BIG PARADE FOR JULY 5

Employing Teamsters Say That Hundreds of Men Have Been Secured to Take the Places of the Strikers.

CHICAGO, May 28.-Nothing developed today that would indicate an immediate settlement of the teamster strike, which has been in progress for nearly two menths. That the labor unions are of the belief that the fight will be a long one was demonstrated a the meeting of the Chicago Federation of Labor today, when arrangements were made for holdwhen arrangements were made for holding a strike demonstration July 5. According to the present plans it is the intention to hold a monster parade of the strikers and the affiliated unions unless the controversy has been ended before

At the meeting today each union af-fillated with the central body was rep-resented by three delegates at the request of President Dold. The strike situation was discussed in all its details and the sentiment of the meeting was that the teamsters should continue the fight until the serve express commonly. the seven express companies she fer some sort of a compromise. He said in part: "I sat in my study and endeavored to recall the names, names of the 64 dead of our regiment, without referring to the records, and to my chagrin I could only name 28. I doubt if any one could name a larger number. It is well for us to have a day of memorial, lest we forget the great sacrifice our comrades made. While we stand by the graves of the Nation's dead there ought to be in our hearts a revival of real patriotism. Patriotism is the devotion of one's self to the Nation's real welfare. The patriot is the relentless foe of whatever threatens the state." threatens the state."
One of the features of the musical programme was the singing of the military call, "Taps," by the choir.

Summer Post and Summer Women's Relief Corps, G. A. R., marched last evening to Centenary M. E. Church to hear the patriotic sermon by Rev. W. H. Heppe, D. D. The church was ap-propriately decorated. Excellent special music was rendered by the choir. Dr. Heppe said that the appeal to free-dom was the loftlest to the numan heart, and liberty had been the Inspiration of the orator, the poet and the singer. All the priceless possessions of the race had been purchased with sacrifice, and the civil and intellectual and religious freedom and hope of the age are the result of moral courage and suffering of past ages. Dr. Heppe declared with force that in the Civil War no greater sacrifices were ever made, that more glowing patriotism never burned in the hearts of soldiers. never burned in the hearts of soldiers, and that the country shall never be able to calculate the sufferings and sacrifices, and the tremendous cost that gave us this free hand and pre-served impaired the liberties we enjoy.

Colonel Edwards, administrative officer of the canal commission, addressed an inquiry to Secretary Drake, of the Pan-ama Railroad Company, intended to elicit information on this point. He received a reply which in substance is that the price for steel rails in the United States for the past 12 months has been uniform at \$25 per ton, while in foreign markets the price was \$24 per ton. The exceptions were where rails were sold in the United States for export, when the prices were established by direct negotiation and were

matters of private record. The Pansma Railroad Company con-vinced the manufacturers that its rails were purchased for export to foreign territory (which, Mr. Drake says, Colon is), and was able to get in June last 70-pound rails for \$22.75 for first quality and \$21.75 for second quality. Last January it bought 1200 tons at \$25 for first-class and \$24 for second-class and more recently purchased 2500 tons for the canal commission and 2500 for the railroad at \$28.45, all three contracts being made in com-petition with foreign affairs, whose list price was \$25 for f. o. b. at New York, or \$27.75 c. i. f. at Colon, exclusive of wharfage and port charges.

### Learn The Truth.

Prom the pure fountain of nature flows the stream of energy and health, which renews and invigorates our race. In every period of the world's progress men have received their greatest strength and inspiration direct from nature. It is the greatest teacher and developer of mankind. Not only do we get inspiration from nature, but health as well. To live in the open, in the sunshine, in the fields or woods, drinking pure air into the lungs, is best for those who have the opportunity. For people who are run-down, nervous, suffering from occasional indigestion or dyspepsia, headaches, night-sweats, whose machinery has become worn, it becomes necessary to turn to some tonic or strengthener which will help them to get on their feet and put the body into its proper condition. For centuries it has been known that nature's most valuable health-giving agents are found in plants been known that nature's most valuable health-giving agents are found in plants and roots. Some forty years ago Dr. R. V. Pierce, consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from roots taken from the fields and woods and making into a discription activation. making into an alterative extract produced results in the system which was satisfactory in almost every case of blood disorder and stomach trouble. This concentrated extract of nature's vitality purifies the blood by putting the stomach into healthy condition, helping the as-similation of food which feeds the blood into healthy condition, helping the assimilation of food which feeds the blood and arousing the liver into activity. Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood. Dr. Pierce's Golden Medical Discovery makes pure, rich blood, and thereby all the organs of the body are run smoothly, like the machinery which runs in oil. In this way you feel clean, strong and strenuous—you feel braced up, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are lasting. The trouble with most tonics and mediciues which have a large sale for a short time is that they are largely composed of alcohol holding the drugs in solution. This alcohol fairly shrinks up the red blood corpuscles, and so one may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Every bottle of Dr. Pierce's Golden Medical Discovery bears the stamp of public approval. For the druggist to offer you something he time being, yet in the end weakened and with vitality decreased. Every bottle of Dr. Pierce's Golden Medical Discovery bears the stamp of public approval. For the druggist to offer you something he claims is "just as good" is to insult your intelligence. What you want is a remedy without alcohol, and one which has stood the test of time.
