Officers of the Fourteenth Guests of the Commercial Club.

One of the most enjoyable affairs of the season was the formal reception given by the Commercial Club last night to the officers of the Fourteenth Infantry, now stationed at Vancouver Barracks.

The main idea of the reception was to make the officers feel at home in connection with the surroundings incident to their new station, and upon this basis alone the welcome was a decided success. Several of the officers of the Fourteenth were here with the regiment at the outbreak of the Spanish War, and went with it to the Philippines, where it saw extenit to the Philippines, where it saw exten-sive service, being one of the first regi-ments to land on the islands.

members of the club last night, and the cordiality of their greeting to the officers removed any doubt that might have existed in the minds of the latter relative to the hospitality of the people of Portland, and the deep regard in which the regiment is held in popular esteem.

One of the most distinguished figures at last evening's reception was General Thomas M. Anderson, the old commander of the regiment, who was stationed with it at Vancouver Barracks originally in 1856, and who was in command when it went to the Philippines. Banks Disagree as to the Best Security.

# FOR FUNDS OF CITY BABY'S AWFUL **ITCHING ECZEMA**

Sores All Over Face and Body -Could Not Tell What She Looked Like - Unable to Sleep - Grew Worse Under Doctors.

CURED BY CUTICURA IN ONE MONTH

A grateful mother, in the following letter, tells of another of those marvelous cures by Cuticura: "When my baby was four months old her skin broke out with a humor. I took her to a doctor, who said it was eczema. He gave me medicine to give her, but she kept getting worse all the time. Her little face and body were so covered with sores and large scales you could not tell what she looked like. No child ever had a worse case. Her face was being eaten away, and even her finger nails fell off. Then it itched so she could not sleep, and for many weary nights we could get no rest. At last we got Cuticura Soap and Ointment, first bathing her in warm water with the Soap, and then spreading on the Ointment with soft cloths. I saw a change in a week. The sores beyan to heal in a week. The sores began to heal, and she could sleep at night, and in one month she had not one sore on her face or body. Any mother having children with exeema or humors will find a friend in Cuticura Soap and Cintment (signed) Mrs. Many and Ointment. (signed) Mrs. Mary Sanders, 709 Spring St., Camden, N. J., Aug. 14, 1904."

The foregoing statement justifies the oft-repeated assertion that Cuticura Soap and Ointment afford instant relief, and permit sleep for baby and rest for tired mothers, and points to a speedy, permanent, and economical cure, when all else fails, in the most torturing, disfiguring, itching, burn-ing, bleeding, scaly, crusted, and pimply skin, and scalp humors.
