MARTIAL LAW PROCLAIMED

After Watching Bloodshed and Pillage for Two Days, in Which Christians Aid Jews, Soldiers Disperse Mob.

WARSAW, May 25.—The demolition of disorderly houses by the Jewish Socialist organization called the Bund continues today unchecked throughout the city.

After nearly 48 hours of mob law the authorities this afternoon interfered, patriots of infantry and Cossacks speedily dispersing the rioters who were engaged in the demolition of disorderly houses.

Nineteen persons were injured during the disturbances, and the hospitals were three deaths of those who received injuries in the rioting of Wednesday night.

Six thousand troops came to Warsaw today from their summer encampments. Martial law was proclaimed late tonight.

REMOVE ABUSES OF POWER

Commission Proposes Abolishing Minor State of Siege.

ST. PETERSBURG, May 26.—The Council of the Empire has increased the appropriation for public education by \$22,000.

Private reports from Zhitomir, province of Volhynia, say the tension between the Jews and Christians is increasing and that both sides are arming.

The Ignatieff Commission for the revision of exceptional laws, designed for safeguarding public order, has pronounced against a continuance of the minor state of siege which is annually declared in many Russian cities.

The commission finds that it led to great abuses and arbitrations and furnishes a pretext for domiciliary visits and summary arrests.

The commission recommends the entire abolition of the so-called minor state of siege, and the substitution at times of great public stress of martial law, so as to leave the cities either in a normal condition with the civil authorities in full sway, or entirely under the control of the military.

Russians Rejoice at Raid.

ST. PETERSBURG, May 27.—(3:20 A. M.)—The news of the successful raid by Mischevsky, as told in a dispatch from Lieutenant-General Lihnevich to the Emperor, is a source of satisfaction to the military authorities, not only because of the resultant damage to Japanese supplies and communications, but owing to the fact that it is a manifestation of the activity of the Russian cavalry and an indication that the growth of green fodder will permit the dispatch of the Russian superiority in horse to greater advantage in the preliminaries in the coming battle than was the case at Mukden.

Governor's Assassin Captured.

Oakdale Bank Wrecked by Acts of Suicidal Cashier.

STOCKTON, Cal., May 25.—The latest developments in the case of the Oakdale Bank, the cashier of which, Louis Kahn, is lying at the point of death from a self-inflicted bullet wound, which it is generally conceded, even by his relatives, was fired so that he might commit suicide, are to the effect that the bank has totally collapsed. It is believed now that the loss of the bank through loans which Kahn made to himself in the course of business, will amount to \$50,000. This loss will fall upon the stockholders.

Bank Failure in Ohio.

WASHINGTON, May 25.—The first National Bank of Barbours, O., has been ordered closed by the Controller of the Currency, on the recommendation of National Bank Examiner Albertson, who found between \$40,000 and \$50,000 doubtful paper, consisting mostly of long-time notes, which it is claimed was carried contrary to the National banking laws. Much of this paper was against the Barbours Pottery Company, which went into bankruptcy this week. A plan was on foot to merge the bank with the Barbours Savings Bank Company, and O. C. Barber, the match magnate, had made an offer to take over the bank's affairs, but it was rejected. The bank had deposits and accounts amounting to \$250,000.

Morton's Cabinet Experience Secures Higher Railroad Office.

OREGONIAN NEWS BUREAU, Wash., May 25.—Judging from the experience of Secretary Paul Morton, of the Navy Department, it profits a man considerably to serve in the President's Cabinet. Mr. Morton was second vice-president of the Santa Fe Railroad when he was offered a Cabinet office. He resigned his railroad position, which was paying him much more than the Government office would pay. After serving 11 months in the Cabinet, Mr. Morton had known the desire to return to business, and immediately he is offered the presidency of the railroad of which he had been second vice-president. Incidentally, many other important offices of equally large salary were tendered him.

A term in the Cabinet gives a man a standing in this country that he cannot acquire otherwise. It brings him in contact with most of the great men of the

Whole City Will Join in Boosting Great Celebration for Eastern Washington Metropolis at Portland June 20.

SPOKANE, Wash., May 26.—(Special.)—The O. R. & N. Co. is arranging to run two excursions to Portland for visitors to the Fair on Spokane Day, June 23. President F. E. Goodall, of the Chamber of Commerce, was asked what special efforts were being made for a proper celebration of the day. He said that an invitation had been extended to the Mayor to take the train with the Chamber of Commerce next Tuesday, its regular meeting day, after which an informal conference would be held in regard to ways and means for carrying out a programme that will be a credit to the city.

"This is a time for the boosters to get busy," said Mr. Goodall, "and everybody should be a booster. There should be no spasmodic effort, but a continuous time forward all should take the subject up and join in taking advantage of the opportunity to advertise this city in the eyes of the thousands of outsiders who will be here."

"It is probable that in a few days the matter of selecting a hostess will come before the City Council and Chamber of Commerce and a number of names will doubtless be suggested from which to make a choice. The hostess will appoint her own assistants."

Mayor Daggett and Mr. Goodall will confer tomorrow on the appointment of a hostess.

ROBB SEEKS INFORMATION.

U. S. Assistant Attorney - General Asks Questions in Salem.

SALEM, Or., May 26.—(Special.)—The visit of United States Assistant Attorney-General Charles H. Robb to Salem yesterday has attracted much attention upon those interested in the appointment of a successor to the late Judge Bellingher. So far as can be learned, Mr. Robb gave no indication whatever of his opinion concerning the qualifications of the candidates for the position and did not make known the opinions he has secured from others. He evidently came seeking the opinions of others, for he called upon persons who are not candidates as well as upon those who are, and asked all sorts of questions concerning the various men who are mentioned for the position. He sought information from Democrats as well as Republicans. Governor Chamberlain and Ex-Governor Lord were among the prominent men who were asked for information.

Mr. Robb had a complete list of the men whose names have been mentioned for the vacant seat on the Federal bench, and it is said that when he interviewed various men he asked concerning each candidate such specific questions which would bring out their qualifications or disqualifications for the position.

THINK FREIGHT IS TOO HIGH

Oregon City Merchants Plan Independent Line of Steamers.

OREGON CITY, Or., May 25.—(Special.)—Alleged excessive freight rates charged required of local merchants, has resulted in the appointment by the Oregon City Board of Trade of a committee of five members to investigate the feasibility of building a public wharf at Oregon City and operating an independent line of river steamers. The committee is composed of Frank Bush, W. Harris, A. Knapp, A. Robertson, E. E. Brodies, C. E. Muntley and L. Adams. Since only 25 cents per 100 is the prevailing uniform charge for transporting freight to this city from Portland, it is not exactly clear why many where there are any grounds of complaint against the various transportation companies.

The division will reach Saigon in November, where it will join a similar division sent last year, thus largely augmenting the naval strength of France in the Far East.
