Disharment proceedings against Atforney H. C. Eastham, of Baker City, whose conduct, though not approved by the Supreme Court, is held not to be such as makes him unworthy of the confidence of a citent.

SALEM, Or. May 29.—(Special.)—The Supreme Court today denied the petition for renearing in the Norman Williams murder case, and the mandate affirming the judgment of death will be transmitted to the Clerk of the Curcuit Court in Wasco County, At the convenience of the trial Judge, Williams will be resentenced lie will be hanged at The Dalles, his crime having been commit-ted prior to the passage of the act authorizing hangings at the penitentiary. An effort may be made to secure commutation of sentence for Williams on the ground that there was no conciusive evidence of the death of Alma Nesbitt, whom Williams was found to

#### Lawyer Eastham Is Cleared.

The Supreme Court also dismissed the disbarment proceedings brought some time ago against H. C. Eastham, an attorney at Baker City. The charge against Eastham was that he was em-ployed by Mrs. H. F. Currey to examine the title to certain lands that had been sold under foreclosure proceedings, she having in view the purchase of the Sheriffs certificate of sale, and to ad-vise her whether any liens by way of udgment or otherwise existed affecting them, not precluded by the foreclosure; that he examined the title and advised her that there were no such liens and that, relying thereon, she completed the purchase; that, notwithstanding his advice, there existed a judgment lien against the premises of which Eastham and heaviers. had knowledge, which judgment he subsequently purchased, and by taking an assignment in the name of anothe toreatened execution and compelled hor to pay a sum largely in excess of the unt paid for the same.

These charges having been preferred, the Supreme Court had testimony taken regarding the same, and upon a review of that testimony the charges are dis-missed. The Supreme Court concludes from the evidence that Eastham was employed by Dr. H. E. Currey, and not by his wife; that by lack of dili-gence or by oversight, he failed to find the Judgment and erroneously, not will-fully, advised his client with reference to the title; that he learned of the Judg-ment later from outside sources and bought it, intending to let Mrs. Currey have it at cost, but Dr. Currey, having made false and scandalous reports about him, alleged to have been based feared will let go. Some cupon information obtained through pro-fessional employment as a physician. Summer for a higher figure. and at the same time demanded an exorbitant sum for his services, Eastham used the judgment to induce Currey to

His conduct was not such as renders him unworthy of that confidence and trust that should attend the relation of attorney and client." The opinion was written per curiam.

Diarrhoea.

Like many other dangerous maladies, diarrhoea often comes on unexpectedly and scarcely before the patient is aware of it a serious disorder has developed. During the warm weather, attacks of this kind are very frequent and are often so swift in their results that life is in danger before a physician can be summoned. Every man who has the interests of his family at heart should keep a reliable remedy in his home for immediate use in cases of this kind. Chamberlain's Colic. Cholera and Diarrhoea Remedy is, without doubt, the best medicine prepared for diarrhoea. It should be given, if possible, at the first unusual looseness of the bowels and the attack may be avoided. Advanced stages, however, are successfully treated, and even in the most savere and dangerous cases, it has never been known to fail. For sale by all druggists.

glands and pores of the skin which set the flesh aflame. Since the cause of the disease is in the blood it is a waste of time to try to cure it with local applications; the cause must be removed before a cure can be effected. S. S. S. has no equal as a remedy for Eczema; it enters the blood and forces out the poison through the natural channels, and builds up the entire system. The skin becomes smooth and soft again, and the Eczema is
