

OREGON CITIES AT EXPOSITION

Newberg, Dayton and Dallas Are the Three Guests of Honor.

PLEASING EXERCISES HELD

McMinnville, Hillsboro and Forest Grove Will Unite to Visit the Lewis and Clark Centennial Fair Today.

TWO WEEKS IN OREGON CITIES.

Each day for the next two weeks from two to four Oregon cities will participate in the Lewis and Clark Exposition. Each city will be represented by special delegations, and exercises will be held at the fair grounds. The Exposition management has planned to extend a hearty welcome to these visitors and every advantage will be afforded them for seeing the Exposition. The first three cities participated successfully yesterday, and three more delegations will be the guests of honor today. Yesterday's guests were Newberg, Dayton and Dallas; today's are McMinnville, Hillsboro and Forest Grove.

Dallas, Dayton and Newberg, three of the most enterprising and most prosperous municipalities of Oregon, held the center of the stage at the Exposition yesterday. It was a busy day for the delegations, numbering several hundred people. Arriving in the city at an early hour, nearly all went directly to the Exposition grounds and did not leave them again until late at night.

At 11 o'clock in the morning appropriate exercises were held jointly by the three delegations in the Oregon building. Here they were met by President Jefferson Myers, of the State Commission, and President H. W. Goode, of the Exposition, who welcomed them to the fair. The Administration Band was present and added to the pleasure of the occasion with good music. At the opening of the meeting, Mayor Jesse Edwards, of Newberg, was named as chairman of the meeting. He called the assembly to order and was formally presented to Mr. Goode, who extended the freedom of the grounds to the delegates and all their friends. Mr. Myers, who was next introduced, assured the visitors that the doors of the Oregon building were open to them at all times, and that they were to consider the place as belonging to them. Representatives of the three cities then had an inning, and gave descriptions of the advantages of their respective towns.

Talk on Oregon Cities.

Mayor E. Biddle, of Dallas, was the first called upon, and he eulogized his prosperous town briefly, expressing the hope that all home-seekers would investigate that locality before deciding upon a location. Mayor Biddle was followed by R. L. Harris, on behalf of Dayton. Mr. Harris paid a high tribute to his city, saying it is leaving nothing undone in the effort to keep in step with the march of progress.

"Dayton rejoices with the people of the great city," he said, "in the consummation of their hopes and desires to commemorate fittingly the achievements of Lewis and Clark. May this Exposition result in all the good for the Northwest hoped for by its most ardent friends. May it carry to the world the message that here in the boundless West there are possibilities of material development that will ultimately make this country, where roils the Oregon, an empire within itself."

Mayor Edwards, of Newberg, next responded and painted a bright word-picture of that thriving town. "Our advantages are without limit," he said, "to know what we have, you must come and see for yourself. The strongest words can but give the faintest idea of the possibilities of our locality. When you come, you will find an acre of land that has netted the owner \$400 in strawberries this season. This is only one illustration among many. If you want a good home, do not overlook Newberg in the search."

Sight-Seeing Expeditions.

The exercises were concluded with music by the band, and the assembly then scattered about on an Exposition-seeing

WASHINGTON AGRICULTURAL COLLEGE CADETS LEAVING PORTLAND.

expedition. Tired groups returned now and then to the Oregon building to rest, and everything possible was done to make their visits to that place pleasant. The hostesses of the day were Mrs. Jesse Edwards, of Newberg, and Mrs. W. F. Gilkey, of Dayton.

Today's guests of honor, McMinnville, Hillsboro and Forest Grove, promise to send delegations that will number considerably more than a thousand people. In Forest Grove an understanding has been reached in business circles whereby

EXPOSITION ATTENDANCE 9788.

Slightly better weather conditions prevailed yesterday and the crowd at the fair grounds was in consequence larger than that of Sunday, the turnstile readings footing up to 9788.

All stores will be closed. The three cities will really come as one delegation, and the day might properly be termed Washington County day, as many outlying settlements will participate.

There will be a reception at 1 P. M. in the Oregon building, given by the ladies of the Lewis and Clark Club of Wash-

OLYMPIA HOSTESS AT THE WASHINGTON BUILDING.

Mrs. A. H. Chambers.

ton County. At 2 o'clock the meeting of the day will be held in the Auditorium, where music will be furnished by the Innes Band. The following program has been arranged:

Overture, Innes Band; addresses of welcome, Exposition officials; address, "Washington County," W. K. Newell;

piano solo, Miss Wilma Hagerty; address, "Hillsboro," Mayor Cornelius; address, W. N. Barrett; vocal solo, Mrs. Frank Chapman; address, "Forest Grove," Judge Hollis; address, Professor J. R. Robertson; overture, Innes Band.

Gray's Harbor Days Changed.

ABERDEEN, Wash., June 5.—(Special.)—Through a mix-up of dates, due, it is alleged, to the fair management, Gray's Harbor days, scheduled for June 7, 8 and 9, have been abandoned by the hostess, Mrs. Walter Crane. The Gray's Harbor days were originally the first days of June, which were given up to Bellingham, but Bellingham's days being extended into the Gray's Harbor days there was confusion and consequent wiring to Portland from this city, with the result that answer came too late to complete arrangements and it was decided to abandon the reception for the present.

It is planned, if the Washington building may be secured, to have a reception day for Gray's Harbor June 8, when the industrial programme is planned for. There was a meeting in Bellingham tonight to arrange for the industrial programme.

Editor Admires Forestry Building.

Joe Mitchell Chapple, the proprietor of the National Magazine, was among the Exposition visitors yesterday. Mr. Chapple reached Portland on a morning train, and in company with Mrs. Chapple spent most of the day looking over the fair. The Exposition aroused his enthusiasm the moment he entered the grounds, and, as he expressed it himself, he did not stop going until he was run down. The forestry building, in particular, attracted his admiration, and he termed it "Longfellow's Temple of the Woods." Mr. and Mrs. Chapple will remain in the city until Thursday.

Assistants to Oregon City Hostess.

OREGON CITY, Or., June 5.—(Special.)—Mrs. Laura E. Pope, hostess for Oregon City day, Saturday, June 10, at the Lewis and Clark Fair, today announced her assistants as follows: Mrs. E. A. Sommer, Mrs. G. A. Harding, Mrs. W. E. Pratt, Mrs. C. H. Cusfield, Mrs. Eva Emery Dye, Mrs. C. D. Latourette, Mrs. John W. Meldrum, Mrs. J. W. Norris, Mrs. C. G. Huntley, Mrs. J. E. Helges, Mrs. P. K. Hammond, Miss Holmes, Kelly, Cochran, McBride, Pope, Pratt, Draper, Harding, Williams, Lewthwaite, Cusfield and Finley.

Carnations in Their Buttonholes.

FOREST GROVE, Or., June 5.—(Special.)—Each person who goes to the Lewis and Clark Fair from Forest Grove tomorrow, on the occasion of Washington County day, will wear a carnation. The manager of the local condensed-milk company will furnish the flowers, which will be typical of the city's leading industry, the manufacture of Carnation Cream. It is estimated that fully 40 people will go from Forest Grove, in spite of the bad weather. A special train will leave here at 7 A. M.

CUT ONE WAY RATE

Passenger Association May Decide to Do So.

INEQUALITY NOW EXISTS

At Present the Single Fare From the Missouri River Exceeds the Round-Trip Fare Made to Portland.

From indications it is the intention of the Transcontinental Passenger Association to add still further to the concessions already granted to the Lewis and Clark Fair.

At the opening session of the quarterly meeting which is being held in the parlors of the Hotel Portland, a proposition was made yesterday morning to make a low one-way rate to the city from Missouri River and common points of \$1.50 less than the present round trip fare. Up to this time the one-way rate has been higher than the round-trip fare from Chicago, St. Paul, Duluth, Superior and Minneapolis to Portland, and it is to remedy this inequality that the change has been offered. While the new rate has not been as yet authorized, it is expected that it will be ordered before the adjournment of the meeting. If the change is made it will mean a horizontal reduction of about \$7.50 from the present rates in effect.

A rate was made for the Utah State Teachers' convention which is to meet in Los Angeles January next. It was provided that the rate between Salt Lake and Los Angeles both ways over the San Pedro line would be \$5. Going by the Southern Pacific and returning over the San Pedro line, or vice versa, the rate will be \$4. The time limit of the tickets will be 30 days.

The rate for the eighth annual conven-

tion of the American Mining Congress at El Paso, November 14 to 18, was fixed at \$70 from Portland for the round-trip.

The rate for the National Association of Local Fire Insurance Agents to be held at Denver was fixed from North Coast points at \$10 higher than the lowest one-way first-class fare. The dates of sale will be August 10, 11, 12 and 13, with a time limit of 30 days on the tickets.

For the Supreme Session of the Foresters of America, to be held at Buffalo on August 20, a rate was fixed at \$10 higher than the lowest first-class fare rate to the Eastern terminals at the Missouri River. The date of sale will be August 15 and 16, with a 30-day return limit.

The rates for the annual convention of the Brotherhood of St. Andrews at Chicago, September 21-24, were fixed at an increase of \$10 above the regular one-way first-class rate. The selling dates will be September 7, 8, 9, 10, 11, 12 and 13. The National Firemen's Association, to meet in Kansas City August 25-31, was given a rate of the regular one-way first-class fare plus \$10. The time limit will be 30 days.

The American Seed Trade Association, to meet at Alexandria Bay, New York, on June 20-22, will fix its rates from the Eastern Association. The delegates from the Northwest will pay the regular fare to Chicago, St. Louis, St. Paul and Missouri River points, and from there will rebuy at the rates made by the Eastern roads.

The association will be in convention for a couple of days longer before it will be able to clean up the docket upon which it is working.

Missouri Artists Will Exhibit.

A special gallery in which to display the work of Missouri artists is being constructed in the rear of the Missouri building and will be ready for occupancy by the end of the week. The exhibit will be made under the auspices of the St. Louis Artists' Guild, and the president of the guild, G. J. Zolnay, has been named to take charge. The art collection will include representative work in oil, black and white and other mediums.

FIRST ALASKAN EXCURSION.

Do you know that the first Alaska excursion, season 1905, leaves Tacoma and Seattle on the palatial excursion steamer "Spokane" June 27? This voyage reaches Alaska during the longest days of the year, 24 hours of sunshine, and the most favorable weather. A most delightful and instructive vacation trip. Inquire at Pacific Coast Steamship Co.'s Ticket Office, 26 Washington street.

GUNS FOR GOVERNOR

McCulloch Salutes Executive of California.

OFFICIAL VISIT IS PAID

Pardee and His Staff Board the Revenue-Cutter and the River Front Echoes With the Noise of Ship's Cannon.

For the first time for several years a Governor paid an official visit to a Government vessel lying in the harbor. Yesterday at 11 o'clock Governor Pardee, of California, and his staff boarded the revenue cutter Hugh McCulloch.

The waterfront hasn't heard a salute of 17 guns for so long that the noise of the six-pounders attracted much attention. The cars stopped on the bridges, for both the Burnside and the Morrison-street bridges were lined with crowds.

The Governor and his staff boarded three of the McCulloch's boats at the foot of Stark street. At the vessel's side the boats stopped, and the salute to which a Governor is entitled was fired. The officers in full dress stood at the gangway with the crew at muster. Captain J. C. Cantwell received the distinguished visitors on board, where they were entertained for an hour.

The crew of the McCulloch drew many admiring eyes while they marched by in the parade Thursday, but on the water the deck they had a better chance to show themselves. The visitors were: Governor Pardee, wife and daughter; Adjutant-General Lauck, Lieutenant-Colonel Wienecke and Oler, Captain Lankershim, Commander Louis, Lieutenant-Colonel Minor, Colonel Crowley, Mrs. Colonel Phip-

NO MORE HEADACHE

GENERAL WEAKNESS AND FEVER DISAPPEAR TOO.

How a Woman Was Freed from Troubles That Had Made Life Wretched for Many Years.

The immediate causes of headaches vary, but most of them come from poor or poisoned blood. In anemia the blood is scanty or thin; the nerves are imperfectly nourished and pain is the way in which they express their weakness. In colds the blood absorbs poison from the mucous surfaces, and the poison irritates the nerves and produces pain. In rheumatism, malaria and the grip, the poison in the blood produces like discomfort. In indigestion the gases from the impure matter kept in the system affect the blood in the same way.

The ordinary headache-cures at best give only temporary relief. They deaden the pain but do not drive the poison out of the blood. Dr. Williams' Pink Pills on the contrary thoroughly renew the blood and the pain disappears permanently. Women in particular have found these pills an unfailing relief in headaches caused by anemia.

Miss Stella Blocker recently said: "Dr. Williams' Pink Pills did me a great deal of good. I had headache nearly all the time. After I had taken three boxes of these pills I became entirely well."

"How long had you suffered?" she was asked.

"For several years. I can't tell the exact date when my illness began for it came on by slow degrees. I had been going down hill for many years."

"Did you have any other ailments?"

"I was very weak and sometimes I had fever. My liver and kidneys were affected as well as my head."

"How did you come to take the remedy that cured you?"

"I saw in a southern newspaper a statement of some person who was cured of a like trouble by Dr. Williams' Pink Pills. My physician hadn't done me any good, so I bought a box of these pills. After I had taken one box I felt so much better that I kept on until I became entirely well."

Miss Blocker's home is at Leander, Louisiana. Dr. Williams' Pink Pills are sold by all druggists. Besides headache they cure neuralgia, sciatica, nervous prostration, partial paralysis and rheumatism.

py, the Misses Pippy, Mrs. Captain Humphrey, Mrs. Diebold and Miss Fritz. Visitors will be welcomed on the McCulloch from 10 A. M. to 5 P. M. Boats leave the foot of Stark street.

Accompanied by his staff, Governor Pardee took the train for California last night. As he expects to return before the end of the month, Mrs. Pardee remains in Portland.

It is probable that Governor Chamberlain will also pay a visit to the McCulloch before long.

Arraigned for Liquor Selling.

William Grimes indicted by the grand jury for violating the prohibition law by selling liquor in his hotel at Montevilla, was arraigned before Judge Cleland yesterday, and was granted time until Wednesday to plead. Grimes upon hearing of the indictment came to the Courthouse and surrendered himself, and he was subsequently released on bail.

C. GEE WO

The Great Chinese Doctor

Is called great because his wonderful cures are so well known throughout the United States and because so many people are thankful to him for saving their lives from disease and death.

He treats any and all diseases with powerful Chinese herbs, roots, barks and vegetables that are entirely safe to medical science in this country.

and through the use of these harmless remedies he has cured over 500 different diseases. He has successfully used in different diseases, such as: catarrh, asthma, lung troubles, rheumatism, nervousness, stomach troubles, female trouble and all such. Hundreds of testimonials, private diseases. Hundreds of testimonials, private diseases. Hundreds of testimonials, private diseases.

PIONEER HISTORIAN ON THE BACKTRAIL

EZRA MEEKER, DRIVING BUCK AND DANDY, HITCHED TO A PRAIRIE SCHOONER.

CHEWALAH, Wash., June 5.—(Special.)—Ezra Meeker, who has been camped at Chewah for the last few days, on the way from Olympia to the Lewis and Clark Fair at Portland, driving "Buck and Dandy," hitched to a prairie schooner, resumed his travel yesterday morning and camped last night on Jackson Prairie, at the site of the first Courthouse in Lewis County. The next day's journey will take him to Toledo, from which point he probably will embark on a steamer with his outfit and conclude the trip to Portland by water.

Mr. Meeker is retracing the journey which he made from Portland to Puget Sound in 1833. The road over which he then passed from Chewah leading to Chewah was known as the mud road, and was used to transport the same route, which he is traveling today and tomorrow, is an improved road, planked part of the way, the remainder being rock and gravel.

Mr. Meeker has a photographer with him, who is taking pictures of the various points of interest on the route. At Chewah his most interesting picture was that of the original home of Judge McFadden. On Jackson Prairie he expects to obtain a view of the remains of the old Courthouse, where John R. Jackson, the pioneer, lived. He has met a number of the early settlers of the 50s during his Journey from Olympia and expects to attend the meeting of the Oregon Pioneer Association in Portland June 19 and devote considerable time to seeing the fair.

THE LAXATIVE OF KNOWN QUALITY

There are two classes of remedies: those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

There are two classes of purchasers: those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy.

To the credit of the druggists of the United States be it said that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer imitations of the

Genuine—Syrup of Figs

manufactured by the California Fig Syrup Co., and in order to buy the genuine article and to get its beneficial effects, one has only to note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package. Price, 50c per bottle. One size only.
