BERLIN, June 11 -- Dr. Rosen, ministerelect to Morocco, has returned from Adia Aba, Abyssinia, where he had gone as a special envoy of Germany to King Menelik for the purpose of concluding a mercial treaty between Abyzsinia and this country. Dr. Rosen's personal estimate of King Menelik, whose language he speaks and whose associate he was for some weeks, is that he is essentially a man of sound morals and excellent principies, even according to the European standard and that in the main he lives up to those principles.

Dr. Rosen says King Meneltk's easy rule over the fedual district kings and chiefs is due to his quick mind and mild, concillatory disposition, supported by occasional severity. He always keep his word, doing what he says he will do, and is just to the traditions of his soun-

### There's a Jubilee in Wash Goods and Domestic Stores

Manager E. J. Oliver, chief of the linens, the pretty wash fabrics and domestics, is wearing "the smile that won't come off" today, and his joy is shared by the cohorts under his command. They may well feel proud of the record they made on the salesbooks last month-a record that brought them the second prize of \$30 in gold offered by the firm for greatest May gains. The only drop of disappointment in the delicious concection of delight they are supping is caused by a mean little 3 per cent which separated them from the first money won by the peerless silk section. However, the boys and girls who divided the spoils didn't allow this to interfere a bit with the pleasure the money brought them in their outings yesterday. And the art shop folk came in for their innings too, carrying off the money ribbon marked third. The domestic section-embracing "tub" fabrics and linens-has enjoyed the greatest season in the history of the store, making a net gain in sales over last May of 84 per cent-a wonderful record of which it may well be proud. And this trig little mercantile boat was never so well manned and equipped as today for making still greater gains as the year advances. Today we offer a stupendous sale of
