witnessed to-night, when the crowds visited the better section of the city and demolished apartsiance and mirrors were thrown the windows. The mob in the streets left open spaces for the falling articles, and then completed the work of destruction. In one place a quantity of valuable jeweiry was taken out and deliberately smashed with stones.

The whole affair was carefully organ-ized. The leaders were supplied with the addresses of the owners of disreputable ouses, and mearcely a single resort in Warsaw escaped destruction

READY TO BATTLE TOGO

Rojestvensky Will Try to Reach Vladivostok First, But Will Not Let Japanese Repeat Port Arthur Bottling Trick.

ST. PETERSBURG, May 25 .- Admi ral Avellan, head of the Russlan Admiralty departments, confirms the Associated Press dispatches saying Vice-Admiral Rojestvensky is steaming north to give battle to Admiral Togo. He considers it probable that news that the two fleets have met may be

received any day. In an interesting interview Admiral Aveilan reaffirms the official denial of the reports that Rojestvensky has broken down and has asked to be re-lieved. Aveilan says Rojestvensky sent detailed reports of the condition of his own health and of the health of the crews of his ships. The constant tension and hard work of the past few months have been a great strain to

the Admiral's health "Even before he left," said Avellan,
"Rojestvensky was a sufferer from kid-ney trouble, but his health is not worse. His reports breathe a spirit of strength, resolution and confidence, and other reports show he has inspired his crews with the confidence of their commander. As a matter of fact, it is not Rojestvensky, but Vice-Admiral Vocikersam, who has suffered from the

long stay in the tropics.

"The appointment of Vice-Admiral Birlieff as successor to Vice-Admiral Skrydioff at Vladivostok will in no wise affect Rojestvensky's status. The latter's mission as chief of the fleet is to take it to Vladivostok. There will be no antagonism when he gets there The two Admirals are on excellent terms, which began long ago, when Rojestvensky served under Birileff. Both are iron disciplinarians, and Rotestvensky will give his superior the obe nce that he demands of his subor-

"Do you anticipate a sea fight soon?" the Admiral was asked: He replied: "Certainly. However, I can say nothing definite on this point."

In response to a suggestion that
Togo might intentionally allow Ro-jestvensky to get to Vladivostok, con-tenting himself with torpede attacks while the Russians are on their way there, and then try to bottle Rojest-

Rojestvensy is not the kind of man to allow himself to be consider the second of the sec Admiral Avellan repudiated the re-ports that a number of chartered col-liers sent to Vladivostok were cap-tured by the Japanese owing to the

connivance of their captains, who arranged to receive half the price of their cargoes for betraying their route and time of departure. The Ad-miral explains that the collers were lost through delayed receipt of ordera telegraphed to them by the Admiralty to go to Vladivostok by way of La Perouse Straits, instead of through the Straits of Corea. Two of these vessels which passed through La Perouse Straits arrived safely at Vladivostok.

A private letter from the commander of one of Rojestvensky's torpedobact-destroyers, mailed at Saigon, describes the fleet's passage of the Indian Ocean. The writer says the hard work fell on the light cruisers and torpedoboat-de-stroyers under Vice-Admiral Enquist. which were constantly scouting ahead and communicating the approach of vessels, so as to permit Rojestvensky to change his course and steer clear of them, his desire being to avoid dis-covery before he reached the China Sea, in which he was successful.

Considerable difficulty was experienced at times in coaling from the transports at sea, especially in the case of the torpodobout-destroyers. The officer adds that after the long voyage, they were looking forward with relief to the coming battle. He says his torpedoboat-destroyer will be visioned at Salgon.
