At the Chamber of Commerce reception the Knights of Columbus tonight, which was attended by thousands of the visiting members of the order, Supreme Knight Edward L. Hearn made the principal address on behalf of the order.

"Gentlemen: We are proud of the Knights of Columbus. The whole country must be proud of an order that is a factor for good and promises nothing which it does not fulfill. It is true we are limited for membership to adherents of the Catholic faith, but this is the highest guarantee of our loyalty and patriotism.

"We love our faith as we love our country and we love our order. We follow our church, even unto death. We are proud of the Stars and Stripes. We glory in the banner of the cross. There is nothing in either that excites in itself nor should the one be set up against the other."

MEDICAL EXAMINER

Of the United States Treasury Recommends Pe-ru-na.

Prominent Physicians Endorse Pe-ru-na.

DR. LLEWELLYN JORDAN, Medical Examiner of the United States Treasury Department, graduates from Columbia College, and who served three years at West Point, has the following to say of Peru-na:

"Allow me to express my gratitude to you for the benefit derived from your wonderful remedy. One short month has brought forth a vast change and I now consider myself a well man after months of suffering.

"Regular physicians do not, as a rule, endorse patent medicines. I have, however, found in my practice that Peru-na is a notable exception and as well as all like any other medicine generally sold as 'patent medicine.'

"It is a specific for catarrh of the head, lungs or stomach, a fine remedy for female troubles, and invaluable to mothers and children.

"It is a high class family remedy, good for young and old."—A. Morgan. Peru-na occupies a unique position in medical science. It is the only internal systemic catarrh remedy known to the medical profession today.
