LOS ANGELES, June &-(Special.)-What the Portlands didn't do to Looloo pitchers today couldn't be put in a big book. They grabbed three doubles and a single off Haum in the first two innings, and when Hall replaced him in the third, Portland never found it out, and they hit another double and three singles before they got tired. Then, after a good west, they opened up again in the ninth with two more doubles and three singles. It was the hardest hitting game seen here for a long time, and tells in a few words for a long time, and tells in a few words why Portland won. The Looloos had a hard time with Es-

sick. In the first inning four singles, a sacrifice, two steals and errors by Ata and McCredle made the only four runs the Looloos got. There were no features, but the game was exciting on account of hittings. The score:

Portland Academy Players Spring a Surprise.

SCORE IS FOUR TO THREE

This Game Ties High School and Hill Academy for the First Place and Makes Another

Game Necessary.

The Portland Academy surprised its suporters yesterday by defeating the Hill Military Academy by a score of 4 to 3. It only happened, it would appear from the game, because the boys got a lead and thought they might as well win. Being out of the running for the pennant, they have been favoring Hill, and really did not care to win today, but Reed pitched them into victory anyway. Hill took a run in the first inning, and

the Academy was ready to lie down and let the game go, but in the third it took a winning streak, and in a desultory sort of way kept it up. Marsten, who went to first on a safe sit, went to third on Higgins' out, and home on Holmes' bad throw. Then M. Myers knocked a two-bagger, and Troy sayers and Rogers, on third and second, came home.

hird and second, came nome. Marsten's wild throw home with the bases full in the sixth almost did for the Academy, but Higgins sprinted for the ball and only two men came in. That left the score tied. Houston's two-bagger in the eighth brought the winning run. Moreland sac-rificed him to third, and McPherson

brought him in, Hill had a slim chance of tying the score in the ninth, with the tail-end of the batting list, but with two men out Clifford hit safe. Reed, however, famed Fulton, and the game was up. Score:

French's arm would keep him out of the game for a long time. McCredie had Corbett all ready to start to Portland, but some one "butted" in and the pitcher refused to come. When Manager McCredin found his deal blocked he wrote a letter to Corbett, explaining that he wanted his serv-ices. Another red-hot letter was sent to Manager Kelley, who is a personal friend of McCredle's, and the result was that the local magnate bought the pitcher out-

right.

MITCHELL TALKS OF FIGHTING

Expect Easy Victory Over Sullivan and Believes in Britt.

NEW YORK, June &-Charley Mitchell, NEW TORK, June 8.—Charley Mitchell, the ex-heavy-weight champion puglist of England, arrived in the city, and is occupying his old quarters at the Delavan Hotel. Mitchell has nothing but praise for California and the Native Sons for the right royal manner in which he was treated by everyone on the Pacific Coast. treated by everyone on the Pacific Coast, Before returning East, Mitchell visited the Fuget Sound country, taking in Seat-tie and Vancouver. He was very much surprised at the wonderful progress that has been made in recent years in the Northwest, and predicts great things for Portlant, Or., Seattle, and other towns in the State of Washington.

In speaking of the Britt-White contest wherein the native son was awarded the decision in 20 rounds, less 20 seconds, he thought Jabez did not do himself justice, and believed he could do better if he would reconcile himself to his surroundings, forget home and family for the time being, and only think of beating his opponent. Mitchell thinks well of Britt as a nent. Mitchell thinks well of Britt as a fighter, and says that the East has him underrated. Britt will come pretty near carrying off the long end of the money against any one he engages in a contest with, was the way Charley put it.

As for his bout with Sullivan, Mitchell feels that the big fellow is on the level in his desire for a match. He does not believe that John L. would have one chance in a hundred to beat him, but says that there are thousands of people in that country who honestly believe that Sullivan can still fight, and would back

Sullivan can still fight, and would back him in a go with Mitchell. "Of course," said Charley, "they know nothing about Sullivan's physical condition, and are going entirely on what the big fellow tells ing entirely on what the big fellow tells them. So far as I am concerned, I think it would be a shame to wallop him, and, besides, I would consider it dangerous to hit him a hard blow on account of the had condition of his heart. Sullivan's heart must be in a wretched condition, and it doesn't require much of a blow to south a man out when he is in that shape."

Gillette Sales Co. Highly Incensed at Woodard, Clarke & Co. for Selling Safety Razor at Cut Price.

The following excerpts from a letter from the Gillette Sales Co., New York and Chicago, are self-explanatory:

GILLETTE SALES COMPANY

NEW YORK, U. S. A., May 26, '05. F

Messrs. Woodard, Clarke & Co., Portland, Or .-

Gentlemen-We are in possession of an advertisement in a daily paper of your city in which you announce that you will sell Gillette Safety Razors at \$4.49. (What will they think when they see this

Upon the subject of price maintenance, it has been, and still is, the policy of this company to maintain prices (sic!), and it has been a matter of deep gratification to us that this policy has been approved

by practically all of the dealers and jobbers throughout the country. The Gillette Safety Razor is of sufficient merit to warrant the retail price of \$5.00, and the margin of profit is not sufficient to justify the dealer in selling at less than this price.

It has been and continues to be our practice to refuse to sell to any dealer who declines to maintain prices, and also to notify the wholesalers and jobbers not to sell to retailers who sell at less than this price. It is our intention to send out our goods with notice attached, to the effect that the razor is a patented article; the price is fixed by the manufacturer and patentee at \$5.00, and that any one selling at less price will be treated as an infringer, and will be proceeded against by an injunction for damages. (Six Sics!!!!!!)

We trust you will see your way clear to accept our views on this question. Very truly yours, GILLETTE SALES COMPANY, By Thomas W. Pelham, Vice-President.

The \$4.49, price mentioned, was merely one of the first

reductions made. Before today we have sold these razors on special sales as low as \$3.67. We have an ample and abundant supply of Gillette Safety Razors—a sufficient stock to assure that the \$5 price for this article is permanently dead so far as Port-

land is concerned. A wake will be held over this high price today, at which the razor can be bought for \$3.59. The public is invited to the obsequies.

Note the price, reduced from \$5 to
