

COSSACK RAID TO JAPANESE REAR

Linievitch Claims Great Success for Mistchenko's Cavalry.

TAKE PRISONERS AND GUNS

Japanese Driven From Heights, Several Companies Annihilated and Supplies Destroyed—People of Sakhalin Starve.

ST. PETERSBURG, May 26.—News of a successful cavalry raid by Lieutenant-General Linievitch comes in the following dispatch from Lieutenant-General Linievitch to the Emperor, dated May 25: "A cavalry detachment commanded by Lieutenant-General Mistchenko, composed of a portion of the South Caucasian brigade and Trans-Baikal Cossacks, while engaged May 17 in repulsing the enemy to the southward, approached Slioutouchan. On May 18 the squadrons of the vanguard succeeded in reaching the Fakoman road, where they burned a stores depot and destroyed the telegraph for a considerable distance. Large bands of Chinese bandits encountered by the detachment were partly annihilated and partly dispersed.

"On May 19 the main body arrived at the Fakoman-Shifuday road and found the heights south of Fakoman occupied by a large Japanese force, consisting of guards and infantry with machine guns. The Russians attacked and annihilated two Japanese companies and captured another company, with all of its officers and ten machine guns.

"The Russians seized a road on the right bank of the Liao River and dispersed near Shifuday a transport train seven versts (4-5 miles) long, with rice, tinned food and fruit, destroyed the telegraph line and took several prisoners and 100 horses.

"On the return journey the Russians dispersed several bands of Chinese bandits. The prisoners taken number five officers and 24 men."

CANNOT STAND THE STRAIN

Delay of Naval Battle Spreads Consternation in Russia.

CHICAGO, May 26.—(Special.)—The Daily News correspondent, cabling from St. Petersburg says: "Admiral Avelev's confirmation of the story that Admiral Rojestvensky is seriously ill that his fleet is on its way to Vladivostok and that there will be no battle before it reaches its destination, is possibly intended to mislead the Japanese. At the same time it has caused consternation throughout Russia and an unprecedented slump in console, because it means an indefinite prolongation of war, anarchy and revolution and final bankruptcy."

M. Kokovtzeff, Finance Minister, has reported to the czar that the treasury is in financial straits and that it now faces as a last resource the using of foreign demand bills. The gold reserve would be virtually mortgaged, but even then sufficient funds for the conduct of the war could not be furnished. The officers at the front have not been paid for several months. Kokovtzeff urges peace and the payment of an indemnity, which would be a small matter compared with the losses caused by the interior crisis.

It is said that Grand Duke Alexander carries to Berlin a statement of the utmost concessions the czar will make to Japan. It is believed that the gathering of international dignitaries at the Crown Prince's wedding may be the preliminary to peace parleys.

IS STOESEL A HERO OR NO?

Port Arthur Editor Says No, Czar Says Yes.

SPECIAL CABLE. BERLIN, May 26.—Germany's general staff is pluming itself on having acquired the innermost secrets of the military defense of Port Arthur. The information has been bought from Paul Lassmann, editor of the Novikrai, the semi-official newspaper founded at Port Arthur by Admiral Alexieff.

Lassmann has arrived in Berlin to arrange for the publication of a book about the siege. He is a pronounced enemy of Stoesel and the forthcoming book is intended primarily to explode that officer's claim to rank as a hero.

Colonel Schebeko, Russian military attaché at the Kaiser's court, has returned from a visit to the czar. His Majesty told Schebeko that he was convinced from evidence that Stoesel had produced that the General was not deserving of censure for having surrendered the fortress and added that he had ordered the inquiry now pending and that it was not a court-martial, but was merely intended to pacify public sentiment.

Far from condemning Stoesel, the czar censures General Smirnof, commander of the garrison at Port Arthur, for refusing to join Stoesel in the capitulation negotiations. When Japan releases Smirnof, who is now a prisoner, he will be court-martialed.

STARVATION IN EAST SIBERIA

Food Supply Exhausted, No Work Doing, Whole Tribes Dying.

ST. PETERSBURG, May 26.—The Rusky Slovo of Moscow today prints a dispatch from Vladivostok which indicates that the inhabitants of the whole maritime region of Eastern Siberia, including the Island of Sakhalin and Kamchatka Peninsula, are facing starvation on account of the situation produced by the war.

Word has been brought to Vladivostok from Okhotsk, Eastern Siberia, that the fish supply of Sakhalin was exhausted last winter and that the inhabitants ate their dogs. There is no flour on the island, and the people are confronted with starvation. A similar

situation exists at Kamchatka, where the people are practically left to their fate.

No work is going on in the Amur district, beggars are roaming about everywhere, and the Orochons, a Siberian tribe, who live on the shores of the Gulf of Tartar, are dying of starvation. The dispatch concludes: "Should the war continue six months longer, starvation will be universal in all this remote region."

GIVES WARNING TO CHINA.

Russia May Extend Zone of Hostilities to Mongolia.

ST. PETERSBURG, May 26.—The Russian government for the third time has warned China that, unless she can bring Japan to make agreement defining the line of neutral zone north of Tie Pass, Russia will consider herself forced to use Mongolian territory for military purposes. M. Pokotefoff, the new Russian Minister to China, left St. Petersburg for Peking today.

MOVE TO PARTITION CHINA

Consternation in Russian Capital About Move on Mongolia.

LONDON, May 27.—The Times correspondent at St. Petersburg says that Russia's decision to extend the area of hostilities into Mongolia has evoked a sentiment of consternation among the diplomats there. It is regarded, he says, as the first step toward annexation and the opening up of the question of the partition of China.

ANYTHING TO RAISE MONEY

Russia Sells Railroads and Levies Forced Loans.

ST. PETERSBURG, May 26.—That the Russian Government's war chest is undergoing extraordinary strain there is no doubt, but that it was in such serious condition as to cause the government to contemplate the selling of shares of the most lucrative railway lines to the empire was hardly to be expected. But such is the report. It is said that the Ekaterininska line, in the south, the most prosperous of all the lines, the Kharokoff-Moskalevsk line and the Kurak-Kharokoff-Sebastopol line have been privately offered for sale, and a French-Belgian company has signified its intention to purchase them for 800,000,000 roubles. The average net takings on the three lines is 25,000,000 roubles.

It is credibly affirmed that a specially appointed official has gone to Moscow in order to receive several hundred millions of roubles which wealthy members of the nonconformist sect have promised to subscribe for the expenses of the campaign, if the government relieves them of their civil disabilities. Extraordinary measures are being adopted to replenish the war chest. Thus, subscription lists are being circulated among the officials of the various departments, who are informed that their names and the sums offered will be reported to His Majesty.

But the donations are given unwillingly. For instance, a list which in Koboriak contained the names of eight officials who contributed altogether \$75,000 roubles four weeks ago has received no addition since then.

JAPAN HAS PLENTY OF SINEW

Financial Ability to Carry on War Surprises World.

TOKIO, May 26.—Baron Komura, Minister of Foreign Affairs, and Baron Shibusawa, Minister of Finance, addressed the Clearing-House Association today. Baron Komura said that the financial capacity of Japan had completely surprised the world. He was glad that Japan was showing a financial and productive ability as well as strength on the battlefield. The war, he said, would last long, and he trusted much in the commercial ability of the nation after the war was ended, when a greater prospect would open before the country. He expected, however, that the commercial interests would do their utmost to develop and extend commerce. He also expected the introduction of foreign capital, and he counseled his hearers to facilitate this introduction by inspiring foreign capitalists with confidence in the country.

Some thanked the financial and commercial interests for their great assistance in financing the war. Baron Shibusawa said that the commerce and productive capacity of the nation were being developed. The bank clearings, he said, for 1904, exceeded \$2,000,000,000, which amount was unprecedented. He expected that the bank clearings for 1905 would exceed \$2,500,000,000.

LAWYER AS DEFENDER OF LAW

Parker Says He Should Resist All Abuses and Disorders.

CHICAGO, May 26.—Judge Alton B. Parker, of New York, addressed the Illinois State Bar Association at the Chicago Beach Hotel today on "The Lawyer in Public Affairs." Judge Parker's address dwelt upon the scope of men who follow the law as a profession, and of their relations to the politics and public life of the country. He reviewed at length the prominent part taken by lawyers in the public discussions from the days of the 13 colonies to the present. In the course of his address he said:

"I would emphasize anew the thought that, as the lawyer finds himself the beneficiary and the heir of great privileges which yield commanding opportunities, it is more incumbent upon him than upon any other to recognize that these privileges and powers impose obligations from which there can be no escape, and which ought not to be except by meeting and welcoming them in the completest sense possible. If at any time it shall become apparent that the sanctity of the ballot, either through fraud or as a result of the administration of the law, whether civil or criminal, becomes either lax or careless; if the evils in any industrial movement manifest such a power that they threaten monopoly or put popular rights in peril; if the executive, the legislative, or the judicial branches of our system shall, either by design or accident, tend to teach unduly or dangerously upon the rights of any of the others—the one man who should resent and resist the dangers thus threatened is the American lawyer.

The traditions of his profession, the execution of the high trust confided to him, the example set him by great leaders through many generations, all tend to show that he should exercise the greatest watchfulness and show the highest courage.

Judge Parker and Governor Deneen will respond to toasts at the association's annual banquet this evening.

SHAW'S PLAN OF RETALIATION

Higher Tariff on Counties Which Discriminate Against Us.

DES MOINES, Ia., May 26.—Secretary of the Treasury Shaw, speaking today before the Des Moines Club, said that the following amendment would be introduced at the next session of Congress: "Be it enacted that whenever any country grants to the people of any other country privileges within its territory which are withheld from the people of the United States, then and in all such instances the tariff duty on merchandise coming from these countries showing such preference shall be one per cent higher than provided in the schedule of existing tariff laws.

"This would constitute a maximum and a minimum tariff, the maximum to be enforced only against such countries as

BUY THE CHEAPEST

Taft Lays Down Rule Regarding Canal Supplies.

ON BUSINESS PRINCIPLES

Secretary Defends New Rate Bill. Tuttle Declares Government Rate-Making Impracticable.

Inaugurals for Supervision.

CINCINNATI, May 26.—The celebration of the twenty-fifth anniversary of the Cincinnati Commercial Club closed tonight with a banquet, at which the speakers discussed the questions of the day.

Secretary of War Taft made the principal speech on "Policy and Practice," saying: "If the Panama Canal were inside the territory of the United States, of course all material used on the canal would pay duty or be bought in the United States, but, as the construction of the canal is a number of days' journey from the tariff wall of the United States, it presents exactly the same case as is presented in the case of the Philippine Islands. Now, if Congress wants to pay more than France was willing to pay, they are at liberty to do so, but in the absence of a rule we feel we must carry out the rule that applies to the purchase of their prices and quality being the same, we must buy American goods. In the absence of a rule, we feel bound by our duty to do so as cheaply as possible. We submitted the question to Congress on this line, asking Congress to lay down the rule. If there is no rule we must build as a business man would build. Now there is no question of protection of trade; it is a question of the application of the law as it stands. If the rule or law is changed we must change.

He spoke of the work of the commission on the canal and praised highly the men who have been put at the head of the work. He then spoke of the relation of the Government to the railroads, saying:

"I cannot but think the discussion which is now going on has had a much wider scope than is necessary. The question is the passage of certain legislation and that should be properly narrowed by consideration of what that legislation is.

He explained the present status of the interstate commerce law, calling attention to its reference to "unreasonable rates," and the position of the Interstate Commerce Commission on the matter. He indicated that the measure proposed was a very moderate measure, and that it was unfair to denounce it so severely as had been done. He believes the changes proposed in the Each-Townsend bill would result in good.

Plea for Railroads Entered.

President Lucius Tuttle, of the Boston & Maine Railway, spoke of "The Relation of the National Government to the Railroads." He said in part:

"I have yet to meet the well-versed railroad official who believes that the present act of 5 or any 20 men, no matter how able, honest or expert, to whom could be safely intrusted the power to supervise the railroads, as a whole or in part, the transportation rates of this great country without risk of imminent threat and ultimate ruin to each of them."

"I believe I voice almost without dissent railroad opinion when I say that the general principle that the Government's relation to public transportation companies should be that of equal treatment as far as is practicable, every unjust practice, either by them or against them, I have reasonable faith that the agencies that have been mainly instrumental in building up so successfully and wonderfully the world's intercommerce could so easily see no more in the performance of their most important functions as to warrant the hasty application of drastic and unwise legislation."

STRIKERS AGAIN RIOTOUS

(Continued From Page 1.)

hauled in wagons driven by nonunion teamsters.

It was decided at the meeting to withdraw all the financial and moral support that the teamsters unions have been giving the strikers thus far in the strike. This means a loss to the teamsters of 2000 a week which they have received from the building trades unions.

A committee was appointed to convey to President Shea of the teamsters the action voted by the building trades. The news vialy affected him, and he replied: "I can't believe that this is true. The building trades workers are too loyal to unionism to take this position."

Albert Young, the chief lieutenant of Mr. Shea, assumed a defiant attitude. He said: "The building trades will find that the teamsters can take care of their strike without the aid of the plumbers, the plasterers and the rest of them."

Hope of Peace Abandoned.

There is no movement at present looking towards the settlement of the strike. Mayor Dunne today for the first time since the commencement of the teamsters' strike declared that he knew of no contemplated plans for peace. The Mayor talked as though he had abandoned hopes of a settlement. Alderman Dever, chairman of the City Council Peace Committee appointed a week ago, said tonight that he had practically ceased work, as the committee could see no avenue in the controversy looking toward an adjustment of the differences between the teamsters and the employers.

Mayor Will Not Call for Troops.

In the face of declarations by the employers that the Police Department of the city is absolutely inadequate to afford protection to property as a result of conditions brought about by the strike's spread to the lumber district, Mayor Dunne announced that there would be no necessity to call for troops this week.

The lumbermen, whose interests are the latest to be affected by the strike, are not so optimistic. They seem to be living in terror of riotous uprising in the vast area embraced by their yards and plants—a district peculiarly inviting to incendiarism. In anticipation of trouble in the lumber district the Mayor instructed Chief of Police O'Neill to close all streets there between the hours of 1 and 7 P. M., in cases where crowds were permitted to gather inside or outside the premises.

Raising Funds for Strike.

In preparation for a protracted strike siege the Teamsters' Joint Council has arranged to send agents to all parts of the country for the purpose of gathering funds. It is the ambition of the strike leaders to raise \$1,000,000 by July 1. So far the collection has been successful.

Spring Humors

Come to most people and cause many troubles,—pimples, boils and other eruptions, besides loss of appetite, that tired feeling, fits of biliousness, indigestion and headache.

The sooner one gets rid of them the better, and the way to get rid of them and to build up the system that has suffered from them is to take

Hood's Sarsaparilla and Pills

Forming in combination the Spring Medicine par excellence, of unequalled strength in purifying the blood as shown by unequalled, radical and permanent cures of

Scorfula Salt Rheum

All Kinds of Humor Rheumatism  
Blood Poisoning Psoeumatism  
Catarrh Dyspepsia, Etc.

Accept no substitute, but be sure to get Hood's, and get it today.

LEST YOU FORGET

YSAÏE

The greatest of all violinists will appear at the Marquam, Tuesday evening, May 26, under direction of Lots Steers-Wynn Coman. Nothing we could say would add anything to the reputation of this wonderful artist. We can say, however, if you do not avail yourself of this opportunity to hear him it will be one of the greatest musical mistakes of your life. You will also want to hear

M. Juiles DeBefve

The director of the Belgian Philharmonic Society, Ysaÿe's accompanist, as he brings forth the sweet strains from the KNABE PIANO.

In the 116 concerts given this season by Ysaÿe the Knabe has been used at every one, it being the choice of all pianos of this great artist. We are the sole representatives of the Knabe piano for this territory, as well as a dozen other high-grade art pianos, and our prices and terms make it possible for all provident people to possess one. We also carry a fine line of medium-grade pianos, and are in a position to supply every want on most reasonable terms. If you want the best for your money do not fail to give us a call.

DES MOINES, Ia., May 26.—Secretary of the Treasury Leslie M. Shaw, who was the guest of the Bankers' Club today at a luncheon, repeated his assurance that Government finances were in no danger.

"No one is authorized to say that I will be a candidate for the Presidency," said the Secretary in answer to a question. "It is a subject which I do not care to discuss."

STRIKERS AGAIN RIOTOUS

Lipman, Wolfe & Co.

Hellers will probably start from Chicago next week on this mission. They will visit every local union in the United States, according to the plan, and in addition to urging financial assistance will strive to arouse organized labor everywhere to sympathize with the present struggle.

and they testified to seeing the iron bars inserted in the cork blocks. A motion to non-suit was made on the ground that there was sufficient cork in the blocks, and even with the iron, the buoyancy of the preservers would reach the Government's standard. The motion was denied.

IMPORT JAPANESE LABOR

Plan of Wealthy Japanese for Big Texas Farm.

WASHINGTON, May 26.—Japanese colonization is contemplated in Texas by a wealthy Japanese agriculturist who recently visited the United States, according to a report submitted to the Department of Commerce and Labor by Fred D. Fisher, American Consul at Tamsui, Formosa, who bases his announcement upon recent publications in Japanese papers. The report says that 100 farmers are to be collected in Japan and that as a first undertaking 500 acres will be cultivated in paddy fields in Texas.

One of the first moves of the strike leaders to keep the men in line will be to increase the weekly strike benefits. The drivers on strike now receive \$10 a week. The Express Drivers' Union has arranged, according to the officials to pay its 900 members \$12 weekly, beginning next Monday. If sufficient funds can be raised, the benefits paid to other strikers will be increased in proportion.

Significant of the probable approach of a lumber famine in the manufacturing industries was the shutdown today of the J. W. Landis mill. This company, which is engaged in the manufacture of police protection, and gave it up.

Several of the express companies today dispatched wagons through the streets without police guards. The vehicles, nevertheless were not without protection, being entrusted to Deputy Sheriffs.

King Oscar Resumes Reins. STOCKHOLM, May 26.—King Oscar today resumed the reins of government after his recent illness, during which the Crown Prince Gustav acted as his regent.

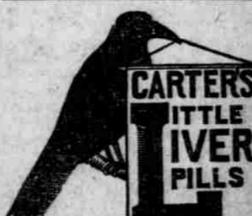

Railroad Strikers Set Free.

EL PASO, Tex., May 26.—In the District Court at Alamo, N. M., today, a jury acquitted a number of railroad strikers arraigned under the old Federal conspiracy law. The men were striking against the Northeastern Railroad.
