Zemstvo Congress Demands Zemsky Sobor.

### TO ACT ON PEACE TERMS

In Defiance of Trepoff, Congress Meets in Private House to Declare Nation's Will-Wires to Capital City.

MOSCOW, June 6.-The All-Eussian Zemstvo Congress, the delegates to which included the Mayors of 5 of the largest cities in Bussia, met today, notwith-standing government prohibition, and resolved with practical unanimity to demand the convocation of a Zemsky Sober and the submission to it of the question of eace or war. The morning

orning and afternoon sessions of the congress were held without interfer-ence on the part of the authorities, although the afternoon session, which as-sembled in an open hall, had to be ad-journed to a private house, because of a crewd of auditors present, the president of the congress stating that he was as-sured the police would interfere unless the meeting should be held behind closed Practically all the delegates are in fa-

tor of peace, the minority wishing a Zem-sky Sobor called for the sole purpose of acting on this question. The sessions of the congress will be continued tonight.

The Slove asks:

Is it possible that the convocation of a popular assembly will be delayed, and that a new and heavier police regime will be used to stife the people's protent? For the government to attempt to rule through the police alone will spell ruln and inevitable consequences—a popular revelt, bloody strife and civil war. Possibly this to give a popular revelt.
